FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.
Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto.......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any *other* charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the *Company, on payment of the Bills; and with whom* they shall be authorised to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the *Goods in England*, and when they shall *have* been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the *Bills become due, upon* the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

General Orders by the Right Hon'ble the Governor General of India in Council.

FORT WILLIAM, *27th June,* 1836.

No. 129 of 1836.—His Excellency the Commander in Chief intending to proceed to the Upper Stations of the Army on the Public Service, the Military Details will be carried on during his absence from the Presidency in the following manner:

Reports and Applications in cases of emergency, when delay may be productive of injury or inconvenience to the service or to individuals, are to be forwarded to the Deputy Adjutant General at the Presidency, for the purpose of being submitted to Government through the prescribed and customary Channels; Reports thereof being, at the same time, transmitted to Head Quarters, for the information of the Commander in Chief.

Duplicates of all Monthly Returns of Corps, Detachments, and Departments, are to be regularly transmitted to the Adjutant General's Office at the Presidency, to afford the means for the early preparation of the Returns that are required by the Hon'ble the Court of Directors.

Applications, on Medical Certificate, from Officers, to proceed to Europe, or to Sea, for the recovery of their health, are in all cases, to be forwarded by the Officers, after their arrival at the Presidency, to the Deputy Adjutant General, who through the Military Secretary to Government, will lay them before the Right Hon'ble the Governor General of India in Council; and Commanding Officers of Stations below Allahabad, being satisfied of such urgency, are authorized to permit the Sick Officers to repair to the Presidency, reporting, on the same day, the circumstance to Head Quarters, that the Officers' absence may be regularly sanctioned in General Orders, by the Commander in Chief.

When Officers apply to leave their Station, on Sick Certificate, to proceed to the Presidency, with the view of going to Sea, or to Europe, the necessity of this is to be stated in their Medical Certificate, and distinctly noticed in their applications forwarded to Head Quarters.

Applications from Officers belonging to other Presidencies, who may be temporarily resident in Bengal, are, if the nature of them require it, to be submitted to Government, through the Deputy Adjutant General, to whom, therefore, the Officers will address themselves.

Reports and Applications on all other occasions, are to be transmitted as usual, to the Adjutant General of the Army, at Head Quarters.

Resolutions of Government which require immediate execution, and the communication of which in the usual manner, through the Commander in Chief, may be productive of delay, will be transmitted through the Military Department, to the Deputy Adjutant General of the Army at the Presidency, by whom they will be forwarded to the Officers whom they may concern, and are to be carried into immediate execution: Duplicates of them will, at the same time, be forwarded to the Adjutant General of the Army at Head Quarters, for the information of the Commander in Chief.

One Copy of the General Orders by the Right Hon'ble the Governor General of India in Council, will be forwarded direct to the Adjutant General of the Army, at Head Quarters, and one Copy furnished to the Deputy Adjutant General at the Presidency.

The Commander in Chief is requested to make such arrangements as he may deem most convenient for the circulation to the Army of the General Orders issued by Government, and His Excellency will likewise specify the date from which the above Regulation is to have effect, and to issue such Supplementary Orders for conducting the ordinary duties of the Army, as may appear to him necessary.

NOTICE.

Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 27TH JUNE, 1836.

RESOLUTION.—The opening of the communication between the River Hooghly and the Circular Canal, renders it necessary to adjust the rates of Toll to be levied on Boats passing into the Hooghly through that channel. The principle on which it appears most proper and desirable to frame this adjustment is, to fix an equal rate of Toll on the Transit through the Circular Canal and through Tolly's Nullah, giving to neither of these passages an advantage over the other in respect of Toll, and leaving each to be used, as may be found most convenient, for traffic. The rates of Toll (under the rules of Regulation XVIII. 1806, and Regulation VII. 1810, of the Bengal Code,) which have heretofore been levied on Boats passing through, or entering into, Tolly's Nullah, or the Boitakhana Canal (of which the Circular Canal, now communicating with the Hooghly, is a continuation) vary with the descriptions of articles laden on the Boats. In Tolly's Nullah the rates rise from four annas per 100 maunds on articles of low, to two rupees per 100 maunds, on articles of greater value; and in the Boitakhana Canal they rise similarly, from two annas per 100 maunds to one rupee per 100 maunds. The existence of such a distinction tends to render the rates of collection complicated and to harass the people; since a license, however liable to abuse, must unavoidably be given to the Agents of Collection to search and examine Boats, with a view to prevent fraud in the declaration of the articles laden on them, the Governor General in Council has on these grounds, resolved to substitute generally for the present varying rates, one uniform rate of Toll, to be levied on Boats according to their burden, and without reference to their Cargoes. It has been his wish so to fix this rate, as to avoid any injurious pressure upon consumption, and to secure at the same time, a just return for the public expenditure upon the Canals. He has found, however, that from various causes, it is at present a matter of much difficulty to obtain perfectly accurate and satisfactory information of the nature of the traffic carried on upon Tolly's Nullah or on the Boitakhana or Circular Canals, or of the effects of the existing system of Tolls on that traffic. On the most precise calculation which can now be framed, he sees reason to think that a Toll of one rupee eight annas per 100 maunds burden, and a corresponding sum of annas two per timber, and of annas four per 100 bamboos, may with propriety be fixed as the maximum rate of Toll to be levied for the entire transit to the Hooghly, whether through the Circular Canal, or through Tolly's Nullah. This rate is eight annas less than that to which general articles of traffic are now subject for the passage through Tolly's Nullah. His Lordship in Council has therefore determined to fix this amount by Law, as the maximum rate of Toll,—the Executive Government being of course competent to lower the rate as may be deemed expedient. He has resolved also, to vest in the Executive Government a discretion as to the mode of levying such Toll as may be imposed, not being in excess of the above rate. The levy may thus be made either by one payment, on first entering the Nullah or Canal, or by a payment of half the rate of Toll at the extreme point of either channel, or otherwise, as may be found most convenient and advantageous; it being provided that full public notice of the rate fixed, and of the mode of levy shall be given by the Officers of Government. His Lordship in Council has further deemed it expedient to authorise the Executive Government to place the Superintendence of the Collections, and the general Management of the Canals, under the charge of such Officers as may be most capable of discharging the duty with efficiency. The following draft of a proposed Act is accordingly published for general information:

ACT No. —— OF 1836.

I. It is hereby enacted that from the ——— day of ————— Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said ——— day of ————— the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts, and floats, which shall enter on, or pass out of, or through either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds to its junction with the River Hooghly.

2d. The line made up of the channel across the Salt-water Lake to Bamunghatta, of the Canal leading from the Salt-water Lake to the Boitakhana Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the rate of Toll shall be the same on the two lines aforesaid—that it shall be uniform on all boats of equal burdens, on all rafts consisting of an equal number of timbers, and of all floats consisting of an equal number of bamboos; and that the aggregate amount levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall not exceed one rupee and a half for every 100 maunds burden on any boat, or two annas for every timber on every raft of timber, or four annas for every 100 bamboos on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every 200 bamboos.

Provided always, that the rate of rent so fixed shall be the same on the two lines aforesaid, and that it shall not exceed per diem ¼ of the whole Toll payable for the boat, raft, or float, in respect of which such rent may be levied.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinbefore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect to navigable streams and rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable on conviction before the Magistrate with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding fifty rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent and of the places of Collection, and of all rules made by the said Governor under the authority given to him by this Act, shall be published in the *Calcutta Gazette*, and exposed to public view at every Toll-house on either of the said lines in the English, Persian, and Bengallee tongues.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft, or float, on either of the said lines shall not be paid on demand to an Officer authorized by the said Governor to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same: and if, within ten days after such seizure the said Toll or Rent shall not be paid, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof, as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of, seizure and detention, shall be returned to the owner of the boat, raft, or float.

IX. And it is hereby enacted, that if any person in charge of any boat, raft, or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinbefore described, such boat, raft or float, and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 16th day of August next.

NOTICE.

Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .. .. Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 27TH JUNE, 1836.

RESOLUTION.—The opening of the communication between the River Hooghly and the Circular Canal, renders it necessary to adjust the rates of Toll to be levied on Boats passing into the Hooghly through that channel. The principle on which it appears most proper and desirable to frame this adjustment is, to fix an equal rate of Toll on the Transit through the Circular Canal and through Tolly's Nullah, giving to neither of these passages an advantage over the other in respect of Toll, and leaving each to be used, as may be found most convenient, for traffic. The rates of Toll (under the rules of Regulation XVIII. 1806, and Regulation VII. 1810, of the Bengal Code,) which have heretofore been levied on Boats passing through, or entering into, Tolly's Nullah, or the Boitakhana Canal (of which the Circular Canal, now communicating with the Hooghly, is a continuation) vary with the descriptions of articles laden on the Boats. In Tolly's Nullah the rates rise from four annas per 100 maunds on articles of low, to two rupees per 100 maunds, on articles of greater value; and in the Boitakhana Canal they rise similarly, from two annas per 100 maunds to one rupee per 100 maunds. The existence of such a distinction tends to render the rates of collection complicated and to harass the people; since a license, however liable to abuse, must unavoidably be given to the Agents of Collection to search and examine Boats, with a view to prevent fraud in the declaration of the articles laden on them, the Governor General in Council has on these grounds, resolved to substitute generally for the present varying rates, one uniform rate of Toll, to be levied on Boats according to their burden, and without reference to their Cargoes. It has been his wish so to fix this rate, as to avoid any injurious pressure upon consumption, and to secure at the same time, a just return for the public expenditure upon the Canals. He has found, however, that from various causes, it is at present a matter of much difficulty to obtain perfectly accurate and satisfactory information of the nature of the traffic carried on upon Tolly's Nullah or on the Boitakhana or Circular Canals, or of the effects of the existing system of Tolls on that traffic. On the most precise calculation which can now be framed, he sees reason to think that a Toll of one rupee eight annas per 100 maunds burden, and a corresponding sum of annas two per timber, and of annas four per 100 bamboos, may with propriety be fixed as the maximum rate of Toll to be levied for the entire transit to the Hooghly, whether through the Circular Canal, or through Tolly's Nullah. This rate is eight annas less than that to which general articles of traffic are now subject for the passage through Tolly's Nullah. His Lordship in Council has therefore determined to fix this amount by Law, as the maximum rate of Toll,—the Executive Government being of course competent to lower the rate as may be deemed expedient. He has resolved also, to vest in the Executive Government a discretion as to the mode of levying such Toll as may be imposed, not being in excess of the above rate. The levy may thus be made either by one payment, on first entering the Nullah or Canal, or by a payment of half the rate of Toll at the extreme point of either channel, or otherwise, as may be found most convenient and advantageous; it being provided that full public notice of the rate fixed, and of the mode of levy shall be given by the Officers of Government. His Lordship in Council has further deemed it expedient to authorise the Executive Government to place the Superintendence of the Collections, and the general Management of the Canals, under the charge of such Officers as may be most capable of discharging the duty with efficiency. The following draft of a proposed Act is accordingly published for general information:

ACT No. —— OF 1836.

I. It is hereby enacted that from the ——— day of ————— Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said ——— day of ————— the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts, and floats, which shall enter on, or pass out of, or through either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds to its junction with the River Hooghly.

2d. The line made up of the channel across the Salt-water Lake to Baminghatta, of the Canal leading from the Salt-water Lake to the Boitakhana Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the rate of Toll shall be the same on the two lines aforesaid—that it shall be uniform on all boats of equal burdens, on all rafts consisting of an equal number of timbers, and of all floats consisting of an equal number of bamboos; and that the aggregate amount levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall not exceed one rupee and a half for every 100 maunds burden on any boat, or two annas for every timber on every raft of timber, or four annas for every 100 bamboos on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every 200 bamboos.

Provided always, that the rate of rent so fixed shall be the same on the two lines aforesaid, and that it shall not exceed per diem ⅛ of the whole Toll payable for the boat, raft, or float, in respect of which such rent may be levied.

V. FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 27TH JUNE, 1836.

RESOLUTION.—The opening of the communication between the River Hooghly and the Circular Canal, renders it necessary to adjust the rates of Toll to be levied on Boats passing into the Hooghly through that channel. The principle on which it appears most proper and desirable to frame this adjustment is, to fix an equal rate of Toll on the Transit through the Circular Canal and through Tolly's Nullah, giving to neither of these passages an advantage over the other in respect of Toll, and leaving each to be used, as may be found most convenient, for traffic. The rates of Toll (under the rules of Regulation XVIII. 1806, and Regulation VII. 1810, of the Bengal Code,) which have heretofore been levied on Boats passing through, or entering into, Tolly's Nullah, or the Boitakhana Canal (of which the Circular Canal, now communicating with the Hooghly, is a continuation) vary with the descriptions of articles laden on the Boats. In Tolly's Nullah the rates rise from four annas per 100 maunds on articles of low, to two rupees per 100 maunds, on articles of greater value; and in the Boitakhana Canal they rise similarly, from two annas per 100 maunds to one rupee per 100 maunds. The existence of such a distinction tends to render the rates of collection complicated and to harass the people; since a license, however liable to abuse, must unavoidably be given to the Agents of Collection to search and examine Boats, with a view to prevent fraud in the declaration of the articles laden on them, the Governor General in Council has on these grounds, resolved to substitute generally for the present varying rates, one uniform rate of Toll, to be levied on Boats according to their burden, and without reference to their Cargoes. It has been his wish so to fix this rate, as to avoid any injurious pressure upon consumption, and to secure at the same time, a just return for the public expenditure upon the Canals. He has found, however, that from various causes, it is at present a matter of much difficulty to obtain perfectly accurate and satisfactory information of the nature of the traffic carried on upon Tolly's Nullah or on the Boitakhana or Circular Canals, or of the effects of the existing system of Tolls on that traffic. On the most precise calculation which can now be framed, he sees reason to think that a Toll of one rupee eight annas per 100 maunds burden, and a corresponding sum of annas two per timber, and of annas four per 100 bamboos, may with propriety be fixed as the maximum rate of Toll to be levied for the entire transit to the Hooghly, whether through the Circular Canal, or through Tolly's Nullah. This rate is eight annas less than that to which general articles of traffic are now subject for the passage through Tolly's Nullah. His Lordship in Council has therefore determined to fix this amount by Law, as the maximum rate of Toll,—the Executive Government being of course competent to lower the rate as may be deemed expedient. He has resolved also, to vest in the Executive Government a discretion as to the mode of levying such Toll as may be imposed, not being in excess of the above rate. The levy may thus be made either by one payment, on first entering the Nullah or Canal, or by a payment of half the rate of Toll at the extreme point of either channel, or otherwise, as may be found most convenient and advantageous; it being provided that full public notice of the rate fixed, and of the mode of levy shall be given by the Officers of Government. His Lordship in Council has further deemed it expedient to authorise the Executive Government to place the Superintendence of the Collections, and the general Management of the Canals, under the charge of such Officers as may be most capable of discharging the duty with efficiency. The following draft of a proposed Act is accordingly published for general information:

ACT No. —— OF 1836.

I. It is hereby enacted that from the ——— day of ————— Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said ——— day of ————————— the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts, and floats, which shall enter on, or pass out of, or through either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds to its junction with the River Hooghly.

2d. The line made up of the channel across the Salt-water Lake to Baminghatta, of the Canal leading from the Salt-water Lake to the Boitakhana Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the rate of Toll shall be the same on the two lines aforesaid—that it shall be uniform on all boats of equal burdens, on all rafts consisting of an equal number of timbers, and of all floats consisting of an equal number of bamboos; and that the aggregate amount levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall not exceed one rupee and a half for every 100 maunds burden on any boat, or two annas for every timber on every raft of timber, or four annas for every 100 bamboos on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every 200 bamboos.

Provided always, that the rate of rent so fixed shall be the same on the two lines aforesaid, and that it shall not exceed per diem ¼ of the whole Toll payable for the boat, raft, or float, in respect of which such rent may be levied.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinbefore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect to navigable streams and rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable on conviction before the Magistrate with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding fifty rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent and of the places of Collection, and of all rules made by the said Governor under the authority given to him by this Act, shall be published in the *Calcutta Gazette*, and exposed to public view at every Toll-house on either of the said lines in the English, Persian, and Bengallee tongues.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft, or float, on either of the said lines shall not be paid on demand

to an Officer authorized by the said Governor to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same: and if, within ten days after such seizure the said Toll or Rent shall not be paid, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof, as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the owner of the boat, raft, or float.

IX. And it is hereby enacted, that if any person in charge of any boat, raft, or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinbefore described, such boat, raft or float, and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 16th day of August next.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 27TH JUNE, 1836.

RESOLUTION.—The opening of the communication between the River Hooghly and the Circular Canal, renders it necessary to adjust the rates of Toll to be levied on Boats passing into the Hooghly through that channel. The principle on which it appears most proper and desirable to frame this adjustment is, to fix an equal rate of Toll on the Transit through the Circular Canal and through Tolly's Nullah, giving to neither of these passages an advantage over the other in respect of Toll, and leaving each to be used, as may be found most convenient, for traffic. The rates of Toll (under the rules of Regulation XVIII. 1806, and Regulation VII. 1810, of the Bengal Code,) which have heretofore been levied on Boats passing through, or entering into, Tolly's Nullah, or the Boitakhana Canal (of which the Circular Canal, now communicating with the Hooghly, is a continuation) vary with the descriptions of articles laden on the Boats. In Tolly's Nullah the rates rise from four annas per 100 maunds on articles of low, to two rupees per 100 maunds, on articles of greater value; and in the Boitakhana Canal they rise similarly, from two annas per 100 maunds to *one* rupee per 100 maunds. The existence of such a distinction tends to render the rates of collection complicated and to harass the people; since a license, however liable to abuse, must unavoidably be given to the Agents of Collection to search and examine Boats, with a view to prevent fraud in the declaration of the articles laden on them, the Governor General in Council has on these grounds, resolved to substitute generally for the present varying rates, one uniform rate of Toll, to be levied on Boats according to their burden, and without reference to their Cargoes. It has been his wish so to fix this rate, as to avoid any injurious pressure upon consumption, and to secure at the same time, a just return for the public expenditure upon the Canals. He has found, however, that from various causes, it is at present a matter of much difficulty to obtain perfectly accurate and satisfactory information of the nature of the traffic carried on upon Tolly's Nullah or on the Boitakhana or Circular Canals, or of the effects of the existing system of Tolls on that traffic. On the most precise calculation which can now be framed, he sees reason to think that a Toll of one rupee eight annas per 100 maunds burden, and a corresponding sum of annas two per timber, and of annas four per 100 bamboos, may with propriety be fixed as the maximum rate of Toll to be levied for the entire transit to the Hooghly, whether through the Circular Canal, or through Tolly's Nullah. This rate is eight annas less than that to which general articles of traffic are now subject for the passage through Tolly's Nullah. His Lordship in Council has therefore determined to fix this amount by Law, as the maximum rate of Toll,—the Executive Government being of course competent to lower the rate as may be deemed expedient. He has resolved also, to vest in the Executive Government a discretion as to the mode of levying such Toll as may be imposed, not being in excess of the above rate. The levy may thus be made either by one payment, on first entering the Nullah or Canal, or by a payment of half the rate of Toll at the extreme point of either channel, or otherwise, as may be found most convenient and advantageous; it being provided that full public notice of the rate fixed, and of the mode of levy shall be given by the Officers of Government. His Lordship in Council has further deemed it expedient to authorise the Executive Government to place the Superintendence of the Collections, and the general Management of the Canals, under the charge of such Officers as may be most capable of discharging the duty with efficiency. The following draft of a proposed Act is accordingly published for general information:

ACT No. —— OF 1836.

I. It is hereby enacted that from the ——— day of ———— Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said ——— day of ———— the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts, and floats, which shall enter on, or pass out of, or through either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds to its junction with the River Hooghly.

2d. The line made up of the channel across the Salt-water Lake to Baminghatta, of the Canal leading from the Salt-water Lake to the Boitakhana Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the rate of Toll shall be the same on the two lines aforesaid—that it shall be uniform on all boats of equal burdens, on all rafts consisting of an equal number of timbers, and of all floats consisting of an equal number of bamboos; and that the aggregate amount levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall not exceed one rupee and a half for every 100 maunds burden on any boat, or two annas for every timber on every raft of timber, or four annas *for every 100 bamboos on every float of bamboos.*

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every 200 bamboos.

Provided always, that the rate of rent so fixed shall be the same on the two lines aforesaid, and that it shall not exceed per diem ¼ of the whole Toll payable for the boat, raft, or float, in respect of which such rent may be levied.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinbefore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect to navigable streams and rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable on conviction before the Magistrate with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding fifty rupees, or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent and of the places of Collection, and of all rules made by the said Governor under the authority given to him by this Act, shall be published in the *Calcutta Gazette*, and exposed to public view at every Toll-house on either of the said lines in the English, Persian, and Bengallee tongues.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft, or float, on either of the said lines shall not be paid on demand

to an Officer authorized by the said Governor to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same: and if, within ten days after such seizure the said Toll or Rent shall not be paid, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof, as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the owner of the boat, raft, or float.

IX. And it is hereby enacted, that if any person in charge of any boat, raft, or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinbefore described, such boat, raft or float, and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 16th day of August next.

PUBLISHED FOR GENERAL INFORMATION.

Office of Committee of Privy Council for Trade,
Whitehall, 27th November, 1835.

SIR,

The Lords of the Committee of Privy Council for Trade have considered the Report of the Commissioners of Customs, transmitted in your Letter of the 5th Instant, relative to the admission of British Goods as such into the Mauritius from British Places in India, and their Lordships have directed me to state to you their opinion, that altho' such Goods are importable into our West India Islands only from the United Kingdom or from some other British Possession in America; it does not seem that the Mauritius, which is in a different Hemisphere, should be confined to the same channels of supply. The Legislature in drawing this Regulation had the American Colonies only in its mind, and it did by a subsequent enactment declare, that the Regulations affecting those Colonies should also embrace the Mauritius so far as any such Regulations can or may be applied. To the application of this particular Regulation, there is a strong geographical impediment, and the spirit of the Regulation should seem to require, that the Mauritius should stand in the same relation towards our Eastern Possessions, as Jamaica stands in towards those in the West; that is to say, that British Manufactures should be received into the Mauritius from Calcutta upon the same terms as those upon which they are received into Jamaica from Halifax. The Governor of the Mauritius appears to have viewed this Regulation in this spirit, and in the exercise of his discretionary powers, he has for several years permitted the Importations in question to be made. The Lords of this Committee are therefore the less disposed to recommend the enforcement of the Law according to its express working, but consider that the reservation as to the applicability of Regulations may with propriety be made use of so far as to admit British Produce or Manufactures as such into the Mauritius from any of the British Possessions within the limits of the East India Company's Charter. I am accordingly to request that you will move the Lords Commissioners of His Majesty's Treasury to consider whether they will not be pleased to confirm the orders given by the Governor of the Mauritius, and to relieve the several Importers from the Bonds they have been required in the meanwhile to give.

I am, Sir,

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

FORT WILLIAM, *18th July*, 1836.

No. 144 of 1836.—The Right Hon'ble the Governor General of India in Council having had under consideration the Reports of Officers Commanding European Corps on the subject of Soldier's Libraries, and being satisfied that the system under which they are at present established is not calculated to render them so generally useful as could be desired, deems it necessary to direct, that the Books of the several Station Libraries shall be divided equally (with reference to the number of Troops or Companies belonging to each) amongst the European Corps, quartered in the different Cantonments, to serve as a nucleus on which Regimental Libraries may be formed. These Libraries are to be kept up and supported from the portion of the Canteen Fund Balances, directed in G. G. O. No. 64, of the 5th March, 1835, to be specially set apart for that purpose; and, the further to encourage these Institutions, His Lordship in Council is pleased to authorize the appointment of a Librarian on a Monthly Salary of Eight Rupees, to every Regiment of European Cavalry and Infantry, and to every Brigade, Battalion, and Division of Artillery, consisting of two or more European Troops or Companies on the Bengal Establishment.

The situation of Station Librarian authorized by G. G. O. of 21st March, 1823, is abolished, and the Salary is to cease to be passed from the date on which the Books may be made over to Corps.

Instructions will be given to the Military Board for providing a suitable place for the reception of the Books in the Lines of the several Regiments; and His Excellency the Commander in Chief is requested to issue such Supplementary Orders as may be necessary for carrying the above arrangement into effect.

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto .... Ditto.........	Madras.
		Ditto .... Ditto.........	Bombay.
		Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorised to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

PUBLISHED FOR GENERAL INFORMATION.

Office of Committee of Privy Council for Trade,
Whitehall, 27th November, 1835.

SIR,

The Lords of the Committee of Privy Council for Trade have considered the Report of the Commissioners of Customs, transmitted in your Letter of the 5th Instant, relative to the admission of British Goods as such into the Mauritius from British Places in India, and their Lordships have directed me to state to you their opinion, that altho' such Goods are importable into our West India Islands only from the United Kingdom or from some other British Possession in America; it does not seem that the Mauritius, which is in a different Hemisphere, should be confined to the same channels of supply. The Legislature in drawing this Regulation had the American Colonies only in its mind, and it did by a subsequent enactment declare, that the Regulations affecting those Colonies should also embrace the Mauritius so far as any such Regulations can or may be applied. To the application of this particular Regulation, there is a strong geographical impediment, and the spirit of the Regulation should seem to require, that the Mauritius should stand in the same relation towards our Eastern Possessions, as Jamaica stands in towards those in the West; that is to say, that British Manufactures should be received into the Mauritius from Calcutta upon the same terms as those upon which they are received into Jamaica from Halifax. The Governor of the Mauritius appears to have viewed this Regulation in this spirit, and in the exercise of his discretionary powers, he has for several years permitted the Importations in question to be made. The Lords of this Committee are therefore the less disposed to recommend the enforcement of the Law according to its express working, but consider that the reservation as to the applicability of Regulations may with propriety be made use of so far as to admit British Produce or Manufactures as such into the Mauritius from any of the British Possessions within the limits of the East India Company's Charter. I am accordingly to request that you will move the Lords Commissioners of His Majesty's Treasury to consider whether they will not be pleased to confirm the orders given by the Governor of the Mauritius, and to relieve the several Importers from the Bonds they have been required in the meanwhile to give.

I am, Sir,
&c. &c. &c.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto .... Ditto.........	Madras.
		Ditto .... Ditto.........	Bombay.
		Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 21st January last, communicating the abandonment of the Light at Point Palmyras—Notice is now given, that on the 1st day of March 1837, a Light will be exhibited at False Point on a building to be there erected.

The Light House will stand in Latitude 20° 19′ 25″ N., and Longitude 86° 48′ 8″ E. During the S. W. Monsoon of the year 1837, the Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the building. It will subsequently, viz. on and after the 1st March 1838 be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather from the height of 15 feet from the surface of the sea.

The Pilot's Station will be continued as heretofore off Point Palmyras during the S W. Monsoon, that is, from the 15th of March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a Line East and West in Latitude 20° 42′ to 20° 48′ N. with the Point bearing W. to W. by S., the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till daylight.

Commanders on making the Light on False Point are recommended after bringing it to bear West in from 13 to 14 fathoms to steer to the N. E, keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward—on no account coming under the former depth. In this track the Blue Light and Maroon above-mentioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward and will then be found in a Line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period if the wind hangs to the Eastward or has a threatening appearance are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel; and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day are requested to make for that Vessel on board of which they will see a large Red Flag flying at the main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is, from 15th September to 15th March at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour and in thick weather every half hour, and as before stated at the Point Palmyras Station during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board night or day without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.
Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, *in such* cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 21st January last, communicating the abandonment of the Light at Point Palmyras—Notice is now given, that on the 1st day of March 1837, a Light will be exhibited at False Point on a building to be there erected.

The Light House will stand in Latitude 20° 19′ 25″ N., and Longitude 86° 48′ 8″ E. During the S. W. Monsoon of the year 1837, the Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the building. It will subsequently, viz. on and after the 1st March 1838 be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather from the height of 15 feet from the surface of the sea.

The Pilot's Station will be continued as heretofore off Point Palmyras during the S. W. Monsoon, that is, from the 15th of March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a Line East and West in Latitude 20° 42′ to 20° 48′ N. with the Point bearing W. to W. by S., the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till daylight.

Commanders on making the Light on False Point are recommended after bringing it to bear West in from 11 to 14 fathoms to steer to the N. E., keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward—on no account coming under the former depth. In this track the Blue Light and Maroon above-mentioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward and will then be found in a Line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period if the wind hangs to the Eastward or has a threatening appearance are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel; and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day are requested to make for that Vessel on board of which they will see a large Red Flag flying at the main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is, from 15th September to 15th March at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour and in thick weather every half hour, and as before stated at the Point Palmyras Station during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board night or day without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

POST OFFICE NOTICE.

THE *Hugh Lindsay*, Steamer, is to be despatched from Bombay, on the 16th day of September next, for Korna, in the Persian Gulph, (stated by Colonel Cheesney to be preferable to Bussorah on many accounts,) with a General Mail from all the Presidencies of India.

It is expected that the Steamer would reach Korna by the end of September, and that Col. Chesney might commence his ascent of the Euphrates early in October, and deposit the Mails at Scanderoon on the 24th of that month; from whence they would be conveyed to Malta. A communication has accordingly been made to Col. Chesney, with instructions to make every arrangement in the Mediterranean for the conveyance of the Mails to England.

PUBLISHED FOR GENERAL INFORMATION.

Office of Committee of Privy Council for Trade,
Whitehall, 27th November, 1835.

SIR,

The Lords of the Committee of Privy Council for Trade have considered the Report of the Commissioners of Customs, transmitted in your Letter of the 5th Instant, relative to the admission of British Goods as such into the Mauritius from British Places in India, and their Lordships have directed me to state to you their opinion, that altho' such Goods are importable into our West India Islands only from the United Kingdom or from some other British Possession in America; it does not seem that the Mauritius, which is in a different Hemisphere, should be confined to the same channels of supply. The Legislature in drawing this Regulation had the American Colonies only in its mind, and it did by a subsequent enactment declare, that the Regulations affecting those Colonies should also embrace the Mauritius so far as any such Regulations can or may be applied. To the application of this particular Regulation, there is a strong geographical impediment, and the spirit of the Regulation should seem to require, that the Mauritius should stand in the same relation towards our Eastern Possessions, as Jamaica stands in towards those in the West; that is to say, that British Manufactures should be received into the Mauritius from Calcutta upon the same terms as those upon which they are received into Jamaica from Halifax. The Governor of the Mauritius appears to have viewed this Regulation in this spirit, and in the exercise of his discretionary powers, he has for several years permitted the Importations in question to be made. The Lords of this Committee are therefore the less disposed to recommend the enforcement of the Law according to its express working, but consider that the reservation as to the applicability of Regulations may with propriety be made use of so far as to admit British Produce or Manufactures as such into the Mauritius from any of the British Possessions within the limits of the East India Company's Charter. I am accordingly to request that you will move the Lords Commissioners of His Majesty's Treasury to consider whether they will not be pleased to confirm the orders given by the Governor of the Mauritius, and to relieve the several Importers from the Bonds they have been required in the meanwhile to give.

I am, Sir,
&c. &c. &c.
(Sd) THOMAS LACK.

Treasury Chambers, 5th January, 1836.

GENTLEMEN,

I herewith transmit by Command of the Lords Commissioners of His Majesty's Treasury for your information a copy of a Letter from the Board of Trade, dated the 27th November 1835, respecting the admission of British Goods into the Mauritius from British Places in India, and I am to acquaint you that in concurrence with the recommendation of the Lords of the Committee of Privy Council for Trade, my Lords are pleased to desire that you will instruct your Officers at the Mauritius to continue to permit the Importation of British Manufactured Goods in the manner specified in the Letter addressed by the Chief Secretary of the Colonial Government to the Acting Collector of Customs, on the 11th March 1829, and to take any requisite steps for relieving Parties, who may have given Bonds for the amount of Foreign Duties upon such Goods in those cases where the Regulations referred to in that Letter have been complied with.

I have, &c.
(Signed) F. BARING.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 1ST AUGUST, 1836.

Resolution.—By Clause 3, Section 3, Regulation XI. 1822, of the Bengal Code, it is provided that Joint Estates shall not be liable to sale for arrears that may accrue during the progress of a Butwarra or Partition, until the expiration of the year within which the arrear may become due. It is further enacted, that in like manner Estates under Attachment, by order of the Courts of Justice, shall not be liable to sale in the middle of the year for arrears accruing during the period of such Attachment. This restriction in regard to the period of sale is properly imposed as respects Estates under Attachment, the management and the collection of the rents of such Estates being committed to the Officers of the Government, and it being just that a sufficient time should be allowed for the examination and adjustment of the accounts of those Officers, in concert with the Proprietors of the Estates. The Governor General in Council has therefore resolved to maintain the restriction for Estates so held under Attachment. There is, however, no valid reason for permitting the restriction to continue in force as respects Joint Estates under Partition, no interference being exercised by the Government in the management of Estates so circumstanced, and there being nothing in the process of Partition by which the punctual collection of the rents can be impeded.

The effect of the restriction has been, that Butwarras have often been fraudulently commenced by persons who had no intention of completing them, for the purpose of protecting the Estate from Sale.

To this evil the Board of Revenue has been in the habit of applying a remedy by quashing Butwarras, which were believed to be fraudulent. But doubts have arisen as to the legality of the power thus exercised by the Board; and it has become absolutely necessary for the Governor General in Council to take the subject into consideration.

His Lordship in Council has determined to legalize all the Acts done by the Board of Revenue and the Officers invested with the authority of that Board in the exercise of their assumed power. He has come to this determination from a conviction that these Acts whether strictly legal or not, were well intended, were generally salutary in their effect, and could not now be reversed without unsettling the titles by which a large number of Estates are held.

His Lordship in Council has determined to repeal the provision which has given occasion for this questionable exercise of power, and to settle the existing doubts by an enactment which will prevent any Butwarra from being hereafter quashed while any party to it is desirous that it should proceed. The following draft of a proposed Act is accordingly published for general information:

ACT No. —— of 1836.

I.—It is hereby enacted, that from the —— day of —— so much of Clause 3, Section 3, Regulation XI. of 1822, of the Bengal Code, as provides "that "Joint Estates shall not be liable to sale for arrears "that may accrue during the progress of a "Butwarra or Partition until the expiration of the "year within which the arrear may become due"—be repealed.

II.—And it is hereby enacted, that from the said —— day of —— no Butwarra while in progress shall be quashed by the Board of Revenue, or by any Officer invested with the powers of the said Board, except as hereinafter provided.

III.—And it is hereby enacted, that it shall be lawful for the said Board, or for any of the said Officers, to give six months notice in writing of an intention to quash any Butwarra; and such notice shall be affixed at the Offices of the Collector of the District and Moonsiff of the jurisdiction within which the lands under partition, or part of those lands, may be situated; and if within six months after such notice, no party to the said Butwarra shall deliver to the said Collector a written declaration, that he the said party objects to the quashing of the said Butwarra, it shall be lawful for the said Board or the said Officer to quash the said Butwarra.

IV.—And it is hereby enacted that every Butwarra which before the said —— day of ———— may have been quashed by the said Board or by any of the said Officers, shall be taken by all Courts to have been lawfully quashed.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 13th day of September next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 27TH JULY, 1836.

NOTICE.

The attention of the Right Hon'ble the Governor General of India in Council having been drawn to the lateness of the period at which the Accounts and the Periodical Estimates of the Receipts and Disbursements of the several Presidencies are completed, and His Lordship in Council having been led to enquire into the causes of the delay has been informed that the evil is mainly to be ascribed to the neglect of several of the Officers in charge of Treasuries of Receipt and Disbursement in the Interior to forward their Accounts in due time, but partly also to errors requiring correction in the Accounts rendered, and to other circumstances which protract or render difficult the adjustments necessary to complete the general review of the Finances of the year.

In so far as the delay referred to arises from accidental errors or difficulties of adjustment in operations so widely extended as those which constitute the Finance of India, His Lordship in Council will always be prepared to make liberal allowance to the Officers of the Department whose duty it is to combine and prepare the General Statements, but it is his fixed determination to visit with the severest penalties of his displeasure the neglect of any Officers in charge of Subordinate Treasuries, who may be reported to him as having failed to render their Accounts for any month within such reasonable period after its close as shall be fixed by the Boards or other Heads of the Departments concerned. In order that his determination in this respect may be generally known and as a warning to those who are habitually negligent of their duty in respect to the Public Accounts, His Lordship in Council directs this public notice to be given of his views and intentions on this subject, and desires that the Boards and other Superior Authorities will give their particular attention to the absolute necessity of requiring punctual accounts from the Officers under their authority, and that the Officers of Account likewise at the Presidency will consider it their duty to bring specifically to notice any delay or neglect of the Officers of the Interior whose accounts fall under their supervision.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 21st January last, communicating the abandonment of the Light at Point Palmyras—Notice is now given, that on the 1st day of March 1837, a Light will be exhibited at False Point on a building to be there erected.

The Light House will stand in Latitude 20° 19′ 25″ N., and Longitude 86° 48′ 8″ E. During the S. W. Monsoon of the year 1837, the Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the building. It will subsequently, viz. on and after the 1st March 1838 be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather from the height of 15 feet from the surface of the sea.

The Pilot's Station will be continued as heretofore off Point Palmyras during the S. W. Monsoon, that is, from the 15th of March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a Line East and West in Latitude 20° 42′ to 20° 48′ N. with the Point bearing W. to W. by S., the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till daylight.

Commanders on making the Light on False Point are recommended after bringing it to bear West in from 13 to 14 fathoms to steer to the N. E., keeping in from 13 to 16 fathoms as the wind may hang to the Westward or Eastward—on no account coming under the former depth. In this track the Blue Light and Maroon above-mentioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward and will then be found in a Line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel Vessels therefore about that period if the wind hangs to the Eastward or has a threatening appearance are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel; and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March, the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day are requested to make for that Vessel on board of which they will see a large Red Flag flying at the main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is, from 15th September to 15th March at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour and in thick weather every half hour, and as before stated at the Point Palmyras Station during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board night or day without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorised Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment *of the Bills*; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The 1st August, 1836.

Resolution.—By Clause 3, Section 3, Regulation XI. 1822, of the Bengal Code, it is provided that Joint Estates shall not be liable to sale for arrears that may accrue during the progress of a Butwarra or Partition, until the expiration of the year within which the arrear may become due. It is further enacted, that in like manner Estates under Attachment, by order of the Courts of Justice, shall not be liable to sale in the middle of the year for arrears accruing during the period of such Attachment. This restriction in regard to the period of sale is properly imposed as respects Estates under Attachment, the management and the collection of the rents of such Estates being committed to the Officers of the Government, and it being just that a sufficient time should be allowed for the examination and adjustment of the accounts of those Officers, in concert with the Proprietors of the Estates. The Governor General in Council has therefore resolved to maintain the restriction for Estates so held under Attachment. There is, however, no valid reason for permitting the restriction to continue in force as respects Joint Estates under Partition, no interference being exercised by the Government in the management of Estates so circumstanced, and there being nothing in the process of Partition by which the punctual collection of the rents can be impeded.

The effect of the restriction has been, that Butwarras have often been fraudulently commenced by persons who had no intention of completing them, for the purpose of protecting the Estate from Sale.

To this evil the Board of Revenue has been in the habit of applying a remedy by quashing Butwarras, which were believed to be fraudulent. But doubts have arisen as to the legality of the power thus exercised by the Board; and it has become absolutely necessary for the Governor General in Council to take the subject into consideration.

His Lordship in Council has determined to legalize all the Acts done by the Board of Revenue and the Officers invested with the authority of that Board in the exercise of their assumed power. He has come to this determination from a conviction that these Acts whether strictly legal or not, were well intended, were generally salutary in their effect, and could not now be reversed without unsettling the titles by which a large number of Estates are held.

His Lordship in Council has determined to repeal the provision which has given occasion for this questionable exercise of power, and to settle the existing doubts by an enactment which will prevent any Butwarra from being hereafter quashed while any party to it is desirous that it should proceed. The following draft of a proposed Act is accordingly published for general information:

Act No. —— of 1836.

I —It is hereby enacted, that from the —— day of ——— so much of Clause 3, Section 3, Regulation XI. of 1822, of the Bengal Code, as provides "that "Joint Estates shall not be liable to sale for arrears "that may accrue during the progress of a "Butwarra or Partition until the expiration of the "year within which the arrear may become due"—be repealed.

II —And it is hereby enacted, that from the said ——— day of ————— no Butwarra while in progress shall be quashed by the Board of Revenue, or by any Officer invested with the powers of the said Board, except as hereinafter provided.

III.—And it is hereby enacted, that it shall be lawful for the said Board, or for any of the said Officers, to give six months notice in writing of an intention to quash any Butwarra; and such notice shall be affixed at the Offices of the Collector of the District and Moonsiff of the jurisdiction within which the lands under partition, or part of those lands, may be situated; and if within six months after such notice, no party to the said Butwarra shall deliver to the said Collector a written declaration, that he the said party objects to the quashing of the said Butwarra, it shall be lawful for the said Board or the said Officer to quash the said Butwarra.

IV —And it is hereby enacted that every Butwarra which before the said —— day of ——— may have been quashed by the said Board or by any of the said Officers, shall be taken by all Courts to have been lawfully quashed.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 13th day of September next.

NOTICE.

The attention of the Right Hon'ble the Governor General of India in Council having been drawn to the lateness of the period at which the Accounts and the Periodical Estimates of the Receipts and Disbursements of the several Presidencies are completed, and His Lordship in Council having been led to enquire into the causes of the delay has been informed that the evil is mainly to be ascribed to the neglect of several of the Officers in charge of Treasuries of Receipt and Disbursement in the Interior to forward their Accounts in due time, but partly also to errors requiring correction in the Accounts rendered, and to other circumstances which protract or render difficult the adjustments necessary to complete the general review of the Finances of the year.

In so far as the delay referred to arises from accidental errors or difficulties of adjustment in operations so widely extended as those which constitute the Finance of India, His Lordship in Council will always be prepared to make liberal allowance to the Officers of the Department whose duty it is to combine and prepare the General Statements, but it is his fixed determination to visit with the severest penalties of his displeasure the neglect of any Officers in charge of Subordinate Treasuries, who may be reported to him as having failed to render their Accounts for any month within such reasonable period after its close as shall be fixed by the Boards or other Heads of the Departments concerned. In order that his determination in this respect may be generally known and as a warning to those who are habitually negligent of their duty in respect to the Public Accounts, His Lordship in Council directs this public notice to be given of his views and intentions on this subject, and desires that the Boards and other Superior Authorities will give their particular attention to the absolute necessity of requiring punctual accounts from the Officers under their authority, and that the Officers of Account likewise at the Presidency will consider it their duty to bring specifically to notice any delay or neglect of the Officers of the Interior whose accounts fall under their supervision.

PUBLISHED FOR GENERAL INFORMATION.

Office of Committee of Privy Council for Trade,
Whitehall, 27th November, 1835.

Sir,

The Lords of the Committee of Privy Council for Trade have considered the Report of the Commissioners of Customs, transmitted in your Letter of the 5th Instant, relative to the admission of British Goods as such into the Mauritius from British Places in India, and their Lordships have directed me to state to you their opinion, that altho' such Goods are importable into our West India Islands only from the United Kingdom or from some other British Possession in America; it does not seem that the Mauritius, which is in a different Hemisphere, should be confined to the same channels of supply. The Legislature in drawing this Regulation had the American Colonies only in its mind, and it did by a subsequent enactment declare, that the Regulations affecting those Colonies should also embrace the Mauritius so far as any such Regulations can or may be applied. To the application of this particular Regulation, there is a strong geographical impediment, and the spirit of the Regulation should seem to require, that the Mauritius should stand in the same relation towards our Eastern Possessions, as Jamaica stands in towards those in the West; that is to say, that British Manufactures should be received into the Mauritius from Calcutta upon the same terms as those upon which they are received into Jamaica from Halifax. The Governor of the Mauritius appears to have viewed this Regulation in this spirit, and in the exercise of his discretionary powers, he has for several years permitted the Importations in question to be made. The Lords of this Committee are therefore the less disposed to recommend the enforcement of the Law according to its express working, but consider that the reservation as to the applicability of Regulations may with propriety be made use of so far as to admit British Produce or Manufactures as such into the Mauritius from any of the British Possessions within the limits of the East India Company's Charter. I am accordingly to request that you will move the Lords Commissioners of His Majesty's Treasury to consider whether they will not be pleased to confirm the orders given by the Governor of the Mauritius, and to relieve the several Importers from the Bonds they have been required in the meanwhile to give.

I am, Sir,

Gentlemen,

I herewith transmit by Command of the Lords Commissioners of His Majesty's Treasury for your information a copy of a Letter from the Board of Trade, dated the 27th November 1835, respecting the admission of British Goods into the Mauritius from British Places in India, and I am to acquaint you that in concurrence with the recommendation of the Lords of the Committee of Privy Council for Trade, my Lords are pleased to desire that you will instruct your Officers at the Mauritius to continue to permit the Importation of British Manufactured Goods in the manner specified in the Letter addressed by the Chief Secretary of the Colonial Government to the Acting Collector of Customs, on the 11th March 1829, and to take any requisite steps for relieving Parties, who may have given Bonds for the amount of Foreign Duties upon such Goods in those cases where the Regulations referred to in that Letter have been complied with.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under Instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorised Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. *d.*

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the *Bill* is drawn, (being also the Agent) having failed to accept the *Bill*, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any *period* after default shall be made either in acceptance or payment of the Bills; also authorizing, *in such* cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent *in* England for each transaction.

LEGISLATIVE DEPARTMENT,

THE 1ST AUGUST, 1836.

Resolution.—By Clause 3, Section 3, Regulation XI. 1822, of the Bengal Code, it is provided that Joint Estates shall not be liable to sale for arrears that may accrue during the progress of a *Butwarra* or Partition, until the expiration of the year within which the arrear may become due. It is further enacted, that in like manner Estates under Attachment, by order of the Courts of Justice, shall not be liable to sale in the middle of the year for arrears accruing during the period of such Attachment. This restriction in regard to the period of sale is properly imposed as respects Estates under Attachment, the management and the collection of the rents of such Estates being committed to the Officers of the Government, and it being just that a sufficient time should be allowed for the examination and adjustment of the accounts of those Officers, in concert with the Proprietors of the Estates. The Governor General in Council has therefore resolved to maintain the restriction for Estates so held under Attachment. There is, however, no valid reason for permitting the restriction to continue *in force as respects Joint Estates under Partition, no interference being exercised by the Government in the management of Estates so circumstanced,* and there being nothing in the process of Partition by which the punctual collection of the rents can be impeded.

The effect of the restriction has been, that Butwarras have often been fraudulently commenced by persons who had no intention of completing them, for the purpose of protecting the Estate from Sale.

To this evil the Board of Revenue has been in the habit of applying a remedy by quashing Butwarras, which were believed to be fraudulent. But doubts have arisen as to the legality of the power thus exercised by the Board; and it has become absolutely necessary for the Governor General in Council to take the subject into consideration.

His Lordship in Council has determined to legalize all the Acts done by the Board of Revenue and the Officers invested with the authority of that Board in the exercise of their assumed power. He has come to this determination from a conviction that these Acts whether strictly legal or not, were well intended, were generally salutary in their effect, and could not now be reversed without unsettling the titles by which a large number of Estates are held.

His Lordship in Council has determined to repeal the provision which has given occasion for this questionable exercise of power, and to settle the existing doubts by an enactment which will prevent any Butwarra from being hereafter quashed while any party to it is desirous that it should proceed. The following draft of a proposed Act is accordingly published for general information:

ACT NO. —— OF 1836.

I.—It is hereby enacted, that from the —— day of ———— so much of Clause 3, Section 3, Regulation XI. of 1822, of the Bengal Code, as provides "that "Joint Estates shall not be liable to sale for arrears "that may accrue during the progress of a "Butwarra or Partition until the expiration of the "year within which the arrear may become due"—be repealed.

II.—And it is hereby enacted, that from the said ——— day of ———————— no Butwarra while in progress shall be quashed by the Board of Revenue, or by any Officer invested with the powers of the said Board, except as hereinafter provided.

III.—And it is hereby enacted, that it shall be lawful for the said Board, or for any of the said Officers, to give six months notice in writing of an intention to quash any Butwarra; and such notice shall be affixed at the Offices of the Collector of the District and Moonsiff of the jurisdiction within which the lands under partition, or part of those lands, may be situated; and if within six months after such notice, no party to the said Butwarra shall deliver to the said Collector a written declaration, that he the said party objects to the quashing of the said *Butwarra*, it shall be lawful for the said Board or the said Officer to quash the said Butwarra.

IV.—And it is hereby enacted that every Butwarra which before the said —— day of ———— may have been quashed by the said Board or by any of the said Officers, shall be taken by all Courts to have been lawfully quashed.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 19th day of September next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

The following Draft of a proposed Act was read in Council for the first time on the 18th July 1836:

ACT NO. —— OF 1836.

It is hereby enacted, that from the —— day of ———— it shall be lawful for the Governor General in Council, by an order in Council, to create new *Zillahs in any part of the Presidency of Fort William in Bengal,* and to alter the limits of existing Zillahs.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 16th day of September next.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 27TH JULY, 1836.

NOTICE.

The attention of the Right Hon'ble the Governor General of India in Council having been drawn to the lateness of the period at which the Accounts and the Periodical Estimates of the Receipts and Disbursements of the several Presidencies are completed, and His Lordship in Council having been led to enquire into the causes of the delay has been informed that the evil is mainly to be ascribed to the neglect of several of the Officers in charge of Treasuries of Receipt and Disbursement in the Interior to forward their Accounts in due time, but partly also to errors requiring correction in the Accounts rendered, and to other circumstances which protract or render difficult the adjustments necessary to complete the general review of the Finances of the year.

In so far as the delay referred to arises from accidental errors or difficulties of adjustment in operations so widely extended as those which constitute the Finance of India, His Lordship in Council will always be prepared to make liberal allowance to the Officers of the Department whose duty it is to combine and prepare the General Statements, but it is his fixed determination to visit with the severest penalties of his displeasure the neglect of any Officers in charge of Subordinate Treasuries, who may be reported to him as having failed to render their Accounts for any month within such reasonable period after its close as shall be fixed by the Boards or other Heads of the Departments concerned. In order that his determination in this respect may be generally known and as a warning to those who are habitually negligent of their duty in respect to the Public Accounts, His Lordship in Council directs this public notice to be given of his views and intentions on this subject, and desires that the Boards and other Superior Authorities will give their particular attention to the absolute necessity of requiring punctual accounts from the Officers under their authority, and that the Officers of Account likewise at the Presidency will consider it their duty to bring specifically to notice any delay or neglect of the Officers of the Interior whose accounts fall under their supervision.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto .... Ditto	Madras.
		Ditto .... Ditto	Bombay.
		Per Spanish Dollar, Ditto	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 1ST AUGUST, 1836.

Resolution.—By Clause 3, Section 3, Regulation XI. 1822, of the Bengal Code, it is provided that Joint Estates shall not be liable to sale for arrears that may accrue during the progress of a Butwarra or Partition, until the expiration of the year within which the arrear may become due. It is further enacted, that in like manner Estates under Attachment, by order of the Courts of Justice, shall not be liable to sale in the middle of the year for arrears accruing during the period of such Attachment. This restriction in regard to the period of sale is properly imposed as respects Estates under Attachment, the management and the collection of the rents of such Estates being committed to the Officers of the Government, and it being just that a sufficient time should be allowed for the examination and adjustment of the accounts of those Officers, in concert with the Proprietors of the Estates. The Governor General in Council has therefore resolved to maintain the restriction for Estates so held under Attachment. There is, however, no valid reason for permitting the restriction to continue in force as respects Joint Estates under Partition, no interference being exercised by the Government in the management of Estates so circumstanced, and there being nothing in the process of Partition by which the punctual collection of the rents can be impeded.

The effect of the restriction has been, that Butwarras have often been fraudulently commenced by persons who had no intention of completing them, for the purpose of protecting the Estate from Sale.

To this evil the Board of Revenue has been in the habit of applying a remedy by quashing Butwarras, which were believed to be fraudulent. But doubts have arisen as to the legality of the power thus exercised by the Board; and it has become absolutely necessary for the Governor General in Council to take the subject into consideration.

His Lordship in Council has determined to legalize all the Acts done by the Board of Revenue and the Officers invested with the authority of that Board in the exercise of their assumed power. He has come to this determination from a conviction that these Acts whether strictly legal or not, were well intended, were generally salutary in their effect, and could not now be reversed without unsettling the titles by which a large number of Estates are held.

His Lordship in Council has determined to repeal the provision which has given occasion for this questionable exercise of power, and to settle the existing doubts by an enactment which will prevent any Butwarra from being hereafter quashed while any party to it is desirous that it should proceed. The following draft of a proposed Act is accordingly published for general information :

ACT NO. —— of 1836.

I —It is hereby enacted, that from the —— day of ——— so much of Clause 3, Section 3, Regulation XI. of 1822, of the Bengal Code, as provides "that "Joint Estates shall not be liable to sale for arrears "that may accrue during the progress of a "Butwarra or Partition until the expiration of the "year within which the arrear may become due"—be repealed.

II —And it is hereby enacted, that from the said ——— day of ——————— no Butwarra while in progress shall be quashed by the Board of Revenue, or by any Officer invested with the powers of the said Board, except as hereinafter provided.

III.—And it is hereby enacted, that it shall be lawful for the said Board, or for any of the said Officers, to give six months notice in writing of an intention to quash any Butwarra; and such notice shall be affixed at the Offices of the Collector of the District and Moonsiff of the jurisdiction within which the lands under partition, or part of those lands, may be situated; and if within six months after such notice, no party to the said Butwarra shall deliver to the said Collector a written declaration, that he the said party objects to the quashing of the said Butwarra, it shall be lawful for the said Board or the said Officer to quash the said Butwarra.

IV.—And it is hereby enacted that every Butwarra which before the said —— day of ——— may have been quashed by the said Board or by any of the said Officers, shall be taken by all Courts to have been lawfully quashed.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 13th day of September next.

NOTICE.

The attention of the Right Hon'ble the Governor General of India in Council having been drawn to the lateness of the period at which the Accounts and the Periodical Estimates of the Receipts and Disbursements of the several Presidencies are completed, and His Lordship in Council having been led to enquire into the causes of the delay has been informed that the evil is mainly to be ascribed to the neglect of several of the Officers in charge of Treasuries of Receipt and Disbursement in the Interior to forward their Accounts in due time, but partly also to errors requiring correction in the Accounts rendered, and to other circumstances which protract or render difficult the adjustments necessary to complete the general review of the Finances of the year.

In so far as the delay referred to arises from accidental errors or difficulties of adjustment in operations so widely extended as those which constitute the Finance of India, His Lordship in Council will always be prepared to make liberal allowance to the Officers of the Department whose duty it is to combine and prepare the General Statements, but it is his fixed determination to visit with the severest penalties of his displeasure the neglect of any Officers in charge of Subordinate Treasuries, who may be reported to him as having failed to render their Accounts for any month within such reasonable period after its close as shall be fixed by the Boards or other Heads of the Departments concerned. In order that his determination in this respect may be generally known and as a warning to those who are habitually negligent of their duty in respect to the Public Accounts, His Lordship in Council directs this public notice to be given of his views and intentions on this subject, and desires that the Boards and other Superior Authorities will give their particular attention to the absolute necessity of requiring punctual accounts from the Officers under their authority, and that the Officers of Account likewise at the Presidency will consider it their duty to bring specifically to notice any delay or neglect of the Officers of the Interior whose accounts fall under their supervision.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. *d.*

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto.......... Madras.
Ditto .... Ditto.......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTICE.—The following Directions are published by Order of the Right Hon'ble the Governor of Bengal, for general information :

DIRECTIONS for SHIPS passing through the STRAITS of MADURA to SOURABAYA by CAPTAIN A. FRASER.

The *Lady Hayes* found twelve and thirteen fathoms through, inside Katampang, during the night, in which situation she found herself unexpectedly, after bringing Passurwang to bear S. by W. about eight miles distance, not intending to take a Pilot, steer N. ½ W. by compass, being careful not to go to the Westward of this course, to avoid the dangers on the Java shore ; or, perhaps as well steer North, keeping in twelve or thirteen fathoms, you will observe a remarkably smooth conical peak to the Westward of you ; with that bearing W. by S. you should be in twelve fathoms ; W. S. W. in seven fathoms and a half. As the water begins to shoal, then alter course to N. E. by N. and run two miles ; if you should shoal under six fathoms and a half, keep her N. N. E. you will by this time have the peak S. W. and less water, perhaps quarter less six, at about eight miles from the Straits. Now steer North, and in a distance of three miles you will shoal to a half three, soft bottom, if in the channel ; if hard, rather, too near the Java shore, but, as from hence you can see the beacon that marks the edge of the shoal water on the Madura side, it being of timber, with a bamboo top mast, and bearing about N. N. W. five miles distance from you, steer direct for it, till within one and a half or two miles of it. Edge away about N. W., according to tide, you will or ought to come within half a mile of it, then bring her up gradually to W. by N. keeping close round the fishing-stakes, (Madura side,) where the water deepens to seven fathoms, soft bottom, keep rather to the Northward, for by hauling in too soon for the Shipping, you may get on a hard bank to the S. E. of the river's mouth.

It may be well to observe here, that the island off Tambu river, in Horsburgh's Charts, does not exist ; but there is a rock or reef, dry at low-water, close to the Java shore. The rock or shoal in same Chart bearing N. N. E. of Passurwang is not known to the Pilots, but the courses given will lead clear of its site, and also the dangers off Bandigan ; which island by following the above directions, you will not see ; it should be carefully avoided, unless going between it and Madura, where I understand there is a good and safe channel. The Madura side of this gulf is best during the south-east monsoon, the winds being far more regular, off Belega there is a bank, but there is plenty room to avoid it, as it does not extend far off.

Having brought up in Sourabaya roads, you will do well to await the visit, if you do not wish to incur port charges, when you will ascertain the port regulations. There is a vigilant eye upon strangers from the Guard-ship ; therefore, if not allowed, do not let your boat be seen in communication with any other vessel. The port charges for anchorage, per last of about two register tons, is one gelider or rupee ; pilotage seven rupees per foot each way, one-third copper and two-thirds silver, the latter about one-eighth sterling each. If bound to the eastward from hence, you may easily apply these directions vice versa, observing, as it will be hardly possible to cross the flats in one tide, you will have to lie a tide in the mud.

The country surrounding, for some extent, appears alluvial, and is perhaps not equalled or surpassed in the world for fertility; its productions are amazing, and yet capable of great augmentation under a more liberal Government, consisting of rice, sugar, arrack, turmeric, sapan wood, rattans, cow-hides, and buffalo. These constitute the principal articles of export, the sugar being only bottoms, the superior white clayed sugar being a Government monopoly, as well as the coffee entirely. These two latter articles are sold at Government sales at Batavia, at indefinite periods, that depending mostly upon the state of their coffers.

The Maats Chappye seem to enjoy very peculiar privileges, to the exclusion of the British merchants, whom it would seem the Dutch are anxious to weed out from amongst them. I do not think it in very strict observance of the treaty between the two countries. Having spoken of the two principal articles of their growth as monopolies, it must be understood that they are taken possession of immediately from the grower, scarcely allowing him sufficient for his own consumption, and sold just at what period best answers the views of the Government. The coffee grower has but little left him after the Government exactions of somewhere about three-fourths of the total value. With sugar, as the production of it is in its infancy there, greater privileges are given to the cultivator. I believe pecuniary assistance, or lands, is given, to enable him to meet the great expense of steam machinery. But when at maturity, the sugar planter must expect no better usage than the coffee grower. The natives, it is needless to say, under such oppressive taxes, make out a miserable subsistence. The different degrees of respect paid to Englishmen and the Hollander, throughout Java, are very striking. Of rice, the average export of this district is about 12,000 to 16,000 tons; coffee produced about 7,000 or 8,000 tons; sugar, in this and the eastern districts, for the season of 1833, was expected to be about 11,000 tons—a considerable increase will take place in its production. The port of Soerabaya is doubtless the best in Java; smooth water at all seasons, a tide about nine feet, excellent holding-ground, not so pestilent as Batavia, a convenient river, a delightful country around, pleasant mansions and hospitable people: indeed there seems, if possible, more good fellowship amongst the residents themselves, viz., those belonging to the two flags, than is to be met with in Batavia. But it is with much delight that I can bear witness to the uncommon hospitality, and high integrity of the British merchants in Java; like those in China, their word is their bond; even with every Chinese trader, the word of an English merchant will pass current for thousands—well and nobly do they uphold their character.

Direction from Soerabaya to the Westward.

For four miles you cannot go wrong, for fishing-stakes in either side. If not high-water, you will then perceive abreast of you, to the Eastward, the Ruffles, two islets or rocks, the outer one rarely covered; there are fishing-stakes outside of them, on the western side, in the bight between the town of Grisse and Soerabaya are the Pysauge, an extensive shoal; it is out of the way of running ships, and there is an abundance of room for plying outside of it; but if borrowing this way, you will deepen from seven in the fair way to ten fathoms upon the very edge; you must tack immediately, or you will be on them. After passing Grisse, keep rather towards the stakes on Madura side, to avoid the Banka tree, which commences immediately from Grisse, and occupies the whole of this western bight. Towards the shoal the bottom is foul, and unfit for anchorage. By keeping over on the Madura side, and steering from stakes to stakes, in plenty room, with seven fathoms, clear of all danger, with a favourable wind and tide, you will soon see Fort Ludowick on the outermost island from the western side, and Bankalan pier on the eastern. N. by E. is your course, keeping still towards the Madura stakes. The spit of soft mud from Fort Ludowick has a beacon on it, in a quarter less three fathoms: here the channel begins to narrow, and the set of tides is various and strong. With the flagstaff west, and Point Panka north-west, come no nearer to the Fort, or you will be on the spit; the beacon bears about N. N. W. of Point Panka. Both banks are steep to the channel, a bare three-quarters of a mile wide; towards the spit, if drawing in with the tide, you will have twelve, five, and three, rapidly, and aground as quick. From the beacon, the flagstaff bears S. W. and the Regent's White Wall Zidayo, N. W. by ¼ W. In passing the beacon, it is usual to anchor a boat N. by W. of it, in about three fathoms. There is sufficient tide to back and fill through. On the first of the tide the water is very turbid, but after a little it subsides, and you can see the shoal water on either side, during the easterly monsoon; in the westerly or rainy monsoon it is not so, you will then experience a tide of five knots here.

After being passed this danger, the fishing stakes will lead you up to the first beacon on the starboard or eastern side. The channel is nearly N. W. and S. E. both sides beaconed; on the Panka side, until you have passed the first two beacons, it is rocky bad ground; do not borrow on that side. The first beacon on the sea bank is in two fathoms and a half, hard ground; after that soft mud; borrow more towards it. In coming from northward and westward, you will observe three remarkable flat hummocks, called the Coffins of Dood Kisley; when you shut the two in behind the north-east, astern of the largest, you will be able to see the first beacon on Madura flat. The above direction may be then easily applied in the opposite way, if bound to Soerabaya.

Philippine Islands.—Rock in the Track to Manilla—Ship struck.

We are indebted to a correspondent for the Leith Commercial List, containing the following account of a dangerous rock lying immediately in the track of ships running for Manilla from the eastward.

The following communication is from Mr. John H. Robertson, commander of the barque *Minerva*, of Alloa:—"When bound from Sydney to Manilla, on the 10th of September, 1834, at 2 A. M. the vessel struck on a sunk coral rock, (not laid down in any of our English Charts,) bearing from Point St. Iago, Island of Luconia, one of the Philippine Islands, E. S. E. ½ E. four or five miles distant. Within half a mile of the rock there are seventeen fathoms. Point St. Iago lies in about 13° 41′ N. Latitude, 120° 38′ E. Long." Some years ago an American ship was lost upon the same rock.

On referring to the Chart, we find the tracks of the Spanish vessels *Descubierta* and *Atrevida*, within a very short distance of this danger, and we would remind navigators, that, as the Spanish Survey was by no means a minute one, there may be many other dangers yet unknown in the channels between these islands. By keeping mid-channel, and not hauling to the northward until Point St. Iago bears east, this rock would be avoided.

New Shoals in the Eastern Seas;—Ships struck.

The following accounts of two dangerous shoals in the China and Java Seas have been presented to us by that enlightened Hydrographer Captain Horsburgh.

Omega Shoal, although not far distant from Batavia, had escaped the notice of Navigators, until discovered by Captain Russell, of the American Ship *Omega*, according to the following account which he has transmitted.

The Ship *Omega*, under my command, in March, 1835, struck on a coral shoal, and remained on it 25 hours, beat off her rudder, and received some damage in her bottom; she was got off by throwing cargo overboard to the value of about 15,000 dollars; and she was obliged to be hove down at Onruth, near Batavia, for repairs.

This shoal is steep to, extends N. N. E. and S. S. W. 150 to 200 yards, and about 70 in breadth; with from 10 to 12 feet water, and bears about E. by S. from the South end of the North Watcher, distant one mile and a quarter. There is a channel between the island and the shoal, with 12 fathoms water.

Owen Shoal, in Lat. 8° 8′ N. Long. 112° E. by two chronometers agreeing, in a run of ten days from Macao, has been discovered in May, 1835, by Captain Owen of the Ship *David Scott*, on her passage from Canton to England. She struck on it at noon, steering S. S. E. having had soundings at 6 to 4½, and once 3½ fathoms, and at 1 P. M. she cleared the shoal, having then no bottom. This shoal appeared to be about two miles in extent, composed of black and white speckled coral, and seemed to be in a state of rapid accretion, from the vitality and energy of the madrepores in the recent formations of large pieces of coral brought up by the lead. While crossing the shoal, the patches of variegated coral were bright and alarming, but no breakers were perceived, as the sea was then very smooth. In stormy weather, however, when the sea runs high, they probably break, and a large ship would be liable to strike.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto .... Ditto.........	Madras.
		Ditto .... Ditto.........	Bombay.
		Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, *(being also the Agent) having failed to accept the Bill, for the substitution of another Agent.*

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTICE.—The following Directions are published by Order of the Right Hon'ble the Governor of Bengal, for general information:

DIRECTIONS for SHIPS passing through the STRAITS of MADURA to SOERABAYA by CAPTAIN A. FRASER.

The *Lady Hayes* found twelve and thirteen fathoms through, inside Katampang, during the night, in which situation she found herself unexpectedly, after bringing Passurwang to bear S. by W. about eight miles distance, not intending to take a Pilot, steer N. ½ W. by compass, being careful not to go to the Westward of this course, to avoid the dangers on the Java shore; or, perhaps as well steer North, keeping in twelve or thirteen fathoms, you will observe a remarkably smooth conical peak to the Westward of you; with that bearing W. by S. you should be in twelve fathoms; W. S. W. in seven fathoms and a half. As the water begins to shoal, then alter course to N. E. by N. and run two miles; if you should shoal under six fathoms and a half, keep her N. N. E. you will by this time have the peak S. W. and less water, perhaps quarter less six, at about eight miles from the Straits. Now steer North, and in a distance of three miles you will shoal to a half three, soft bottom, if in the channel; if hard, rather, too near the Java shore, but, as from hence you can see the beacon that marks the edge of the shoal water on the Madura side, it being of timber, with a bamboo topmast, and bearing about N. N. W. five miles distance from you, steer direct for it, till within one and a half or two miles of it. Edge away about N. W., according to tide, you will or ought to come within half a mile of it; then bring her up gradually to W. by N. keeping close round the fishing-stakes, (Madura side,) where the water deepens to seven fathoms, soft bottom, keep rather to the Northward, for by hauling in too soon for the Shipping, you may get on a hard bank to the S. E. of the river's mouth.

It may be well to observe here, that the island off Tamba river, in Horsburgh[illegible] Charts, does not exist; but there is a rock or reef, dry at low-water, close to the Java shore. The rock or shoal in same Chart bearing N. N. E. of Passurwang is not known to the Pilots, but the courses given will lead clear of its site, and also the dangers off Bandigan; which island by following the above directions, you will not see; it should be carefully avoided, unless going between it and Madura, where I understand there is a good and safe channel. The Madura side of this gulf is best during the south-east monsoon, the winds being far more regular, off Belega there is a bank, but there is plenty room to avoid it, as it does not extend far off.

Having brought up in Soerabaya roads, you will do well to await the visit, if you do not wish to incur port charges, when you will ascertain the port regulations. There is a vigilant eye upon strangers from the Guard-ship; therefore, if not allowed, do not let your boat be seen in communication with any other vessel. The port charges for anchorage, per last of about two register tons, is one guilder or rupee; pilotage seven rupees per foot each way, one-third copper and two-thirds silver, the latter about one-eighth sterling each. If bound to the eastward from hence, you may easily apply these directions vice versa, observing, as it will be hardly possible to cross the flats in one tide, you will have to lie a tide in the mud.

The country surrounding, for some extent, appears alluvial, and is perhaps not equalled or surpassed in the world for fertility; its productions are amazing, and yet capable of great augmentation under a more liberal Government, consisting of rice, sugar, arrack, turmeric, sapan wood, rattans, cow-hides, and buffalo. These constitute the principal articles of export, the sugar being only bottoms, the superior white clayed sugar being a Government monopoly, as well as the coffee entirely. These two latter articles are sold at Government sales at Batavia, at indefinite periods, that depending mostly upon the state of their coffers.

The Maats Chapye seem to enjoy very peculiar privileges, to the exclusion of the British merchants, whom it would seem the Dutch are anxious to weed out from amongst them. I do not think it in very strict observance of the treaty between the two countries. Having spoken of the two principal articles of their growth as monopolies, it must be understood that they are taken possession of immediately from the grower, scarcely allowing him sufficient for his own consumption, and sold just at what period best answers the views of the Government. The coffee grower has but little left him after the Government exactions of somewhere about three-fourths of the total value. With sugar, as the production of it is in its infancy there, greater privileges are given to the cultivator. I believe pecuniary assistance, or lands, is given, to enable him to meet the great expense of steam machinery. But when at maturity, the sugar planter must expect no better usage than the coffee grower. The natives, it is needless to say, under such oppressive taxes, make out a miserable subsistence. The different degrees of respect paid to Englishmen and the Hollander, throughout Java, are very striking. Of rice, the average export of this district is about 12,000 to 16,000 tons; coffee produced about 7,000 or 8,000 tons; sugar, in this and the eastern districts, for the season of 1833, was expected to be about 14,000 tons —a considerable increase will take place in its production. The port of Soerabaya is doubtless the best in Java; smooth water at all seasons, a tide about nine feet, excellent holding-ground, not so pestilent as Batavia, a convenient river, a delightful country around, pleasant mansions and hospitable people: indeed there seems, if possible, more good fellowship amongst the residents themselves, viz., those belonging to the two flags, than is to be met with in Batavia. But it is with much delight that I can bear witness to the uncommon hospitality, and high integrity of the British merchants in Java; like those in China, their word is their bond; even with every Chinese trader, the word of an English merchant will pass current for thousands—well and nobly do they uphold their character.

Direction from Soerabaya to the Westward.

For four miles you cannot go wrong, for fishing-stakes in either side. If not high-water, you will then perceive abreast of you, to the Eastward, the Buffles, two islets or rocks, the outer one rarely covered; there are fishing-stakes outside of them, on the western side, in the bight between the town of Grisse and Soerabaya are the Pysangs, an extensive shoal; it is out of the way of running ships, and there is an abundance of room for plying outside of it; but if borrowing this way, you will deepen from seven in the fair way to ten fathoms upon the very edge; you must tack immediately, or you will be on them. After passing Grisse, keep rather towards the stakes on Madura side, to avoid the Banka tree, which commences immediately from Grisse, and occupies the whole of this western bight. Towards the shoal the bottom is foul, and unfit for anchorage. By keeping over on the Madura side, and steering from stakes to stakes, in plenty room, with seven fathoms, clear of all danger, with a favourable wind and tide, you will soon see Fort Ludowick on the outermost island from the western side, and Bankalan pier on the eastern. N. by E. is your course, keeping still towards the Madura stakes. The spit of soft mud from Fort Ludowick has a beacon on it, in a quarter less three fathoms: here the channel begins to narrow, and the set of tides is various and strong. With the flagstaff west, and Point Panka northwest, come no nearer to the Fort, or you will be on the spit; the beacon bears about N. N. W. of Point Panka. Both banks are steep to the channel, a bare three-quarters of a mile wide; towards the spit, if drawing in with the tide, you will have twelve, five, and three, rapidly, and aground as quick. From the beacon, the flagstaff bears S. W. and the Regent's White Wall Zidayo, N. W. by ½ W. In passing the beacon, it is usual to anchor a boat N. by W. of it, in about three fathoms. There is sufficient tide to back and fill through. On the first of the tide the water is very turbid, but after a little it subsides, and you can see the shoal water on either side, during the easterly monsoon; in the westerly or rainy monsoon it is not so, you will then experience a tide of five knots here.

After being passed this danger, the fishing stakes will lead you up to the first beacon on the starboard or eastern side. The channel is nearly N. W. and S. E. both sides beaconed; on the Panka side, until you have passed the first two beacons, it is rocky bad ground; do not borrow on this side. The first beacon on the sea bank is in two fathoms and a half, hard ground; after that soft mud; borrow more towards it. In coming from northward and westward, you will observe three remarkable flat hummocks, called the Coffins of Dood Kists; when you shut the two in behind the north-east, astern of the largest, you will be able to see the first beacon on Madura flat. The above direction may be then easily applied in the opposite way, if bound to Soerabaya.

Philippine Islands.—Rock in the Track to Manilla—
Ship struck.

We are indebted to a correspondent for the Leith Commercial List, containing the following account of a dangerous rock lying immediately in the track of ships running for Manilla from the eastward.

The following communication is from Mr. John H. Robertson, commander of the barque *Minerva*, of Alloa:— "When bound from Sydney to Manilla, on the 10th of September, 1834, at 2 A. M the vessel struck on a sunk coral rock, (not laid down in any of our English Charts,) bearing from Point St. Iago, Island of Luconia, one of the Philippine Islands, E. S. E. ½ E. four or five miles distant. Within half a mile of the rock there are seventeen fathoms. Point St. Iago lies in about 13° 41′ N. Latitude, 120° 38′ E. Long." Some years ago an American ship was lost upon the same rock.

On referring to the Chart, we find the tracks of the Spanish vessels *Descubierta* and *Atrevida*, within a very short distance of this danger, and we would remind navigators, that, as the Spanish Survey was by no means a minute one, there may be many other dangers yet unknown in the channels between these islands. By keeping mid-channel, and not hauling to the northward until Point St. Iago bears east, this rock would be avoided.

New Shoals in the Eastern Seas:—Ships struck.

The following accounts of two dangerous shoals in the China and Java Seas have been presented to us by that enlightened Hydrographer Captain Horsburgh.

Omega Shoal, although not far distant from Batavia, had escaped the notice of Navigators, until discovered by Captain Russell, of the American Ship *Omega*, according to the following account which he has transmitted.

The Ship *Omega*, under my command, in March, 1835, struck on a coral shoal, and remained on it 25 hours, beat off her rudder, and received some damage in her bottom; she was got off by throwing cargo overboard to the value of about 15,000 dollars; and she was obliged to be hove down at Onruth, near Batavia, for repairs.

This shoal is steep to, extends N. N E. and S S. W. 150 to 200 yards, and about 70 in breadth; with from 10 to 18 feet water, and bears about E. by S. from the South end of the North Watcher, distant one mile and a quarter. There is a channel between the island and the shoal, with 12 fathoms water.

Owen Shoal, in Lat. 8° 8′ N. Long. 112° E. by two chronometers agreeing, in a run of ten days from Macao, has been discovered in May, 1835, by Captain Owen of the Ship *David Scott*, on her passage from Canton to England. She struck on it at noon, steering S. S. E. having had soundings at 6 to 4½, and once 8¾ fathoms, and at 1 P. M. she cleared the shoal, having then no bottom. This shoal appeared to be about two miles in extent, composed of black and white speckled coral, and seemed to be in a state of rapid accretion, from the vitality and energy of the madrepores in the recent formations of large pieces of coral brought up by the lead. While crossing the shoal, the patches of variegated coral were bright and alarming, but no breakers were perceived, as the sea was then very smooth. In stormy weather, however, when the sea runs high, they probably break, and a large ship would be liable to strike.

NOTICE.—The following Directions are published by Order of the Right Hon'ble the Governor of Bengal, for general information :

DIRECTIONS for SHIPS passing through the STRAITS of MADURA to SOERABAYA by CAPTAIN A. FRASER.

The *Lady Hayes* found twelve and thirteen fathoms through, inside Katampang, during the night, in which situation she found herself unexpectedly, after bringing Passurwang to bear S. by W. about eight miles distance, not intending to take a Pilot, steer N. ½ W. by compass, being careful not to go to the Westward of this course, to avoid the dangers on the Java shore; or, perhaps as well steer North, keeping in twelve or thirteen fathoms, you will observe a remarkably smooth conical peak to the Westward of you; with that bearing W. by S. you should be in twelve fathoms; W. S. W. in seven fathoms and a half. As the water begins to shoal, then alter course to N. E. by N. and run two miles; if you should shoal under six fathoms and a half, keep her N. N. E. you will by this time have the peak S. W. and less water, perhaps quarter less six, at about eight miles from the Straits. Now steer North, and in a distance of three miles you will shoal to a half three, soft bottom, if in the channel; if hard, rather, too near the Java shore, but, as from hence you can see the beacon that marks the edge of the shoal water on the Madura side, it being of timber, with a bamboo topmast, and bearing about N. N. W. five miles distance from you, steer direct for it, till within one and a half or two miles of it. Edge away about N. W., according to tide, you will or ought to come within half a mile of it; then bring her up gradually to W. by N. keeping close round the fishing-stakes, (Madura side,) where the water deepens to seven fathoms, soft bottom, keep rather to the Northward, for by hauling in too soon for the Shipping, you may get on a hard bank to the S. E. of the river's mouth.

It may be well to observe here, that the island off Tamba river, in Horsburgh's Charts, does not exist; but there is a rock or reef, dry at low-water, close to the Java shore. The rock or shoal in same Chart bearing N. N. E. of Passurwang is not known to the Pilots, but the courses given will lead clear of its site, and also the dangers off Bandigan; which island by following the obove directions, you will not see; it should be carefully avoided, unless going between it and Madura, where I understand there is a good and safe channel. The Madura side of this gulf is best during the south-east monsoon, the winds being far more regular, off Belega there is a bank, but there is plenty room to avoid it, as it does not extend far off.

Having brought up in Soerabaya roads, you will do well to await the visit, if you do not wish to incur port charges, when you will ascertain the port regulations. There is a vigilant eye upon strangers from the Guard-ship; therefore, if not allowed, do not let your boat be seen in communication with any other vessel. The port charges for anchorage, per last of about two register tons, is one guilder or rupee; pilotage seven rupees per foot each way, one-third copper and two-thirds silver, the latter about one-eighth sterling each. If bound to the eastward from hence, you may easily apply these directions vice versa, observing, as it will be hardly possible to cross the flats in one tide, you will have to lie a tide in the mud.

The country surrounding, for some extent, appears alluvial, and is perhaps not equalled or surpassed in the world for fertility; its productions are amazing, and yet capable of great augmentation under a more liberal Government, consisting of rice, sugar, arrack, turmeric, sapan wood, rattans, cow-hides, and buffalo. These constitute the principal articles of export, the sugar being only bottoms, the superior white clayed sugar being a Government monopoly, as well as the coffee entirely. These two latter articles are sold at Government sales at Batavia, at indefinite periods, that depending mostly upon the state of their coffers.

The Maats Chapye seem to enjoy very peculiar privileges, to the exclusion of the British merchants, whom it would seem the Dutch are anxious to weed out from amongst them. I do not think it in very strict observance of the treaty between the two countries. Having spoken of the two principal articles of their growth as monopolies, it must be understood that they are taken possession of immediately from the grower, scarcely allowing him sufficient for his own consumption, and sold just at what period best answers the views of the Government. The coffee grower has but little left him after the Government exactions of somewhere about three-fourths of the total value. With sugar, as the production of it is in its infancy there, greater privileges are given to the cultivator. I believe pecuniary assistance, or lands, is given, to enable him to meet the great expense of steam machinery. But when at maturity, the sugar planter must expect no better usage than the coffee grower. The natives, it is needless to say, under such oppressive taxes, make out a miserable subsistence. The different degrees of respect paid to Englishmen and the Hollander, throughout Java, are very striking. Of rice, the average export of this district is about 12,000 to 16,000 tons; coffee produced about 7,000 or 8,000 tons; sugar, in this and the eastern districts, for the season of 1833, was expected to be about 14,000 tons —a considerable increase will take place in its production. The port of Soerabaya is doubtless the best in Java; smooth water at all seasons, a tide about nine feet, excellent holding-ground, not so pestilent as Batavia, a convenient river, a delightful country around, pleasant mansions and hospitable people: indeed there seems, if possible, more good fellowship amongst the residents themselves, viz., those belonging to the two flags, than is to be met with in Batavia. But it is with much delight that I can bear witness to the uncommon hospitality, and high integrity of the British merchants in Java; like those in China, their word is their bond; even with every Chinese trader, the word of an English merchant will pass current for thousands—well and nobly do they uphold their character.

Direction from Soerabaya to the Westward.

For four miles you cannot go wrong, for fishing-stakes in either side. If not high-water, you will then perceive abreast of you, to the Eastward, the Buffles, two islets or rocks, the outer one rarely covered; there are fishing-stakes outside of them, on the western side, in the bight between the town of Grisse and Soerabaya are the Pysangs, an extensive shoal; it is out of the way of running ships, and there is an abundance of room for plying outside of it; but if borrowing this way, you will deepen from seven in the fair way to ten fathoms upon the very edge; you must tack immediately, or you will be on them. After passing Grisse, keep rather towards the stakes on Madura side, to avoid the Banka tree, which commences immediately from Grisse, and occupies the whole of this western bight. Towards the shoal the bottom is foul, and unfit for anchorage. By keeping over on the Madura side, and steering from stakes to stakes, in plenty room, with seven fathoms, clear of all danger, with a favourable wind and tide, you will soon see Fort Ludowick on the outermost island from the western side, and Bankalan pier on the eastern. N. by E. is your course, keeping still towards the Madura stakes. The spit of soft mud from Fort Ludowick has a beacon on it, in a quarter less three fathoms: here the channel begins to narrow, and the set of tides is various and strong. With the flagstaff west, and Point Panka north-west, come no nearer to the Fort, or you will be on the spit; the beacon bears about N. N. W. of Point Panka. Both banks are steep to the channel, a bare three-quarters of a mile wide; towards the spit, if drawing in with the tide, you will have twelve, five, and three, rapidly, and aground as quick. From the beacon, the flagstaff bears S. W. and the Regent's White Wall Zidayo, N. W. by ¼ W. In passing the beacon, it is usual to anchor a boat N. by W. of it, in about three fathoms. There is sufficient tide to back and fill through. On the first of the tide the water is very turbid, but after a little it subsides, and you can see the shoal water on either side, during the easterly monsoon; in the westerly or rainy monsoon it is not so, you will then experience a tide of five knots here.

After being passed this danger, the fishing stakes will lead you up to the first beacon on the starboard or eastern side. The channel is nearly N. W. and S. E. both sides beaconed; on the Panka side, until you have passed the first two beacons, it is rocky bad ground; do not borrow on this side. The first beacon on the sea bank is in two fathoms and a half, hard ground; after that soft mud; borrow more towards it. In coming from northward and westward, you will observe three remarkable flat hummocks, called the Coffins of Dood Kists; when you shut the two in behind the north-east, estern of the largest, you will be able to see the first beacon on Madura flat. The above direction may be then easily applied in the opposite way, if bound to Soerabaya.

Philippine Islands.—Rock in the Track to Manilla—
Ship struck.

We are indebted to a correspondent for the Leith Commercial List, containing the following account of a dangerous rock lying immediately in the track of ships running for Manilla from the eastward.

The following communication is from Mr. John H. Robertson, commander of the barque *Minerva*, of Alloa :—"When bound from Sydney to Manilla, on the 10th of September, 1834, at 2 A. M the vessel struck on a sunk coral rock, (not laid down in any of our English Charts,) bearing from Point St. Iago, Island of Luconia, one of the Philippine Islands, E. S. E. ½ E. four or five miles distant. Within half a mile of the rock there are seventeen fathoms. Point St. Iago lies in about 13° 41′ N. Latitude, 120° 38′ E. Long." Some years ago an American ship was lost upon the same rock.

On referring to the Chart, we find the tracks of the Spanish vessels *Descubierta* and *Atrevida*, within a very short distance of this danger, and we would remind navigators, that, as the Spanish Survey was by no means a minute one, there may be many other dangers yet

unknown in the channels between these islands. By keeping mid-channel, and not hauling to the northward until Point St. Iago bears east, this rock would be avoided.

New Shoals in the Eastern Seas :—Ships struck.

The following accounts of two dangerous shoals in the China and Java Seas have been presented to us by that enlightened Hydrographer Captain Horsburgh.

Omega Shoal, although not far distant from Batavia, had escaped the notice of Navigators, until discovered by Captain Russell, of the American Ship *Omega*, according to the following account which he has transmitted.

The Ship *Omega*, under my command, in March, 1836, struck on a coral shoal, and remained on it 25 hours, beat off her rudder, and received some damage in her bottom ; she was got off by throwing cargo overboard to the value of about 15,000 dollars ; and she was obliged to be hove down at Onruth, near Batavia, for repairs.

This shoal is steep to, extends N. N. E. and S. S. W. 150 to 200 yards, and about 70 in breadth ; with from 10 to 13 *feet water*, and bears about E. by S. from the South end of the North Watcher, distant one mile and a quarter. *There is a channel between the island and the shoal, with* 12 *fathoms water*

Owen Shoal, in Lat. 8° 8′ N. Long. 112° E. by two chronometers agreeing, in a run of ten days from Macao, has been discovered in May, 1835, by Captain Owen of the Ship *David Scott*, on her passage from Canton to England. She struck on it at noon, steering S. S. E. having had soundings at 6 to 4½, and once 3¾ fathoms, and at 1 P. M. she cleared the shoal, having then no bottom. This shoal appeared to be about two miles in extent, composed of black and white speckled coral, and seemed to be in a state of rapid accretion, from the vitality and energy of the madrepores in the recent formations of large pieces of coral brought up by the lead. While crossing the shoal, the patches of variegated coral were bright and alarming, but no breakers were perceived, as the sea was then very smooth. In stormy weather, however, when the sea runs high, they probably break, and a large ship would be liable to strike.

NOTICE.—The following Directions are published by Order of the Right Hon'ble the Governor of Bengal, for general information:

DIRECTIONS for SHIPS passing through the STRAITS of MADURA to SOERABAYA by CAPTAIN A. FRASER.

The *Lady Hayes* found twelve and thirteen fathoms through, inside Katampang, during the night, in which situation she found herself unexpectedly, after bringing Passurwang to bear S. by W. about eight miles distance, not intending to take a Pilot, steer N. ½ W. by compass, being careful not to go to the Westward of this course, to avoid the dangers on the Java shore; or, perhaps as well steer North, keeping in twelve or thirteen fathoms, you will observe a remarkably smooth conical peak to the Westward of you; with that bearing W. by S. you should be in twelve fathoms; W. S. W. in seven fathoms and a half. As the water begins to shoal, then alter course to N. E. by N. and run two miles; if you should shoal under six fathoms and a half, keep her N. N. E. you will by this time have the peak S. W. and less water, perhaps quarter less six, at about eight miles from the Straits. Now steer North, and in a distance of three miles you will shoal to a half three, soft bottom, if in the channel; if hard, rather, too near the Java shore, but, as from hence you can see the beacon that marks the edge of the shoal water on the Madura side, it being of timber, with a bamboo topmast, and bearing about N. N. W. five miles distance from you, steer direct for it, till within one and a half or two miles of it. Edge away about N. W., according to tide, you will or ought to come within half a mile of it; then bring her up gradually to W. by N. keeping close round the fishing-stakes, (Madura side,) where the water deepens to seven fathoms, soft bottom, keep rather to the Northward, for by hauling in too soon for the Shipping, you may get on a hard bank to the S. E. of the river's mouth.

It may be well to observe here, that the island off Tamba river, in Horsburgh's Charts, does not exist; but there is a rock or reef, dry at low-water, close to the Java shore. The rock or shoal in same Chart bearing N. N E. of Passurwang is not known to the Pilots, but the courses given will lead clear of its site, and also the dangers off Bandigan; which island by following the above directions, you will not see; it should be carefully avoided, unless going between it and Madura, where I understand there is a good and safe channel. The Madura side of this gulf is best during the south-east monsoon, the winds being far more regular, off Belega there is a bank, but there is plenty room to avoid it, as it does not extend far off.

Having brought up in Soerabaya roads, you will do well to await the visit, if you do not wish to incur port charges, when you will ascertain the port regulations. There is a vigilant eye upon strangers from the Guard-ship; therefore, if not allowed, do not let your boat be seen in communication with any other vessel. The port charges for anchorage, per last of about two register tons, is one guilder or rupee; pilotage seven rupees per foot each way, one-third copper and two-thirds silver, the latter about one-eighth sterling each. If bound to the eastward from hence, you may easily apply these directions vice versa, observing, as it will be hardly possible to cross the flats in one tide, you will have to lie a tide in the mud.

The country surrounding, for some extent, appears alluvial, and is perhaps not equalled or surpassed in the world for fertility; its productions are amazing, and yet capable of great augmentation under a more liberal Government, consisting of rice, sugar, arrack, turmeric, sapan wood, rattans, cow-hides, and buffalo. These constitute the principal articles of export, the sugar being only bottoms, the superior white clayed sugar being a Government monopoly, as well as the coffee entirely. These two latter articles are sold at Government sales at Batavia, at indefinite periods, that depending mostly upon the state of their coffers.

The Maats Chapye seem to enjoy very peculiar privileges, to the exclusion of the British merchants, whom it would seem the Dutch are anxious to weed out from amongst them. I do not think it in very strict observance of the treaty between the two countries. Having spoken of the two principal articles of their growth as monopolies, it must be understood that they are taken possession of immediately from the grower, scarcely allowing him sufficient for his own consumption, and sold just at what period best answers the views of the Government. The coffee grower has but little left him after the Government exactions of somewhere about three-fourths of the total value. With sugar, as the production of it is in its infancy there, greater privileges are given to the cultivator. I believe pecuniary assistance, or lands, is given, to enable him to meet the great expense of steam machinery. But when at maturity, the sugar planter must expect no better usage than the coffee grower. The natives, it is needless to say, under such oppressive taxes, make out a miserable subsistence. The different degrees of respect paid to Englishmen and the Hollander, throughout Java, are very striking. Of rice, the average export of this district is about 12,000 to 16,000 tons; coffee produced about 7,000 or 8,000 tons; sugar, in this and the eastern districts, for the season of 1833, was expected to be about 14,000 tons—a considerable increase will take place in its production. The port of Soerabaya is doubtless the best in Java; smooth water at all seasons, a tide about nine feet, excellent holding-ground, not so pestilent as Batavia, a convenient river, a delightful country around, pleasant mansions and hospitable people: indeed there seems, if possible, more good fellowship amongst the residents themselves, viz., those belonging to the two flags, than is to be met with in Batavia. But it is with much delight that I can bear witness to the uncommon hospitality, and high integrity of the British merchants in Java; like those in China, their word is their bond; even with every Chinese trader, the word of an English merchant will pass current for thousands—well and nobly do they uphold their character.

Direction from Soerabaya to the Westward.

For four miles you cannot go wrong, for fishing-stakes in either side. If not high-water, you will then perceive abreast of you, to the Eastward, the Buffles, two islets or rocks, the outer one rarely covered; there are fishing-stakes outside of them, on the western side, in the bight between the town of Grisse and Soerabaya are the Pysangs, an extensive shoal; it is out of the way of running ships, and there is an abundance of room for plying outside of it; but if borrowing this way, you will deepen from seven in the fair way to ten fathoms upon the very edge; you must tack immediately, or you will be on them. After passing Grisse, keep rather towards the stakes on Madura side, to avoid the Banka tree, which commences immediately from Grisse, and occupies the whole of this western bight. Towards the shoal the bottom is foul, and unfit for anchorage. By keeping over on the Madura side, and steering from stakes to stakes, in plenty room, with seven fathoms, clear of all danger, with a favourable wind and tide, you will soon see Fort Ludowick on the outermost island from the western side, and Bankalan pier on the eastern. N. by E. is your course, keeping still towards the Madura stakes. The spit of soft mud from Fort Ludowick has a beacon on it, in a quarter less three fathoms: here the channel begins to narrow, and the set of tides is various and strong. With the flagstaff west, and Point Panka north-west, come no nearer to the Fort, or you will be on the spit; the beacon bears about N. N. W. of Point Panka. Both banks are steep to the channel, a bare three-quarters of a mile wide; towards the spit, if drawing in with the tide, you will have twelve, five, and three, rapidly, and aground as quick. From the beacon, the flagstaff bears S. W. and the Regent's White Wall Zidayo, N. W. by ½ W. In passing the beacon, it is usual to anchor a boat N. by W. of it, in about three fathoms. There is sufficient tide to back and fill through. On the first of the tide the water is very turbid, but after a little it subsides, and you can see the shoal water on either side, during the easterly monsoon; in the westerly or rainy monsoon it is not so, you will then experience a tide of five knots here.

After being passed this danger, the fishing stakes will lead you up to the first beacon on the starboard or eastern side. The channel is nearly N. W. and S. E. both sides beaconed; on the Panka side, until you have passed the first two beacons, it is rocky bad ground; do not borrow on this side. The first beacon on the sea bank is in two fathoms and a half, hard ground; after that soft mud; borrow more towards it. In coming from northward and westward, you will observe three remarkable flat hummocks, called the Coffins of Dood Kists; when you shut the two in behind the north-east, astern of the largest, you will be able to see the first beacon on Madura flat. The above direction may be then easily applied in the opposite way, if bound to Soerabaya.

Philippine Islands.—Rock in the Track to Manilla—Ship struck.

We are indebted to a correspondent for the Leith Commercial List, containing the following account of a dangerous rock lying immediately in the track of ships running for Manilla from the eastward.

The following communication is from Mr. John H. Robertson, commander of the barque *Minerva*, of Alloa:—"When bound from Sydney to Manilla, on the 10th of September, 1834, at 2 A. M the vessel struck on a sunk coral rock, (not laid down in any of our English Charts,) bearing from Point St. Iago, Island of Luconia, one of the Philippine Islands, E. S. E. ½ E. four or five miles distant. Within half a mile of the rock there are seventeen fathoms. Point St. Iago lies in about 13° 41′ N. Latitude, 120° 35′ E. Long." Some years ago an American ship was lost upon the same rock.

On referring to the Chart, we find the tracks of the Spanish vessels *Descubierta* and *Atrevida*, within a very short distance of this danger, and we would remind navigators, that, as the Spanish Survey was by no means a minute one, there may be many other dangers yet

unknown in the channels between these islands. By keeping mid-channel, and not hauling to the northward until Point St. Iago bears east, this rock would be avoided.

New Shoals in the Eastern Seas :—Ships struck.

The following accounts of two dangerous shoals in the China and Java Seas have been presented to us by that enlightened Hydrographer Captain Horsburgh.

Omega Shoal, although not far distant from Batavia, had escaped the notice of Navigators, until discovered by Captain Russell, of the American Ship *Omega*, according to the following account which he has transmitted.

The Ship *Omega*, under my command, in March, 1835, struck on a coral shoal, and remained on it 25 hours, beat off her rudder, and received some damage in her bottom; she was got off by throwing cargo overboard to the value of about 15,000 dollars; and she was obliged to be hove down at Onruth, near Batavia, for repairs.

This shoal is steep to, extends N. N. E. and S. S. W. 150 to 200 yards, and about 70 in breadth; with from 10 to 18 feet water, and bears about E. by S. from the South end of the North Watcher, distant one mile and a quarter. There is a channel between the island and the shoal, with 12 fathoms water.

Owen Shoal, in Lat. 8′ 8′ N. Long. 112° E. by two chronometers agreeing, in a run of ten days from Macao, has been discovered in May, 1835, by Captain Owen of the Ship *David Scott*, on her passage from Canton to England. She struck on it at noon, steering S. S. E. having had soundings at 6 to 4½, and once 3½ fathoms, and at 1 P. M. she cleared the shoal, having then no bottom. This shoal appeared to be about two miles in extent, composed of black and white speckled coral, and seemed to be in a state of rapid accretion, from the vitality and energy of the madrepores in the recent formations of large pieces of coral brought up by the lead. While crossing the shoal, the patches of variegated coral were bright and alarming, but no breakers were perceived, as the sea was then very smooth. In stormy weather, however, when the sea runs high, they probably break, and a large ship would be liable to strike.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the *Bills*; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the *Bill*, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTICE.—The following Directions are published by Order of the Right Hon'ble the Governor of Bengal, for general information:

Directions for Ships passing through the Straits of Madura to Soerabaya by Captain A. Fraser.

The *Lady Hayes* found twelve and thirteen fathoms through, inside Katampang, during the night, in which situation she found herself unexpectedly, after bringing Passurwang to bear S. by W. about eight miles distance, not intending to take a Pilot, steer N. ½ W. by compass, being careful not to go to the Westward of this course, to avoid the dangers on the Java shore; or, perhaps as well steer North, keeping in twelve or thirteen fathoms, you will observe a remarkably smooth conical peak to the Westward of you; with that bearing W. by S. you should be in twelve fathoms; W. S. W. in seven fathoms and a half. As the water begins to shoal, then alter course to N. E. by N. and run two miles; if you should shoal under six fathoms and a half, keep her N. N. E. you will by this time have the peak S. W. and less water, perhaps quarter less six, at about eight miles from the Straits. Now steer North, and in a distance of three miles you will shoal to a half three, soft bottom, if in the channel; if hard, rather, too near the Java shore, but, as from hence you can see the beacon that marks the edge of the shoal water on the Madura side, it being of timber, with a bamboo topmast, and bearing about N. N. W. five miles distance from you, steer direct for it, till within one and a half or two miles of it. Edge away about N. W., according to tide, you will or ought to come within half a mile of it; then bring her up gradually to W. by N. keeping close round the fishing-stakes, (Madura side,) where the water deepens to seven fathoms, soft bottom, keep rather to the Northward, for by hauling in too soon for the Shipping, you may get on a hard bank to the S. E. of the river's mouth.

It may be well to observe here, that the island off Tamba river, in Horsburgh's Charts, does not exist; but there is a rock or reef, dry at low-water, close to the Java shore. The rock or shoal in same Chart bearing N. N. E. of Passurwang is not known to the Pilots, but the courses given will lead clear of its site, and also the dangers off Bandigan; which island by following the obove directions, you will not see; it should be carefully avoided, unless going between it and Madura, where I understand there is a good and safe channel. The Madura side of this gulf is best during the south-east monsoon, the winds being far more regular, off Belega there is a bank, but there is plenty room to avoid it, as it does not extend far off.

Having brought up in Soerabaya roads, you will do well to await the visit, if you do not wish to incur port charges, when you will ascertain the port regulations. There is a vigilant eye upon strangers from the Guard-ship; therefore, if not allowed, do not let your boat be seen in communication with any other vessel. The port charges for anchorage, per last of about two register tons, is one guilder or rupee; pilotage seven rupees per foot each way, one-third copper and two-thirds silver, the latter about one-eighth sterling each. If bound to the eastward from hence, you may easily apply these directions vice versa, observing, as it will be hardly possible to cross the flats in one tide, you will have to lie a tide in the mud.

The country surrounding, for some extent, appears alluvial, and is perhaps not equalled or surpassed in the world for fertility; its productions are amazing, and yet capable of great augmentation under a more liberal Government, consisting of rice, sugar, arrack, turmeric, sapan wood, rattans, cow-hides, and buffalo. These constitute the principal articles of export, the sugar being only bottoms, the superior white clayed sugar being a Government monopoly, as well as the coffee entirely. These two latter articles are sold at Government sales at Batavia, at indefinite periods, that depending mostly upon the state of their coffers.

The Maats Chapye seem to enjoy very peculiar privileges, to the exclusion of the British merchants, whom it would seem the Dutch are anxious to weed out from amongst them. I do not think it in very strict observance of the treaty between the two countries. Having spoken of the two principal articles of their growth as monopolies, it must be understood that they are taken possession of immediately from the grower, scarcely allowing him sufficient for his own consumption, and sold just at what period best answers the views of the Government. The coffee grower has but little left him after the Government exactions of somewhere about three-fourths of the total value. With sugar, as the production of it is in its infancy there, greater privileges are given to the cultivator. I believe pecuniary assistance, or lands, is given, to enable him to meet the great expense of steam machinery. But when at maturity, the sugar planter must expect no better usage than the coffee grower. The natives, it is needless to say, under such oppressive taxes, make out a miserable subsistence. The different degrees of respect paid to Englishmen and the Hollander, throughout Java, are very striking. Of rice, the average export of this district is about 12,000 to 16,000 tons; coffee produced about 7,000 or 8,000 tons; sugar, in this and the eastern districts, for the season of 1833, was expected to be about 14,000 tons—a considerable increase will take place in its production. The port of Soerabaya is doubtless the best in Java; smooth water at all seasons, a tide about nine feet, excellent holding-ground, not so pestilent as Batavia, a convenient river, a delightful country around, pleasant mansions and hospitable people: indeed there seems, if possible, more good fellowship amongst the residents themselves, viz., those belonging to the two flags, than is to be met with in Batavia. But it is with much delight that I can bear witness to the uncommon hospitality, and high integrity of the British merchants in Java; like those in China, their word is their bond; even with every Chinese trader, the word of an English merchant will pass current for thousands—well and nobly do they uphold their character.

Direction from Soerabaya to the Westward.

For four miles you cannot go wrong, for fishing-stakes in either side. If not high-water, you will then perceive abreast of you, to the Eastward, the Buffles, two islets or rocks, the outer one rarely covered; there are fishing-stakes outside of them, on the western side, in the bight between the town of Grisse and Soerabaya are the Pysangs, an extensive shoal; it is out of the way of running ships, and there is an abundance of room for plying outside of it; but if borrowing this way, you will deepen from seven in the fair way to ten fathoms upon the very edge; you must tack immediately, or you will be on them. After passing Grisse, keep rather towards the stakes on Madura side, to avoid the Banka tree, which commences immediately from Grisse, and occupies the whole of this western bight. Towards the shoal the bottom is foul, and unfit for anchorage. By keeping over on the Madura side, and steering from stakes to stakes, in plenty room, with seven fathoms, clear of all danger, with a favourable wind and tide, you will soon see Fort Ludowick on the outermost island from the western side, and Bankalan pier on the eastern. N. by E. is your course, keeping still towards the Madura stakes. The spit of soft mud from Fort Ludowick has a beacon on it, in a quarter less three fathoms: here the channel begins to narrow, and the set of tides is various and strong. With the flagstaff west, and Point Panka north-west, come no nearer to the Fort, or you will be on the spit; the beacon bears about N. N. W. of Point Panka. Both banks are steep to the channel, a bare three-quarters of a mile wide; towards the spit, if drawing in with the *tide*, you will have twelve, five, and three, *rapidly*, and aground as quick. From the beacon, the flagstaff bears S. W. and the Regent's White Wall Zidayo, N. W. by ¼ W. In passing the beacon, it is usual to anchor a boat N. by W. of it, in about three fathoms. There is sufficient tide to back and fill through. On the first of the tide the water is very turbid, but after a little it subsides, and you can see the shoal water on either side, during the easterly monsoon; in the westerly or rainy monsoon it is not so, you will then experience a tide of five knots here.

After being passed this danger, the fishing stakes will lead you up to the first beacon on the starboard or eastern side. The channel is nearly N. W. and S. E. both sides beaconed; on the Panka side, until you have passed the first two beacons, it is rocky bad ground; do not borrow on this side. The first beacon on the sea bank is in two fathoms and a half, hard ground; after that soft mud; borrow more towards it. In coming from northward and westward, you will observe three remarkable flat hummocks, called the Coffins of Dood Kists; when you shut the two in behind the north-east, astern of the largest, you will be able to see the first beacon on Madura flat. The above direction may be then easily applied in the opposite way, if bound to Soerabaya.

Philippine Islands.—Rock in the Track to Manilla—Ship struck.

We are indebted to a correspondent for the Leith Commercial List, containing the following account of a dangerous rock lying immediately in the track of ships running for Manilla from the eastward.

The following communication is from Mr. John H. Robertson, commander of the barque *Minerva*, of Alloa:—"When bound from Sydney to Manilla, on the 10th of September, 1834, at 2 A. M. the vessel struck on a sunk coral rock, (not laid down in any of our English Charts,) bearing from Point St. Iago, Island of Luconia, one of the Philippine Islands, E. S. E. ½ E. four or five miles distant. Within half a mile of the rock there are seventeen fathoms. Point St. Iago lies in about 13° 41′ N. Latitude, 120° 38′ E. Long." Some years ago an American ship was lost upon the same rock.

On referring to the Chart, we find the tracks of the Spanish vessels *Descubierta* and *Atrevida*, within a very short distance of this danger, and we would remind navigators, that, as the Spanish Survey was by no means a minute one, there may be many other dangers yet

unknown in the channels between these islands. By keeping mid-channel, and not hauling to the northward until Point St. Iugo bears east, this rock would be avoided.

New Shoals in the Eastern Seas :—Ships struck.

The following accounts of two dangerous shoals in the China and Java Seas have been presented to us by that enlightened Hydrographer Captain Horsburgh.

Omega Shoal, although not far distant from Batavia, had escaped the notice of Navigators, until discovered by Captain Russell, of the American Ship *Omega*, according to the following account which he has transmitted.

The Ship *Omega*, under my command, in March, 1835, struck on a coral shoal, and remained on it 25 hours, beat off her rudder, and received some damage in her bottom ; she was got off by throwing cargo overboard to the value of about 15,000 dollars ; and she was obliged to be hove down at Onruth, near Batavia, for repairs.

This shoal is steep to, extends N. N E. and S S. W. 150 to 200 yards, and about 70 in breadth ; with from 10 to 13 feet water, and bears about E. by S. from the South end of the North Watcher, distant one mile and a quarter. There is a channel between the island and the shoal, with 12 fathoms water.

Owen Shoal, in Lat. 8° 8′ N. Long. 112° E. by two chronometers agreeing, in a run of ten days from Macao, has been discovered in May, 1835, by Captain Owen of the Ship *David Scott*, on her passage from Canton to England. She struck on it at noon, steering S. S. E. having had soundings at 6 to 4⅓, and once 3¾ fathoms, and at 1 P. M. she cleared the shoal, having then no bottom. This shoal appeared to be about two miles in extent, composed of black and white speckled coral, and seemed to be in a state of rapid accretion, from the vitality and energy of the madrepores in the recent formations of large pieces of coral brought up by the lead. While crossing the shoal, the patches of variegated coral were bright and alarming, but no breakers were perceived, as the sea was then very smooth. In stormy weather, however, when the sea runs high, they probably break, and a large ship would be liable to strike.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 5TH SEPTEMBER, 1836.

Resolution.—As the period of eighteen months during which the Proprietors of Shares in the Bank of Bengal possess the exclusive privilege of subscribing for the additional Capital Stock of that Bank, will expire on the 10th of September, the Governor General in Council has taken into his serious consideration the constitution and the rules of that body.

His Lordship in Council is of opinion that many parts of the existing Charter might with advantage, be altered. But he is unwilling without a previous reference to the Hon'ble the Court of Directors to make any important change which can be deferred without serious inconvenience.

One change, His Lordship in Council conceives, the Government is bound in justice to make without delay. The maximum amount of Bank Stock which a single Proprietor is allowed to hold is a lac of rupees. If this rule be maintained, it is plain that those who are possessed of the largest quantity of the old Stock will obtain no Share whatever of the additional Stock. The increase of the Stock was supposed to be injurious to the old Proprietors, and it is on that account that they have been allowed by way of indemnification to possess during a certain time an exclusive right of subscribing for the additional Stock. The indemnification ought evidently to be proportioned to the loss. But if the present maximum be continued the indemnification will be large to those who lose little, small to many who lose much, and nothing at all to those who lose most. His Lordship in Council has therefore determined at once to raise the maximum from a lac to a lac and a half. This measure will remedy the immediate evil. Whether it be desirable to have a still higher maximum, or to have any maximum at all, will be matter for future consideration.

His Lordship in Council adverting to the change which has recently been made in the currency of these provinces, is of opinion that it is desirable that the Capital Stock of the Bank of Bengal and every Share of that Capital Stock should be expressed in Company's Rupees, and should consist of such a number of Company's Rupees as will admit of ready computation. Under any other circumstances than those which at this moment exist, it would be impossible for the Government to make this alteration without compelling the existing Proprietors either to purchase a greater quantity of Stock than they might wish to hold, or to part with Stock which they might wish to keep: and to use such compulsion would in the opinion of His Lordship in Council, be inconsistent with due respect for public faith and the rights of property.

Happily the mode in which the increase of the Capital of the Bank has been effected gives His Lordship in Council an opportunity such as can never again offer itself, of effecting this desirable object. The Stock formerly held by private individuals amounted to 40 lacs of Sicca Rupees and each Share to 10,000 Sicca Rupees

The additional Stock, all of which will be taken by Proprietors of the old Stock, amounts to 20 lacs of Sicca Rupees. Every Share of 10,000 Sicca Rupees will (by the addition of half a Share which each holder of one Share is entitled to subscribe for) be increased to 15,000 Sicca Rupees; and 15,000 Sicca Rupees are exactly equivalent to 16,000 Company's Rupees. It appears therefore advisable to make without delay, a change which is highly convenient, and which, if deferred till transfers have taken place, it will be impossible to effect without injustice.

His Lordship in Council has determined to fix on 4,000 Company's Rupees as the amount of a single Share of Bank Stock.

This change will render it necessary to make a change in the distribution of the votes at General Meetings of the Proprietary body. His Lordship in Council thinks it desirable that every holder of a single Share should have one vote. He also thinks it desirable that no person whatever his stake in the Bank may be, should have a greater number of votes than seven, which is now the maximum.

His Lordship in Council has fixed the 1st of October for the realization of the Subscriptions, and for the commencement of the new system.

His Lordship in Council has therefore been pleased to direct, that the following Draft of an Act be published for general information:

ACT NO. —— OF 1836.

I. It is hereby enacted, that from the day of the passing of this Act any person may hold Capital Stock of the Bank of Bengal to an amount not exceeding 1,60,000 Company's Rupees, and that any existing Proprietor of Stock of the said Bank

may subscribe for additional Stock of the said Bank in proportion to his interest, any restriction in the Charter of the said Bank contained notwithstanding.

II. And it is hereby enacted, that the sum of 70 lacs of Sicca Rupees which is the increased Capital Stock of the said Bank shall, on or before the 1st of October, 1836, be made up by the Governor General of India in Council, to the sum of 75 lacs of Company's Rupees.

III. And it is hereby enacted, that the said sum of 75 lacs of Company's Rupees shall, from the 1st day of October, 1836, be the Capital Stock of the said Bank, and shall be divided into 1875 Shares of 4,000 Company's Rupees each.

IV. And it is hereby enacted, that 275 of the said Shares numbered from 1 to 275 inclusive, shall be the property of the Governor General of India in Council on behalf of the East India Company, and that the remaining 1,600 Shares numbered from 276 to 1875 inclusive, shall be the property of those persons who on the said 1st of October, 1836, shall be Proprietors of the Capital Stock of the said Bank, and that every such Proprietor shall, for every sum of Sicca Rupees 3750 of Stock of the said Bank held by him, be entitled to one of the said Shares.

V. And it is hereby enacted, that on the 30th of September, 1836, the account of the Profits upon the Capital Stock of the said Bank as consisting of 50 lacs of Sicca Rupees, divided into 500 Shares, shall be wound up, and a dividend declared; and that from the 1st of October, 1836, the holders of the new Shares of 4,000 Company's Rupees each shall be entitled to Share in the profits of the Bank in proportion to their interest, and that the first dividend on the said new Shares shall be declared on the 1st of January, 1837.

VI. And it is hereby enacted, that if the subscription for any Share shall not be paid up on or before the 1st of October, such Share shall become the property of the said Bank, and shall be sold for the benefit of the said Bank, and the price of such Share shall be added to the profits of the said Bank.

VII. And it is hereby enacted, that Certificates shall be granted for the said Shares of 4,000 Company's Rupees each in the same manner in which Certificates have hitherto been granted for Shares of the Capital Stock of the said Bank, and that the said Shares of 4,000 Company's Rupees each shall be registered, and shall be transferable and assignable in the same manner in which Shares of the Capital Stock of the said Bank have hitherto been.

VIII. And it is hereby enacted, that the said Shares of 4,000 Company's Rupees each may be subdivided into Quarter Shares of 1,000 Company's Rupees each, and that such Quarter Shares may be assigned, transferred, and reunited in the same manner in which fractional parts of Shares of the Capital Stock of the said Bank have hitherto been assigned, transferred and reunited.

IX. And it is hereby enacted, that the Proprietors of the Capital Stock of the said Bank shall from the 1st day of October, 1836, be entitled at their meetings, to vote according to the following scale:

1 Share of 4,000 Co.'s Rs. shall entitle to 1 Vote.

Ordered, that the Draft now read be published for general information.

NOTICE —The following Directions are published by Order of the Right Hon'ble the Governor of Bengal, for general information:

DIRECTIONS for SHIPS passing through the STRAITS of MADURA to SOERABAYA by CAPTAIN A. FRASER.

The *Lady Hayes* found twelve and thirteen fathoms through, inside Katampang, during the night, in which situation she found herself unexpectedly, after bringing Passurwang to bear S. by W about eight miles distance, not intending to take a Pilot, steer N ½ W by compass, being careful not to go to the Westward of this course, to avoid the dangers on the Java shore; or, perhaps as well steer North, keeping in twelve or thirteen fathoms, you will observe a remarkably smooth conical peak to the Westward of you; with that bearing W. by S. you should be in twelve fathoms; W. S. W. in seven fathoms and a half As the water begins to shoal, then alter course to N. E. by N. and run two miles; if you should shoal under six fathoms and a half, keep her N. N. E you will by this time have the peak S. W and less water, perhaps quarter less six, at about eight miles from the Straits. Now steer North, and in a distance of three miles you will shoal to a half three, soft bottom, if in the channel; if hard, rather, too near the Java shore, but, as from hence you can see the beacon that marks the edge of the shoal water on the Madura side, it being of timber, with a bamboo topmast, and bearing about N. N. W. five miles distance from you, steer direct for it, till within one and a half or two miles of it. Edge away about N W., according to tide, you will or ought to come within half a mile of it; then bring her up gradually to W. by N. keeping close round the fishing-stakes, (Madura side,) where the water deepens to seven fathoms, soft bottom, keep rather to the Northward, for by hauling in too soon for the Shipping, you may get on a hard bank to the S. E. of the river's mouth

It may be well to observe here, that the island off Tamba river, in Horsburgh's Charts, does not exist; but there is a rock or reef, dry at low-water, close to the Java shore. The rock or shoal in same Chart bearing N. N E. of Passurwang is not known to the Pilots, but the courses "given will lead clear of its site, and also the dangers off Bandigan; which island by following the above directions, you will not see; it should be carefully avoided, unless going between it and Madura, where I understand there is a good and safe channel The Madura side of this gulf is best during the south-east monsoon, the winds being far more regular, off Belega there is a bank, but there is plenty room to avoid it, as it does not extend far off.

Having brought up in Soerabaya roads, you will do well to await the visit, if you do not wish to incur port charges, when you will ascertain the port regulations. There is a vigilant eye upon strangers from the Guardship; therefore, if not allowed, do not let your boat be seen in communication with any other vessel. The port charges for anchorage, per last of about two register tons, is one guilder or rupee; pilotage seven rupees per foot each way, one-third copper and two-thirds silver, the latter about one-eighth sterling each. If bound to the eastward from hence, you may easily apply these directions vice versa, observing, as it will be hardly possible to cross the flats in one tide, you will have to lie a tide in the mud.

The country surrounding, for some extent, appears alluvial, and is perhaps not equalled or surpassed in the world for fertility; its productions are amazing, and yet capable of great augmentation under a more liberal Government, consisting of rice, sugar, arrack, turmeric, sapan wood, rattans, cow-hides, and buffalo. These constitute the principal articles of export, the sugar being only bottoms, the superior white clayed sugar being a Government monopoly, as well as the coffee entirely These two latter articles are sold at Government sales at Batavia, at indefinite periods, that depending mostly upon the state of their coffers.

The Maats Chapye seem to enjoy very peculiar privileges, to the exclusion of the British merchants, whom it would seem the Dutch are anxious to weed out from amongst them. I do not think it in very strict observance of the treaty between the two countries Having spoken of the two principal articles of their growth as monopolies, it must be understood that they are taken possession of immediately from the grower, scarcely allowing him sufficient for his own consumption, and sold just at what period best answers the views of the Government The coffee grower has but little left him after the Government exactions of somewhere about three-fourths of the total value. With sugar, as the production of it is in its infancy there, greater privileges are given to the cultivator. I believe pecuniary assistance, or lands, is given, to enable him to meet the great expense of steam machinery. But when at maturity, the sugar planter must expect no better usage than the coffee grower. The natives, it is needless to say, under such oppressive taxes, make out a miserable subsistence. The different degrees of respect paid to Englishmen and the Hollander, throughout Java, are very striking. Of rice, the average export of this district is about 12,000 to 16,000 tons; coffee produced about 7,000 or 8,000 tons; sugar, in this and the eastern districts, for the season of 1833, was expected to be about 14,000 tons —a considerable increase will take place in its production The port of Soerabaya is doubtless the best in Java; smooth water at all seasons, a tide about nine feet, excellent holding-ground, not so pestilent as Batavia, a convenient river, a delightful country around, pleasant mansions and hospitable people: indeed there seems, if possible, more good fellowship amongst the residents themselves, viz., those belonging to the two flags, than is to be met with in Batavia. But it is with much delight that I can bear witness to the uncommon hospitality, and high integrity of the British merchants in Java; like those in China, their word is their bond; even with every Chinese trader, the word of an English merchant will pass current for thousands—well and nobly do they uphold their character.

Direction from Soerabaya to the Westward.

For four miles you cannot go wrong, for fishing-stakes in either side. If not high-water, you will then perceive abreast of you, to the Eastward, the Buffles, two islets or rocks, the outer one rarely covered; there are fishing-stakes outside of them, on the western side, in the bight between the town of Grisse and Soerabaya are the Pysangs, an extensive shoal; it is out of the way of running ships, and there is an abundance of room for plying outside of it; but if borrowing this way, you will deepen from seven in the fair way to ten fathoms upon the very edge; you must tack immediately, or you will be on them After passing Grisse, keep rather towards the stakes on Madura side, to avoid the Banka tree, which commences immediately from Grisse, and occupies the whole of this western bight. Towards the shoal the bottom is foul, and unfit for anchorage. By keeping over on the Madura side, and steering from stakes to stakes, in plenty room, with seven fathoms, clear of all danger, with a favourable wind and tide, you will soon see Fort Ludowick on the outermost island from the western side, and Bankalan pier on the eastern N. by E is your course, keeping still towards the Madura stakes. The spit of soft mud from Fort Ludowick has a beacon on it, in a quarter less three fathoms: here the channel begins to narrow, and the set of tides is various and strong. With the flagstaff west, and Point Panka north-west, come no nearer to the Fort, or you will be on the spit; the beacon bears about N N. W. of Point Panka. Both banks are steep to the channel, a bare three-quarters of a mile wide, towards the spit, if drawing in with the tide, you will have twelve, five, and three, rapidly, and aground as quick. From the beacon, the flagstaff bears S. W. and the Regent's White Wall Zidayo, N. W. by ½ W. In passing the beacon, it is usual to anchor a boat N. by W. of it, in about three fathoms. There is sufficient tide to back and fill through. On the first of the tide the water is very turbid, but after a little it subsides, and you can see the shoal water on either side, during the easterly monsoon; in the westerly or rainy monsoon it is not so, you will then experience a tide of five knots here.

After being passed this danger, the fishing stakes will lead you up to the first beacon on the starboard or eastern side, The channel is nearly N. W. and S. E. both sides beaconed; on the Panka side, until you have passed the first two beacons, it is rocky bad ground; do not borrow on this side. The first beacon on the sea bank is in two fathoms and a half, hard ground; after that soft mud; borrow more towards it. In coming from northward and westward, you will observe three remarkable flat hummocks, called the Coffins of Dood Kists; when you shut the two in behind the north east, astern of the largest, you will be able to see the first beacon on Madura flat. The above direction may be then easily applied in the opposite way, if bound to Soerabaya.

Philippine Islands.—Rock in the Track to Manilla—Ship struck.

We are indebted to a correspondent for the Leith Commercial List, containing the following account of a dangerous rock lying immediately in the track of ships running for Manilla from the eastward.

The following communication is from Mr John H Robertson, commander of the barque *Minerva*, of Alloa.—"When bound from Sydney to Manilla, on the 10th of September, 1834, at 2 A. M. the vessel struck on a sunk coral rock, (not laid down in any of our English Charts,) bearing from Point St. Iago, Island of Luconia, one of the Philippine Islands, E. S. E. ½ E. four or five miles distant. Within half a mile of the rock there are seventeen fathoms. Point St. Iago lies in about 13° 41′ N. Latitude, 120° 38′ E. Long." Some years ago an American ship was lost upon the same rock.

On referring to the Chart, we find the tracks of the Spanish vessels *Descubierta* and *Atrevida*, within a very short distance of this danger, and we would remind navigators, that, as the Spanish Survey was by no means a minute one, there may be many other dangers yet unknown in the channels between these islands. By keeping mid-channel, and not hauling to the northward until Point St. Iago bears east, this rock would be avoided.

New Shoals in the Eastern Seas :—Ships struck.

The following accounts of two dangerous shoals in the China and Java Seas have been presented to us by that enlightened Hydrographer Captain Horsburgh.

Omega Shoal, although not far distant from Batavia, had escaped the notice of Navigators, until discovered by Captain Russell, of the American Ship *Omega*, according to the following account which he has transmitted.

The Ship *Omega*, under my command, in March, 1835, struck on a coral shoal, and remained on it 25 hours, beat off her rudder, and received some damage in her bottom ; she was got off by throwing cargo overboard to the value of about 15,000 dollars ; and she was obliged to be hove down at Onruth, near Batavia, for repairs.

This shoal is steep to, extends N. N E and S S. W. 150 to 200 yards, and about 70 in breadth ; with from 10 to 13 feet water, and bears about E. by S. from the South end of the North Watcher, distant one mile and a quarter. There is a channel between the island and the shoal, with 12 fathoms water.

Owen Shoal, in Lat. 8° 8′ N. Long. 112° E. by two chronometers agreeing, in a run of ten days from Macao, has been discovered in May, 1835, by Captain Owen of the Ship *David Scott*, on her passage from Canton to England. She struck on it at noon, steering S. S. E. having had soundings at 6 to 4½, and once 3½ fathoms, and at 1 P. M. she cleared the shoal, having then no bottom. This shoal appeared to be about two miles in extent, composed of black and white speckled coral, and seemed to be in a state of rapid accretion, from the vitality and energy of the madrepores in the recent formations of large pieces of coral brought up by the lead. While crossing the shoal, the patches of variegated coral were bright and alarming, but no breakers were perceived, as the sea was then very smooth. In stormy weather, however, when the sea runs high, they probably break, and a large ship would be liable to strike.

These Estates adjoin one another and are situated in Thanna Lalbazaar, subject to the Joint Magistrate and Deputy Collector of Bograh in Revenue and Criminal, and to the Zillah Court of Dinagepore, in Civil proceedings. They are intersected by the Jumnai River, shortly before its junction with the Atrye, the latter is navigable for large boats at all seasons of the year.

The principal cultivation is Sugar Cane, and in former times the Hon'ble Company had a Factory there which produced Sugar, reckoned the best in Bengal. The heavy Jummas paid by these Estates for a long series of years, shews clearly that their inability latterly to meet the Government demand cannot be ascribed to unproductiveness, it was caused solely except in the case of No. 1, by the long continued drought in 1831, which destroyed great part of the crops, and the Cholera succeeding many of the Ryots fled, the Farmers alarmed, after racking the remainder to the utmost, also absconded; and the Zemindars, all of whom had other Property, finding they would be unable to collect even the Government dues for some years to come, allowed the Estates to be sold one after another. They will be let in Farm on Leases, not exceeding 15 years, and afford an excellent opportunity to persons wishing to establish Sugar Manufactories. It is evident alo that large profits might be made by a skilful manager from the rents alone, by bringing into cultivation the large quantity of culturable Land, now waste. Good, labour and fire-wood are cheap; capital partridge shooting and pigsticking may be had within 10 miles; and summary suits and boundary disputes are unknown, an ignorance which will be appreciated by any Gentleman who has resided in Pubna, Jessore, or the adjoining Districts. Tenders to be made to the Deputy Collector of Bograh, from whom any further information required may be had on application.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorising the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The 5th September, 1836.

The following Act, passed by the Right Hon'ble the Governor General of India in Council on the 5th September, 1836, is hereby promulgated for general information:

Act No. XVIII. of 1836.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
The 5th September, 1836.

Resolution.—As the period of eighteen months during which the Proprietors of Shares in the Bank of Bengal possess the exclusive privilege of subscribing for the additional Capital Stock of that Bank, will expire on the 10th of September, the Governor General in Council has taken into his serious consideration the constitution and the rules of that body.

His Lordship in Council is of opinion that many parts of the existing Charter might with advantage, be altered. But he is unwilling without a previous reference to the Hon'ble the Court of Directors to make any important change which can be deferred without serious inconvenience.

One change, His Lordship in Council conceives, the Government is bound in justice to make without delay. The maximum amount of Bank Stock which a single Proprietor is allowed to hold is a lac of rupees. If this rule be maintained, it is plain that those who are possessed of the largest quantity of the old Stock will obtain no Share whatever of the additional Stock. The increase of the Stock was supposed to be injurious to the old Proprietors, and it is on that account that they have been allowed by way of indemnification to possess during a certain time an exclusive right of subscribing for the additional Stock. The indemnification ought evidently to be proportioned to the loss. But if the present maximum be continued, the indemnification will be large to those who lose little, small to many who lose much, and nothing at all to those who lose most. His Lordship in Council has therefore determined at once to raise the maximum from a lac to a lac and a half. This measure will remedy the immediate evil. Whether it be desirable to have a still higher maximum, or to have any maximum at all, will be matter for future consideration.

His Lordship in Council, adverting to the change which has recently been made in the currency of these provinces, is of opinion that it is desirable that the Capital Stock of the Bank of Bengal and every Share of that Capital Stock should be expressed in Company's Rupees, and should consist of such a number of Company's Rupees as will admit of ready computation. Under any other circumstances than those which at this moment exist, it would be impossible for the Government to make this alteration without compelling the existing Proprietors either to purchase a greater quantity of Stock than they might wish to hold, or to part with Stock which they might wish to keep: and to use such compulsion would in the opinion of His Lordship in Council, be inconsistent with due respect for public faith and the rights of property.

Happily the mode in which the increase of the Capital of the Bank has been effected gives His Lordship in Council an opportunity such as can never again offer itself, of effecting this desirable object.

The Stock formerly held by private individuals amounted to 40 lacs of Sicca Rupees and each Share to 10,000 Sicca Rupees

The additional Stock, all of which will be taken by Proprietors of the old Stock, amounts to 20 lacs of Sicca Rupees. Every Share of 10,000 Sicca Rupees will (by the addition of half a Share which each holder of one Share is entitled to subscribe for) be increased to 15,000 Sicca Rupees; and 15,000 Sicca Rupees are exactly equivalent to 16,000 Company's Rupees. It appears therefore advisable to make without delay, a change which is highly convenient, and which, if deferred till transfers have taken place, it will be impossible to effect without injustice.

His Lordship in Council has determined to fix on 4,000 Company's Rupees as the amount of a single Share of Bank Stock.

This change will render it necessary to make a change in the distribution of the votes at General Meetings of the Proprietary body. His Lordship in Council thinks it desirable that every holder of a single Share should have one vote. He also thinks it desirable that no person whatever his stake in the Bank may be, should have a greater number of votes than seven, which is now the maximum.

His Lordship in Council has fixed the 1st of October for the realization of the Subscriptions, and for the commencement of the new system.

His Lordship in Council has therefore been pleased to direct, that the following Draft of an Act be published for general information:

Act No. —— of 1836.

I. It is hereby enacted, that from the day of the passing of this Act any person may hold Capital Stock of the Bank of Bengal to an amount not exceeding 1,60,000 Company's Rupees, and that any existing Proprietor of Stock of the said Bank

may subscribe for additional Stock of the said Bank in proportion to his interest, any restriction in the Charter of the said Bank contained notwithstanding.

II. And it is hereby enacted, that the sum of 70 lacs of Sicca Rupees, which is the increased Capital Stock of the said Bank, shall, on or before the 1st of October, 1836, be made up by the Governor General of India in Council, to the sum of 75 lacs of Company's Rupees.

III. And it is hereby enacted, that the said sum of 75 lacs of Company's Rupees shall, from the 1st day of October, 1836, be the Capital Stock of the said Bank, and shall be divided into 1875 Shares of 4,000 Company's Rupees each.

IV. And it is hereby enacted, that 275 of the said Shares numbered from 1 to 275 inclusive, shall be the property of the Governor General of India in Council on behalf of the East India Company, and that the remaining 1,600 Shares numbered from 276 to 1875 inclusive, shall be the property of those persons who on the said 1st of October, 1836, shall be Proprietors of the Capital Stock of the said Bank, and that every such Proprietor shall, for every sum of Sicca Rupees 3750 of Stock of the said Bank held by him, be entitled to one of the said Shares.

V. And it is hereby enacted, that on the 30th of September, 1836, the account of the Profits upon the Capital Stock of the said Bank as consisting of 50 lacs of Sicca Rupees, divided into 500 Shares, shall be wound up, and a dividend declared; and that from the 1st of October, 1836, the holders of the new Shares of 4,000 Company's Rupees each shall be entitled to Share in the profits of the Bank in proportion to their interest, and that the first dividend on the said new Shares shall be declared on the 1st of January, 1837.

VI. And it is hereby enacted, that if the subscription for any Share shall not be paid up on or before the 1st of October, such Share shall become the property of the said Bank, and shall be sold for the benefit of the said Bank, and the profits of such sale shall be added to the profits of the said Bank.

VII. And it is hereby enacted, that Certificates shall be granted for the said Shares of 4,000 Company's Rupees each in the same manner in which Certificates have hitherto been granted for Shares of the Capital Stock of the said Bank, and that the said Shares of 4,000 Company's Rupees each shall be registered, and shall be transferable and assignable in the same manner in which Shares of the Capital Stock of the said Bank have hitherto been.

VIII. And it is hereby enacted, that the said Shares of 4,000 Company's Rupees each may be subdivided into Quarter Shares of 1,000 Company's Rupees each, and that such Quarter Shares may be assigned, transferred, and reunited in the same manner in which fractional parts of Shares of the Capital Stock of the said Bank have hitherto been assigned, transferred and reunited.

IX. And it is hereby enacted, that the Proprietors of the Capital Stock of the said Bank shall from the 1st day of October, 1836, be entitled at their meetings, to vote according to the following scale;

1 Share of 4,000 Co.'s Rs. shall entitle to 1 Vote.

5 Shares	2 Votes.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the *Bill* is drawn, (being also the Agent) having failed to accept the *Bill*, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
The 5th September, 1836.

Resolution.—As the period of eighteen months during which the Proprietors of Shares in the Bank of Bengal possess the exclusive privilege of subscribing for the additional Capital Stock of that Bank, will expire on the 10th of September, the Governor General in Council has taken into his serious consideration the constitution and the rules of that body.

His Lordship in Council is of opinion that many parts of the existing Charter might with advantage, be altered. But he is unwilling without a previous reference to the Hon'ble the Court of Directors to make any important change which can be deferred without serious inconvenience.

One change, His Lordship in Council conceives, the Government is bound in justice to make without delay. The maximum amount of Bank Stock which a single Proprietor is allowed to hold is a lac of rupees. If this rule be maintained, it is plain that those who are possessed of the largest quantity of the old Stock will obtain no Share whatever of the additional Stock. The increase of the Stock was supposed to be injurious to the old Proprietors, and it is on that account that they have been allowed by way of indemnification to possess during a certain time an exclusive right of subscribing for the additional Stock. The indemnification ought evidently to be proportioned to the loss. But if the present maximum be continued, the indemnification will be large to those who lose little, small to many who lose much, and nothing at all to those who lose most. His Lordship in Council has therefore determined at once to raise the maximum from a lac to a lac and a half. This measure will remedy the immediate evil. Whether it be desirable to have a still higher maximum, or to have any maximum at all, will be matter for future consideration.

His Lordship in Council, adverting to the change which has recently been made in the currency of these provinces, is of opinion that it is desirable that the Capital Stock of the Bank of Bengal and every Share of that Capital Stock should be expressed in Company's Rupees, and should consist of such a number of Company's Rupees as will admit of ready computation. Under any other circumstances than those which at this moment exist, it would be impossible for the Government to make this alteration without compelling the existing Proprietors either to purchase a greater quantity of Stock than they might wish to hold, or to part with Stock which they might wish to keep: and to use such compulsion would in the opinion of His Lordship in Council, be inconsistent with due respect for public faith and the rights of property.

Happily the mode in which the increase of the Capital of the Bank has been effected gives His Lordship in Council an opportunity such as can never again offer itself, of effecting this desirable object.

The Stock formerly held by private individuals amounted to 40 lacs of Sicca Rupees and each Share to 10,000 Sicca Rupees

The additional Stock, all of which will be taken by Proprietors of the old Stock, amounts to 20 lacs of Sicca Rupees. Every Share of 10,000 Sicca Rupees will (by the addition of half a Share which each holder of one Share is entitled to subscribe for) be increased to 15,000 Sicca Rupees; and 15,000 Sicca Rupees are exactly equivalent to 16,000 Company's Rupees. It appears therefore advisable to make without delay, a change which is highly convenient, and which, if deferred till transfers have taken place, it will be impossible to effect without injustice.

His Lordship in Council has determined to fix on 4,000 Company's Rupees as the amount of a single Share of Bank Stock.

This change will render it necessary to make a change in the distribution of the votes at General Meetings of the Proprietary body. His Lordship in Council thinks it desirable that every holder of a single Share should have one vote. He also thinks it desirable that no person whatever his stake in the Bank may be, should have a greater number of votes than seven, which is now the maximum.

His Lordship in Council has fixed the 1st of October for the realization of the Subscriptions, and for the commencement of the new system.

His Lordship in Council has therefore been pleased to direct, that the following Draft of an Act be published for general information:

Act No. —— of 1836.

I. It is hereby enacted, that from the day of the passing of this Act any person may hold Capital Stock of the Bank of Bengal to an amount not exceeding 1,60,000 Company's Rupees, and that any existing Proprietor of Stock of the said Bank

may subscribe for additional Stock of the said Bank in proportion to his interest, any restriction in the Charter of the said Bank contained notwithstanding.

II. And it is hereby enacted, that the sum of 70 lacs of Sicca Rupees, which is the increased Capital Stock of the said Bank, shall, on or before the 1st of October, 1836, be made up by the Governor General of India in Council, to the sum of 75 lacs of Company's Rupees.

III. And it is hereby enacted, that the said sum of 75 lacs of Company's Rupees shall, from the 1st day of October, 1836, be the Capital Stock of the said Bank, and shall be divided into 1875 Shares of 4,000 Company's Rupees each.

IV. And it is hereby enacted, that 275 of the said Shares numbered from 1 to 275 inclusive, shall be the property of the Governor General of India in Council on behalf of the East India Company, and that the remaining 1,600 Shares numbered from 276 to 1875 inclusive, shall be the property of those persons who on the said 1st of October, 1836, shall be Proprietors of the Capital Stock of the said Bank, and that every such Proprietor shall, for every sum of Sicca Rupees 3750 of Stock of the said Bank held by him, be entitled to one of the said Shares.

V. And it is hereby enacted, that on the 30th of September, 1836, the account of the Profits upon the Capital Stock of the said Bank as consisting of 50 lacs of Sicca Rupees, divided into 500 Shares, shall be wound up, and a dividend declared; and that from the 1st of October, 1836, the holders of the new Shares of 4,000 Company's Rupees each shall be entitled to Share in the profits of the Bank in proportion to their interest, and that the first dividend on the said new Shares shall be declared on the 1st of January, 1837.

VI. And it is hereby enacted, that if the subscription for any Share shall not be paid up on or before the 1st of October, such Share shall become the property of the said Bank, and shall be sold for the benefit of the said Bank, and the profits of such sale shall be added to the profits of the said Bank.

VII. And it is hereby enacted, that Certificates shall be granted for the said Shares of 4,000 Company's Rupees each in the same manner in which Certificates have hitherto been granted for Shares of the Capital Stock of the said Bank, and that the said Shares of 4,000 Company's Rupees each shall be registered, and shall be transferable and assignable in the same manner in which Shares of the Capital Stock of the said Bank have hitherto been.

VIII. And it is hereby enacted, that the said Shares of 4,000 Company's Rupees each may be subdivided into Quarter Shares of 1,000 Company's Rupees each, and that such Quarter Shares may be assigned, transferred, and reunited in the same manner in which fractional parts of Shares of the Capital Stock of the said Bank have hitherto been assigned, transferred and reunited.

IX. And it is hereby enacted, that the Proprietors of the Capital Stock of the said Bank shall from the 1st day of October, 1836, be entitled at their meetings, to vote according to the following scale:

1 Share of 4,000 Co.'s Rs. shall entitle to 1 Vote.

5 Shares	2 Votes.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 17th day of September (instant).

FORT WILLIAM, *12th September*, 1836.

No. 179 of 1836.—The Right Hon'ble the Governor General of India in Council is pleased to rescind the various Orders* now in force in this Presidency, in regard of the occupation of Ground, and the disposal of Premises or Buildings situated within the limits of Military Cantonments, and to substitute for them the following Regulation, which is to have effect from the date of its promulgation at the different Stations of the Bengal Army.

1. All Applications for unoccupied Ground, for the purpose of being enclosed, built upon, or in any way appropriated to private purposes,—such Ground being within the limits of a Military Cantonment;—are, in the first instance, to be made to the Commanding Officer of the Station through the usual channel; and in no case are the boundaries of compounds to be changed, old roads closed, or new ones opened, without the sanction of the Commanding Officer.

2. As the health and comfort of the Troops are paramount considerations to which all others must give way, the Commanding Officer will be held responsible that no Ground is occupied in any way calculated to be injurious to either, or to the appearance of the Cantonment; and in forwarding any application for a grant, he must certify that it is not objectionable in those or any other respects.

3. When no objection occurs the application is to be forwarded through the prescribed channel, by the Commanding Officer of the Station, to the Quarter Master General of the Army, who, if the Commander in Chief approves, will submit it for the Orders of Government.

4. All such applications are to be in the annexed Form marked A.

5. All Grants are to be registered by the Officer of the Quarter Master General's Department attached to the Division, and at Stations where no such Officer may be present by the Executive Officer of Public Works, to whom also, in such cases, applications for Ground are to be addressed; and all grants are to be immediately noted upon the plan of the Cantonment in the Quarter Master General's Office.

6. No ground will be granted except on the following conditions, which are to be subscribed to by every grantee, as well as by those to whom his grant may subsequently be transferred.

Ist. The Government to retain the power of resumption, at any time, on giving one month's notice, and paying the value of such buildings as may have been authorized to be erected.

IId. The Ground being in every case the property of Government cannot be sold by the grantee; but houses or other property thereon situated may be transferred by one Military or Medical Officer to another, without restriction, except in the case of Reliefs, when, if required, the terms of sale or transfer are to be adjusted by a Committee of Arbitration.

IIId. If the Ground has been built upon, the buildings are not to be disposed of to any person, of whatever description, who does not belong to the Army, until the consent of the Officer Commanding the Station shall have been previously obtained under his hand.

IVth. When it is proposed, with the consent of the Commanding Officer, to transfer possession to a Native, should the value of the house, buildings or property to be so transferred exceed 5,000 Rupees, the sale must not be effected until the sanction of Government shall have been obtained through His Excellency the Commander in Chief.

7. All houses in a Military Cantonment, being the property of persons not belonging to the Army, which may be deemed by the Commanding Officer of the Station suitable from their locality for the accommodation of Officers, shall be claimable for purchase or for hire at the option of the owner; in the former case at a valuation, and in the latter at a rent to be fixed, in case of the parties disagreeing, by a Committee of Arbitration constituted as follows.

8. The Committee is to be composed of one Civil Officer, the principal one, if practicable, at or in the vicinity of the Station, the Commanding Officer of the Cantonment, and an Officer belonging to the Station to be named by the proprietor of the premises; and their decision whether relating to the terms of purchase or rent is to be conclusive, unless it shall be reversed by Government, for whose orders the Proceedings of the Committee are to be submitted, through His Excellency the Commander in Chief, whenever the proprietor of the premises which they have valued is dissatisfied with their award.

9. When the houses of the Officers of one Corps are to be transferred to those of another, as on the occasion of a Relief, if a difference of opinion should arise as to the fair terms of the transfer, the price shall be fixed by a Committee of Arbitration constituted as in the last paragraph, but to which, in such cases, there is to be given an additional Member to be named by the intending purchaser.

10. In this case there is to be no appeal, and the decision of the Committee of Arbitration is to be final.

These Estates adjoin one another and are situated in Thanna Lalbazaar, subject to the Joint Magistrate and Deputy Collector of Bograh in Revenue and Criminal, and to the Zillah Court of Dinagepore, in Civil proceedings. They are intersected by the Jumnai River, shortly before its junction with the Atrye, the latter is navigable for large boats at all seasons of the year.

The principal cultivation is Sugar Cane, and in former times the Hon'ble Company had a Factory there which produced Sugar, reckoned the best in Bengal. The heavy Jummas paid by these Estates for a long series of years, shews clearly that their inability latterly to meet the Government demand cannot be ascribed to unproductiveness, it was caused solely except in the case of No. 1, by the long continued drought in 1831, which destroyed great part of the crops, and the Cholera succeeding many of the Ryots fled, the Farmers alarmed, after racking the remainder to the utmost, also absconded; and the Zemindars, all of whom had other Property, finding they would be unable to collect even the Government dues for some years to come, allowed the Estates to be sold one after another. They will be let in Farm on Leases, not exceeding 15 years, and afford an excellent opportunity to persons wishing to establish Sugar Manufactories. It is evident alo that large profits might be made by a skilful manager from the rents alone, by bringing into cultivation the large quantity of culturable Land, now waste. Good, labour and fire-wood are cheap; capital partridge shooting and pigsticking may be had within 10 miles; and summary suits and boundary disputes are unknown, an ignorance which will be appreciated by any Gentleman who has resided in Pubna, Jessore, or the adjoining Districts. Tenders to be made to the Deputy Collector of Bograh, from whom any further information required may be had on application.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
The 5th September, 1836.

Resolution.—As the period of eighteen months during which the Proprietors of Shares in the Bank of Bengal possess the exclusive privilege of subscribing for the additional Capital Stock of that Bank, will expire on the 10th of September, the Governor General in Council has taken into his serious consideration the constitution and the rules of that body.

His Lordship in Council is of opinion that many parts of the existing Charter might with advantage, be altered. But he is unwilling without a previous reference to the Hon'ble the Court of Directors to make any important change which can be deferred without serious inconvenience.

One change, His Lordship in Council conceives, the Government is bound in justice to make without delay. The maximum amount of Bank Stock which a single Proprietor is allowed to hold is a lac of rupees. If this rule be maintained, it is plain that those who are possessed of the largest quantity of the old Stock will obtain no Share whatever of the additional Stock. The increase of the Stock was supposed to be injurious to the old Proprietors, and it is on that account that they have been allowed by way of indemnification to possess during a certain time an exclusive right of subscribing for the additional Stock. The indemnification ought evidently to be proportioned to the loss. But if the present maximum be continued, the indemnification will be large to those who lose little, small to many who lose much, and nothing at all to those who lose most. His Lordship in Council has therefore determined at once to raise the maximum from a lac to a lac and a half. This measure will remedy the immediate evil. Whether it be desirable to have a still higher maximum, or to have any maximum at all, will be matter for future consideration.

His Lordship in Council, adverting to the change which has recently been made in the currency of these provinces, is of opinion that it is desirable that the Capital Stock of the Bank of Bengal and every Share of that Capital Stock should be expressed in Company's Rupees, and should consist of such a number of Company's Rupees as will admit of ready computation. Under any other circumstances than those which at this moment exist, it would be impossible for the Government to make this alteration without compelling the existing Proprietors either to purchase a greater quantity of Stock than they might wish to hold, or to part with Stock which they might wish to keep: and to use such compulsion would in the opinion of His Lordship in Council, be inconsistent with due respect for public faith and the rights of property.

Happily the mode in which the increase of the Capital of the Bank has been effected gives His Lordship in Council an opportunity such as can never again offer itself, of effecting this desirable object.

The Stock formerly held by private individuals amounted to 40 lacs of Sicca Rupees and each Share to 10,000 Sicca Rupees.

The additional Stock, all of which will be taken by Proprietors of the old Stock, amounts to 20 lacs of Sicca Rupees. Every Share of 10,000 Sicca Rupees will (by the addition of half a Share which each holder of one Share is entitled to subscribe for) be increased to 15,000 Sicca Rupees; and 15,000 Sicca Rupees are exactly equivalent to 16,000 Company's Rupees. It appears therefore advisable to make without delay, a change which is highly convenient, and which, if deferred till transfers have taken place, it will be impossible to effect without injustice.

His Lordship in Council has determined to fix on 4,000 Company's Rupees as the amount of a single Share of Bank Stock.

This change will render it necessary to make a change in the distribution of the votes at General Meetings of the Proprietary body. His Lordship in Council thinks it desirable that every holder of a single Share should have one vote. He also thinks it desirable that no person whatever his stake in the Bank may be, should have a greater number of votes than seven, which is now the maximum.

His Lordship in Council has fixed the 1st of October for the realization of the Subscriptions, and for the commencement of the new system.

His Lordship in Council has therefore been pleased to direct, that the following Draft of an Act be published for general information:

Act No. —— of 1836.

I. It is hereby enacted, that from the day of the passing of this Act any person may hold Capital Stock of the Bank of Bengal to an amount not exceeding 1,60,000 Company's Rupees, and that any existing Proprietor of Stock of the said Bank

may subscribe for additional Stock of the said Bank in proportion to his interest, any restriction in the Charter of the said Bank contained notwithstanding.

These Estates adjoin one another and are situated in Thanna Lalbazar, subject to the Joint Magistrate and Deputy Collector of Bograh in Revenue and Criminal, and to the Zillah Court of Dinagepore, in Civil proceedings. They are intersected by the Jumnai River, shortly before its junction with the Atrye, the latter is navigable for large boats at all seasons of the year.

The principal cultivation is Sugar Cane, and in former times the Hon'ble Company had a Factory there which produced Sugar, reckoned the best in Bengal. The heavy Jummas paid by these Estates for a long series of years, shews clearly that their inability latterly to meet the Government demand cannot be ascribed to unproductiveness, it was caused solely except in the case of No. 1, by the long continued drought in 1831, which destroyed great part of the crops, and the Cholera succeeding many of the Ryots fled, the Farmers alarmed, after racking the remainder to the utmost, also absconded; and the Zemindars, all of whom had other Property, finding they would be unable to collect even the Government dues for some years to come, allowed the Estates to be sold one after another. They will be let in Farm on Leases, not exceeding 15 years, and afford an excellent opportunity to persons wishing to establish Sugar Manufactories. It is evident alo that large profits might be made by a skilful manager from the rents alone, by bringing into cultivation the large quantity of culturable Land, now waste. Good, labour and fire-wood are cheap; capital partridge shooting and pigsticking may be had within 10 miles; and summary suits and boundary disputes are unknown, an ignorance which will be appreciated by any Gentleman who has resided in Pubna, Jessore, or the adjoining Districts. Tenders to be made to the Deputy Collector of Bograh, from whom any further information required may be had on application.

M. Sindoorhatta, Pergh. Ditto, ...	Ditto,	7696 5¾	4896 14 11 3	5035 3 9 1	4597 2¾				

These Estates have so lately been purchased by Government that no accurate Statement can be formed of their Rukba Ubadee or of their Balances, and only a Rough Estimate could be formed of the probable Collections.—The Estates are close to each other and are under the same Tehsildar.—They are intersected by the Jumna River—The soil is for the most part Khear and Pullee, the former produces Rice, of a superior kind, and fetches a high Price in the Market; the latter produces Sugar Cane, Indigo, &c. Mirzapore is comparatively but little deteriorated by the racking of the Zemindars, and has numerous old and good Cultivators on it. Sindoorhattee is in a worse condition, but offers a good opportunity to small Capitalists to bring its valuable Lands into Cultivation. There was an Indigo Factory formerly in their neighbourhood, and it was only closed on the Proprietor obtaining an appointment under the Government. The Ryots would no doubt be glad to cultivate the plant again. The late Owners of these Estates bought them nearly 40 years ago, and have never until lately had any difficulty in paying the Sudder Jumma which is a sufficient proof that the Lands have only deteriorated by recent neglect. The Lands are situated on three sides of the Chintamun Thanah. The Estates are 14 Coss from Dinagepore and 2 Coss from the Moonsif's Kutchery.—Tenders to be made to the Acting Collector of Dinagepore.

To be Let in Farm on LEASES of 10 or 15 Years, the following Government Estates, situated in the Collectorship of Dinagepore.

Mehal and Pergunnah.	Date of becoming Khas.	Rukba.	Hustbood as per 8th Quinquennial Register.	Sudder Jumma.	Rukba Ubadee.	Jumma of 1242.	Balance of former years.	Balance of 1242.	Total Balance at the close of 1241 B. S.

M. Sindoorhatta, Pergh. Ditto, ...	Ditto,	7696 5¾	4896 14 11 3	5035 8 9 1	4597 2¾				

These Estates have so lately been purchased by Government that no accurate Statement can be formed of their Rukba Ubadee or of their Balances, and only a Rough Estimate could be formed of the probable Collections.—The Estates are close to each other and are under the same Tehsildar.—They are intersected by the Jumna River—The soil is for the most part Khear and Putlee, the former produces Rice, of a superior kind, and fetches a high Price in the Market; the latter produces Sugar Cane, Indigo, &c. Mirzapore is comparatively but little deteriorated by the racking of the Zemindars, and has numerous old and good Cultivators on it. Sindoorhattee is in a worse condition, but offers a good opportunity to small Capitalists to bring its valuable Lands into Cultivation. There was an Indigo Factory formerly in their neighbourhood, and it was only closed on the Proprietor obtaining an appointment under the Government. The Ryots would no doubt be glad to cultivate the plant again. The late Owners of these Estates bought them nearly 40 years ago, and have never until lately had any difficulty in paying the Sudder Jumma which is a sufficient proof that the Lands have only deteriorated by recent neglect. The Lands are situated on three sides of the Chintamun Thanah. The Estates are 14 Coss from Dinagepore and 2 Coss from the Moonsif's Kutchery.—Tenders to be made to the Acting Collector of Dinagepore.

II. And it is hereby enacted, that from the said first day of November, 1836, the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts and floats which shall enter on, or pass out of, or through, either of the two lines of navigation hereinafter described—that is to say,

III. Provided always, that the aggregate amount of Toll levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall in no case exceed one Rupee and a half for every hundred Maunds burden on any boat, or two Annas for every timber, on every raft of timber, or four Annas for every hundred bamboos, on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred Maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every two hundred bamboos.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinbefore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect to navigable Streams and Rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable, on conviction before the Magistrate, with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding 50 Rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent, and of the places of collection, and of all Rules made by the said Governor under the authority given to him by this Act, shall be published in the *Calcutta Gazette*, and exposed to public view at every Toll-house, on either of the said lines in the English, Persian and Bengallee tongues.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft or float on either of the said lines, shall not be paid on demand, to an Officer authorized by the said Governor to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same, and if the said Toll or Rent shall have been paid upon any day before the tenth day after such seizure, then the said boat, raft, or float shall be released, or if not paid within the said ten days, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case, so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the Owner of the boat, raft or float.

IX. And it is hereby enacted, that if any person in charge of any boat, raft or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinbefore described, such boat, raft or float and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

Calcutta, September 28th, 1836.

To be Let in Farm on LEASES of 10 *or* 15 *Years, the following Government Estates, situated in the Collectorship of Dinagepore.*

Mehal and Pergunnah.	Date of becoming Khas.	Rukba.	Hustbood as per 8th Quinquennial Register.	Sudder Jumma.	Rukba Ubadee.	Juma of 1242.	Balance of former years.	Balance of 1242.	Total Balance at the close of 1241 B S.

M. Sindoorhatta, Pergh. Ditto, ...	Ditto,	7696 5¾	4896 14 11 3	5085 3 9 1	4597 2¾.				

These Estates have so lately been purchased by Government that no accurate Statement can be formed of their Rukba Ubadee or of their Balances, and only a Rough Estimate could be formed of the probable Collections.—The Estates are close to each other and are under the same Tehsildar.—They are intersected by the Jumna River—The soil is for the most part Khear and Pullee, the former produces Rice, of a superior kind, and fetches a high Price in the Market; the latter produces Sugar Cane, Indigo, &c. Mirzapore is comparatively but little deteriorated by the racking of the Zemindars, and has numerous old and good Cultivators on it. Sindoorhattee is in a worse condition, but offers a good opportunity to small Capitalists to bring its valuable Lands into Cultivation. There was an Indigo Factory formerly in their neighbourhood, and it was only closed on the Proprietor obtaining an appointment under the Government. The Ryots would no doubt be glad to cultivate the plant again. The late Owners of these Estates bought them nearly 40 years ago, and have never until lately had any difficulty in paying the Sudder Jumma which is a sufficient proof that the Lands have only deteriorated by recent neglect. The Lands are situated on three sides of the Chintamun Thanah. The Estates are 14 Coss from Dinagepore and 2 Coss from the Moonsif's Kutchery.—Tenders to be made to the Acting Collector of Dinagepore.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. THE 26TH SEPTEMBER, 1836.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 26th September, 1836, is hereby promulgated for general information:

ACT NO. XXII. OF 1836.

I. It is hereby enacted, that from the first day of November, 1836, Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said first day of November, 1836, the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts and floats which shall enter on, or pass out of, or through, either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds, to its junction with the River Hooghly.

2d. The line made up of the Channel across the Salt-water Lake to Baminghatta, of the Canal leading from the Salt-water Lake to the Boitakhanna Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the aggregate amount of Toll levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall in no case exceed one Rupee and a half for every hundred Maunds burden on any boat, or two Annas for every timber, on every raft of timber, or four Annas for every hundred bamboos, on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred Maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every two hundred bamboos.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinbefore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect to navigable Streams and Rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable, on conviction before the Magistrate, with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding 50 Rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent, and of the places of collection, and of all Rules made by the said Governor under the authority given to him by this Act, shall be published in the *Calcutta Gazette*, and exposed to public view at every Toll-house, on either of the said lines in the English, Persian and Bengallee tongues.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft or float on either of the said lines, shall not be paid on demand, to an Officer authorized by the said Governor to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same, and if the said Toll or Rent shall have been paid upon any day before the tenth day after such seizure, then the said boat, raft, or float shall be released, or if not paid within the said ten days, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case, so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the Owner of the boat, raft or float.

IX. And it is hereby enacted, that if any person in charge of any boat, raft or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinbefore described, such boat, raft or float and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

No. 191 of 1836.—In conformity with instructions from the Hon'ble the Court of Directors, the following Paragraphs of their Military Letter, No. 6, dated the 1st June 1836, addressed to the Governor General of India in Council, are published in General Orders.

" Para 1. Having received from the President of the Board of Commissioners for the Affairs of India, a communication that it would be satisfactory to the King if the Standards and other War Trophies captured by the King's and Company's Forces in India were placed at His Majesty's disposal, it being His Majesty's intention to collect all similar Relics and place them in the great Hall and Chapel of the Royal Hospital at Chelsea. We derived much gratification from a compliance with the wish which had thus graciously been expressed, and took immediate measures for accomplishing the object in view.

2. We accordingly forwarded to the Royal Hospital the Standards, &c. enumerated in the following List, viz:

Two State Standards of Hyder Ali and Tippoo Sultaun, taken at the Storming of Seringapatam, on the 4th May 1799.

Two Pendants belonging to the above Standards.

Colors of the French Corps taken at the Storm of Seringapatam.

Colors which belonged to the Brigades of General Perron taken in the Mahratta War of 1803.

Seven Standards taken from Mahratta Regular Corps at the Battle of Assaye, on the 23d August 1803, by the Army under Major General Sir Arthur Wellesley.

Sixteen Colors taken from the Mahratta Regular Corps, in the Campaign of 1803, by the Army under Major General Sir Arthur Wellesley.

A Pair of Colors of a Battalion of Goorkas taken at Muckwanpore in the Nepaul War, on the 28th February 1816, by the Forces under the command of Major General Sir David Ochterlony, K. C. B.

Three Colors of Durjan Sal, taken at the Storming of Bhurtpore by the Forces under the Command of General Lord Combermere, on the 18th January 1826.

3. Being desirous to mark the interest which we attach to these Trophies, won by the valor of the King's and Company's Forces in India, we requested our Chairman and Deputy Chairman to attend at the first Levee after the Colors should have been deposited at the Royal Military Hospital, for the purpose of presenting to His Majesty a List descriptive of the Colors and of the occasions upon which they were captured. Our Chairman and Deputy Chairman (accompanied by a considerable portion of the Court of Directors) attended accordingly and were most graciously received.

4. You will perceive from the List which we have quoted, that we possess comparatively few of the Military Trophies which have been won by our Armies in India. The rest we should hope have been carefully preserved at the Seats of Government of the respective Presidencies, and in order that we may follow out in the most effectual manner the object of concentrating in one appropriate Building the whole of the Military Trophies taken by the British Arms, we now desire that such as are in the possession of your Government may be forwarded to us, accompanied by a List descriptive of the occasions upon which they were captured.

5. You will cause a Copy of this Dispatch to be published in General Orders."

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, *including* Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to *all the conditions agreed upon with the* Company, on payment of the *Bills*; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, *5th October*, 1836.

No. 195 of 1836.—The following paras. of a Military Letter, No. 4, from the Hon'ble the Court of Directors, dated 1st June 1836, addressed to the Governor General of India in Council, together with a copy of the papers from the Colonial Office, specifying the advantages which are given to Naval and Military Officers, settling in the Colonies of New South Wales, Van Dieman's Land and the new Settlement of Western Australia, are published in General Orders:

"Para. 1. We have been apprized that His Majesty's Government are willing to extend to the Retired Officers of our Army the advantages which are enjoyed by His Majesty's Officers on their settlement in the Colonies of Western Australia, New South Wales and Van Dieman's Land.

2. We have gladly availed ourselves of this offered advantage, and we desire that you will take the necessary measures for making it known to those Officers of the Army on your Establishment, who may from time to time retire from the Army under the Regulations of the Service.

3. A copy of the papers from the Colonial Office, specifying the advantages which are given to Naval and Military Officers, is herewith forwarded."

"*Information for the use of the Military and Naval Officers proposing to settle in the British Colonies.*

Colonial Office, 15*th August*, 1834.

1. Annexed is a statement of the Regulations according to which, with such modifications as local circumstances may render necessary, lands belonging to the Crown are disposed of in the several British Colonies in North America, as well as a statement of the Regulations in force in the Australian Colonies.

2. Under these Regulations, Military and Naval Officers cannot receive free grants of land ; but in buying land they are allowed a remission of the purchase money according to the undermentioned scale :

Field Officers of 25 years' service and upwards in the whole, ...	£	300
Ditto 20 ditto ditto, ...	,,	250
Ditto 15 ditto ditto, ...	,,	200
Captains of 20 years' service and upwards in the whole, ...	,,	200
Ditto 15 ditto ditto, ...	,,	150
Subalterns of 20 years' service and upwards in the whole, ...	,,	150
Ditto 7 ditto ditto,............................	,,	100

Regimental Staff Officers and Medical Officers of the Army and Navy will be deemed to come within the benefit of this rule.

3. Officers of the Army and Navy who propose to proceed to the Colonies in order to take advantage of this indulgence should provide themselves with certificates from the Office of the General Commanding in Chief, or of the Lords Commissioners of the Admiralty, shewing that their emigration has been sanctioned, and stating exactly their rank and length of service. No document from the Office of the Secretary of State is necessary.

4. Officers on half pay residing in the Colony where they propose to settle, may be admitted to the privileges of Military and Naval Settlers, without referring to this country for testimonials, provided they can satisfy the Governor that there is no objection to their being allowed the indulgence, and that their return of their rank and length of service is accurate, and provided, if they belong to the Navy, that they produce their letter of leave of absence from the Admiralty.

5. Military Chaplains, Commissariat Officers and Officers of any of the Civil Departments connected with the Army cannot be allowed any privileges on the subject of Land. Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments connected with the Navy, must also be considered as not qualified for those privileges. Although Members of these classes may have been admitted formerly and under a different state of circumstances, they must now be excluded.

6. Gentlemen who have ceased to belong to His Majesty's Service cannot be allowed the advantages to which they were entitled while in the Army or Navy. It is not, however, proposed to affect by this rule Officers who desire to quit the Service for the express purpose of settling in the Colonies, it is only required that when they resign their Commissions, they should apply for a Certificate from the General Commanding in Chief or from the Lords Commissioners of the Admiralty that they do so, with the view of emigrating ; and such Certificate if produced to the Governor of any Colony within one year from its date, but not otherwise, will be a sufficient warrant for allowing the bearer the same advantages as Officers still in His Majesty's Service.

Officers who have sold out within the last twelve months preceding the date of this memorandum will be allowed the usual privileges, notwithstanding their want of the Certificate required by these Regulations, if they present themselves to the Governor of the Colony within a year from the present date. And all Officers who have already been recommended by the General Commanding in Chief will be entitled to their privileges without regard to any obstruction which might otherwise be offered by the Regulations now established.

7. Officers cannot be allowed advantages in the acquisition of land in any Colony unless it be their intention to fix their residence in that Colony. In order to ensure the observance of this rule, it has been determined that the titles to lands obtained by Officers who take advantage of the peculiar regulations existing in their favor shall be withholden for a period sufficient to prove that they have not repaired to the Colony for the mere purpose of gaining possession of a portion of land and then departing. Two years is the period for which it has been decided that the titles shall be kept back : this delay will be sufficient for the salutary object in view, and will not constitute any serious inconvenience to the bonâ fide Settler.

8. By the annexed Regulations for the disposal of Crown Lands, it will be observed that the general sales will take place periodically. But in order to prevent inconvenience to Officers who may arrive in the intervals between those sales and be desirous at once to obtain an allotment, the Governors of the Colonies are authorized to allow Officers to acquire at any time, on payment of the upset price, lands which have previously been offered for sale at some general sale and not been bought.

Officers will thus be relieved from delay at the time of establishing themselves in the Colony. They will also be enabled by this arrangement which will permit them to obtain their land at a fixed price, to choose such a quantity as shall be exactly equivalent to the amount of the remission to which they are entitled, instead of being liable to be called upon to pay a balance, which must be the case if they bid for lands at a sale by auction.

Terms upon which the Crown Lands will de disposed of in New South Wales, Van Dieman's Land, and the new Settlement of Western Australia.

It has been determined by His Majesty's Government that no Land shall in future be disposed of in New South Wales or Van Dieman's Land otherwise than by public sale, and it has therefore been deemed expedient to prepare, for the information of Settlers, the following summary of the rules which it has been thought fit to lay down for regulating the sales of Land in those Colonies.

1.—A division of the whole territory into counties, hundreds and parishes is in progress. When that division shall be completed, each parish will comprize an area of about twenty-five square miles.

2.—All the lands in the Colony, not hitherto granted, and not appropriated for public purposes, will be put up to sale. The price will of course, depend upon the quality of the land and its local situation, but no land will be sold below the rate of 5*s.* per acre.

3.—All persons proposing to purchase lands not advertized for sale, must transmit a written application to the Governor, in a certain prescribed form, which will be delivered at the Surveyor General's Office to all persons applying, on payment of the requisite fee of 2*s.* 6*d.*

4.—Those persons who are desirous of purchasing will be allowed to select, within certain defined limits, such portions of land as they may wish to acquire in that manner. These portions of land will be advertized for sale for three calendar months, and will then be sold to the highest bidder, provided that such bidding shall at least amount to the price fixed by Article 2.

5.—A deposit of £10 per cent. upon the whole value of the purchase must be paid down at the time of sale, and the remainder must be paid within one calendar month from the day of sale, previous to which the purchaser will not be put in possession of the land, and in case of payment not being made within the prescribed period, the sale will be considered void and the deposit forfeited.

6.—On payment of the money, a grant will be made in fee-simple, to the purchaser, at the nominal quit-rent of a papper corn. Previous to the delivery of such grant, a fee of forty shillings will be payable to the Colonial Secretary for preparing the grant, and another fee of five shillings to the Registrar of the Supreme Court for enrolling it.

7.—The land will generally be put up to sale in lots of one square mile, or 640 acres ; but smaller lots than 640 acres may, under particular circumstances, be purchased, on making application to the

Governor, in writing, with full explanations of the reasons for which the parties wish to purchase a smaller quantity.

8.—The Crown reserves to itself the right of making and constructing such roads and bridges as may be necessary for public purposes in all lands purchased as above, and also to such indigenous timber, stone, and other materials, the produce of the land, as may be required for making and keeping the said roads and bridges in repair, and for any other public works. The Crown further reserves to itself all mines of precious metals."

With reference to the foregoing Regulations, the Right Hon'ble the Governor General of India in Council is pleased to notify for general information, that Officers who, on retiring from the Military Service of the East India Company, may wish to avail themselves of the advantages now extended to them by their gracious Sovereign, will, on signifying their intention to proceed as Settlers to any of His Majesty's Australian Colonies, be furnished by the Military Secretary to Government at the Presidency to which they belong, with a Certificate of the following form and tenor:

To be Let in Farm on LEASES of 10 or 15 Years, the following Government Estates, situated in the Collectorship of Dinagepore.

Mehal and Pergunnah.	Date of becoming Khas.	Rukba.	Hustbood as per 8th Quinquinenial Register.	Sudder Jumma.	Rukba Ubadee.	Juma of 1242.	Balance of former years.	Balance of 1242.	Total Balance at the close of 1241 B. S.
M. Mirsapoor, P. Gilabbaree, ...	10th June 1836,	12660 16½	6666 1 18 0	5906 13 15 0	7207 7¼				
M. Sindoorhatta, Pergh. Ditto, ...	Ditto,	7696 5¾	4896 14 11 3	5086 2 9 1	4597 2¾				

These Estates have so lately been purchased by Government that no accurate Statement can be formed of their Rukba Ubadee or of their Balances, and only a Rough Estimate could be formed of the probable Collections.—The Estates are close to each other and are under the same Tehsildar.—They are intersected by the Jumna River—The soil is for the most part Khear and Pullee, the former produces Rice, of a superior kind, and fetches a high Price in the Market; the latter produces Sugar Cane, Indigo, &c. Mirsapore is comparatively but little deteriorated by the racking of the Zemindars, and has numerous old and good Cultivators on it. Sindoorhattee is in a worse condition, but offers a good opportunity to small Capitalists to bring its valuable Lands into Cultivation. There was an Indigo Factory formerly in their neighbourhood, and it was only closed on the Proprietor obtaining an appointment under the Government. The Ryots would no doubt be glad to cultivate the plant again. The late Owners of these Estates bought them nearly 40 years ago, and have never until lately had any difficulty in paying the Sudder Jumma which is a sufficient proof that the Lands have only deteriorated by recent neglect. The Lands are situated on three sides of the Chintamun Thanah. The Estates are 14 Coss from Dinagepore and 2 Coss from the Moonsif's Kutchery.—Tenders to be made to the Acting Collector of Dinagepore.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

Resolution.

The Zemindarees of Goomsur and Soorada, in the District of Ganjam, have long been in a state of the utmost disorder and confusion. The Revenue due to Government has for many years past been paid with great irregularity. The Zemindars have frequently been in a state of actual Rebellion. The authority of Government has been openly resisted, and the most atrocious acts of violence and outrage have been perpetrated by the Zemindars and their adherents. Although such measures as were consistent with the principles and provisions of the existing Regulations have, from time to time, been adopted by Government and by the local Authorities, with a view to the establishment of good order and permanent tranquillity in those Zemindarees, the attainment of that important object has been frustrated by peculiar obstacles arising from the nature of the country, the character of the Inhabitants, and other special and local difficulties. The failure of all measures hitherto adopted under the existing laws to restore tranquillity—the increasing prevalence of disorders which, if not speedily suppressed, may extend to the neighbouring Estates, and the continued resistance opposed to the authority of Government have at length rendered it necessary that the ordinary functions of the Courts of Civil and Criminal Justice, and the operation of the general Regulations should, for the present, be suspended in that part of the District of Ganjam, commonly known under the denomination of the Zemindarees of Goomsur and Soorada, and that a Commissioner should be appointed for those Zemindarees for the purpose of exercising such powers, and discharging such duties, as may be specially entrusted to him, under the instructions of the Governor in Council of Fort St. George, with a view to the Collection of the Rents, the Establishment of a Regular Police, and the restoration of public order and tranquillity—His Lordship in Council has therefore been pleased to direct that the following Act be passed, and it is hereby passed accordingly and promulgated for general information.

ACT No. XXIII. OF 1836.

I. It is hereby enacted, that from the 15th day of November, 1836, the ordinary functions of the Courts of Civil and Criminal Justice, and of the constituted Revenue Authorities, as well as the operation of the whole of the existing Regulations, shall be suspended within the Zemindarees of Goomsur and Soorada, and shall continue to be so suspended until this Act shall be repealed, or until such time as the Governor in Council of Fort St. George shall, by an Order in Council and Proclamation, declare that the ordinary Regulations shall be again put in force within those Zemindarees.

II. And it is hereby enacted, that it shall be lawful for the Governor in Council of Fort St. George to appoint a Commissioner for the said Zemindarees who shall exercise such powers as may be entrusted to him by the said Governor in Council of Fort St. George, and shall be guided in the discharge of his duties and functions by such instructions as he from time to time, shall receive from the said Governor in Council.

III. And it is hereby enacted, that nothing in this Act shall be construed to affect the jurisdiction of the Court of Circuit, or Court of Sudder Foujdaree Adawlut in any case which may be depending before either of these Courts on the 15th day of November, 1836.

IV. And it is hereby enacted, that the Court of Circuit and Court of Sudder Foujdaree Adawlut shall have Criminal jurisdiction over every person whom the Commissioner in Goomsur and Soorada under the instructions of the Governor in Council of Fort St. George, may commit for trial, on the charge of any Crime perpetrated before or during the operation of this Act—and in all such cases, the Court of Circuit and Court of Sudder Foujdaree Adawlut shall be guided by the general Regulations in force.

To be Let in Farm on LEASES of 10 or 15 Years, the following Government Estates, situated in the Collectorship of Dinagepore.

Mehal and Pergunnah.	Date of becoming Khas	Rukba.	Hustbood as per 8th Quinquennial Register.	Sudder Jumma.	Rukba Ubadee.	Juma of 1242.	Balance of former years.	Balance of 1242.	Total Balance at the close of 1241 B S.
M Mirzapoor, P. Gilabbaree, ...	10th June 1836,	12660 16½	6666 1 18 0	5906 13 15 0	7207 7¼				
M Sindoorhatta, Pergh. Ditto, ..	Ditto,	7696 5¾	4896 14 11 3	5035 3 9 1	4597 2¾				

These Estates have so lately been purchased by Government that no accurate Statement can be formed of their Rukba Ubadee or of their Balances, and only a Rough Estimate could be formed of the probable Collections.—The Estates are close to each other and are under the same Tehsildar.—They are intersected by the Jumna River—The soil is for the most part Khear and Pullee, the former produces Rice, of a superior kind, and fetches a high Price in the Market; the latter produces Sugar Cane, Indigo, &c. Mirzapore is comparatively but little deteriorated by the racking of the Zemindars, and has numerous old and good Cultivators on it. Sindoorhattee is in a worse condition, but offers a good opportunity to small Capitalists to bring its valuable Lands into Cultivation. There was an Indigo Factory formerly in their neighbourhood, and it was only closed on the Proprietor obtaining an appointment under the Government. The Ryots would no doubt be glad to cultivate the plant again. The late Owners of these Estates bought them nearly 40 years ago, and have never until lately had any difficulty in paying the Sudder Jumma which is a sufficient proof that the Lands have only deteriorated by recent neglect. The Lands are situated on three sides of the Chintamun Thanah. The Estates are 14 Coss from Dinagepore and 2 Coss from the Moonsif's Kutchery.—Tenders to be made to the Acting Collector of Dinagepore.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*	
		Per Company's Rupee for Advances made at .... Bengal.
		Ditto .... Ditto......... Madras.
		Ditto .... Ditto......... Bombay.
		Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the accessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 10TH OCTOBER, 1836.

Resolution.

The Zemindarees of Goomsur and Soorada, in the District of Ganjam, have long been in a state of the utmost disorder and confusion. The Revenue due to Government has for many years past been paid with great irregularity. The Zemindars have frequently been in a state of actual Rebellion. The authority of Government has been openly resisted, and the most atrocious acts of violence and outrage have been perpetrated by the Zemindars and their adherents. Although such measures as were consistent with the principles and provisions of the existing Regulations have, from time to time, been adopted by Government and by the local Authorities, with a view to the establishment of good order and permanent tranquillity in those Zemindarees, the attainment of that important object has been frustrated by peculiar obstacles arising from the nature of the country, the character of the Inhabitants, and other special and local difficulties. The failure of all measures hitherto adopted under the existing laws to restore tranquillity—the increasing prevalence of disorders which, if not speedily suppressed, may extend to the neighbouring Estates, and the continued resistance opposed to the authority of Government have at length rendered it necessary that the ordinary functions of the Courts of Civil and Criminal Justice, and the operation of the general Regulations should, for the present, be suspended in that part of the District of Ganjam, commonly known under the denomination of the Zemindarees of Goomsur and Soorada, and that a Commissioner should be appointed for those Zemindarees for the purpose of exercising such powers, and discharging such duties, as may be specially entrusted to him, under the instructions of the Governor in Council of Fort St. George, with a view to the Collection of the Rents, the Establishment of a Regular Police, and the restoration of public order and tranquillity—His Lordship in Council has therefore been pleased to direct that the following Act be passed, and it is hereby passed accordingly and promulgated for general information.

ACT No. XXIII. OF 1836.

I. It is hereby enacted, that from the 15th day of November, 1836, the ordinary functions of the Courts of Civil and Criminal Justice, and of the constituted Revenue Authorities, as well as the operation of the whole of the existing Regulations, shall be suspended within the Zemindarees of Goomsur and Soorada, and shall continue to be so suspended until this Act shall be repealed, or until such time as the Governor in Council of Fort St. George shall, by an Order in Council and Proclamation, declare that the ordinary Regulations shall be again put in force within those Zemindarees.

II. And it is hereby enacted, that it shall be lawful for the Governor in Council of Fort St. George to appoint a Commissioner for the said Zemindarees who shall exercise such powers as may be entrusted to him by the said Governor in Council of Fort St. George, and shall be guided in the discharge of his duties and functions by such instructions as he from time to time, shall receive from the said Governor in Council.

III. And it is hereby enacted, that nothing in this Act shall be construed to affect the jurisdiction of the Court of Circuit, or Court of Sudder Foujdaree Adawlut in any case which may be depending before either of these Courts on the 15th day of November, 1836.

IV. And it is hereby enacted, that the Court of Circuit and Court of Sudder Foujdaree Adawlut shall have Criminal jurisdiction over every person whom the Commissioner in Goomsur and Soorada under the instructions of the Governor in Council of Fort St. George, may commit for trial, on the charge of any Crime perpetrated before or during the operation of this Act—and in all such cases, the Court of Circuit and Court of Sudder Foujdaree Adawlut shall be guided by the general Regulations in force.

Resolution.

The Zemindarees of Goomsur and Soorada, in the District of Ganjam, have long been in a state of the utmost disorder and confusion. The Revenue due to Government has for many years past been paid with great irregularity. The Zemindars have frequently been in a state of actual Rebellion. The authority of Government has been openly resisted, and the most atrocious acts of violence and outrage have been perpetrated by the Zemindars and their adherents. Although such measures as were consistent with the principles and provisions of the existing Regulations have, from time to time, been adopted by Government and by the local Authorities, with a view to the establishment of good order and permanent tranquillity in those Zemindarees, the attainment of that important object has been frustrated by peculiar obstacles arising from the nature of the country, the character of the Inhabitants, and other special and local difficulties. The failure of all measures hitherto adopted under the existing laws to restore tranquillity—the increasing prevalence of disorders which, if not speedily suppressed, may extend to the neighbouring Estates, and the continued resistance opposed to the authority of Government have at length rendered it necessary that the ordinary functions of the Courts of Civil and Criminal Justice, and the operation of the general Regulations should, for the present, be suspended in that part of the District of Ganjam, commonly known under the denomination of the Zemindarees of Goomsur and Soorada, and that a Commissioner should be appointed for those Zemindarees for the purpose of exercising such powers, and discharging such duties, as may be specially entrusted to him, under the instructions of the Governor in Council of Fort St. George, with a view to the Collection of the Rents, the Establishment of a Regular Police, and the restoration of public order and tranquillity—His Lordship in Council has therefore been pleased to direct that the following Act be passed, and it is hereby passed accordingly and promulgated for general information.

ACT No. XXIII. OF 1836.

I. It is hereby enacted, that from the 15th day of November, 1836, the ordinary functions of the Courts of Civil and Criminal Justice, and of the constituted Revenue Authorities, as well as the operation of the whole of the existing Regulations, shall be suspended within the Zemindarees of Goomsur and Soorada, and shall continue to be so suspended until this Act shall be repealed, or until such time as the Governor in Council of Fort St. George shall, by an Order in Council and Proclamation, declare that the ordinary Regulations shall be again put in force within those Zemindarees.

II. And it is hereby enacted, that it shall be lawful for the Governor in Council of Fort St. George to appoint a Commissioner for the said Zemindarees who shall exercise such powers as may be entrusted to him by the said Governor in Council of Fort St. George, and shall be guided in the discharge of his duties and functions by such instructions as he from time to time shall receive from the said Governor in Council.

III. And it is hereby enacted, that nothing in this Act shall be construed to affect the jurisdiction of the Court of Circuit, or Court of Sudder Foujdaree Adawlut in any case which may be depending before either of these Courts on the 15th day of November, 1836.

IV. And it is hereby enacted, that the Court of Circuit and Court of Sudder Foujdaree Adawlut shall have Criminal Jurisdiction over every person whom the Commissioner in Goomsur and Soorada under the instructions of the Governor in Council of Fort St. George, may commit for trial, on the charge of any Crime perpetrated before or during the operation of this Act—and in all such cases, the Court of Circuit and Court of Sudder Foujdaree Adawlut shall be guided by the general Regulations in force.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the *Bills*; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

ON the Thugs residing at Jhansee, having plundered the property to the extent of 78,000 Rupees belonging to Seth Dhunraj, an eminent Banker of Umrawutee, his Gumushta Beharee Lal by name, with great exertions discovered the plunderers in question, and after the Thugs were proved guilty in the presence of the Agent to the Governor General at Bundlecund and Resident at Indore, the said Beharee Lal received, according to the acknowledgement of the offenders apprehended, the sum of 10 or 12,000 Rupees, being a portion of the property plundered; and on the 26th March 1929, the Agent to the Governor General in Bundlecund, issued an order to the Raja of Jhansee, desiring him to cause the property of the abovenamed Seth to be restored to him: but in the mean time, in consequence of a great number of Thugs having been apprehended through the exertions of the said Beharee Lal, under the orders of the Supreme Goverment, Captain W. H. Sleeman was appointed for the trial and punishment of the delinquents. The Thugs, whom the said Beharee Lal ill treated for the recovery of the property of his master, were also apprehended and brought to the presence of the abovenamed authority. In consequence of the enmity, which the Thugs formerly bore towards the said Beharee Lal, for his having caused their guilt of murdering the people who had escorted the treasure plundered belonging to his master, to be proved thereby, rendering the families and relatives of the said Thugs liable to be hanged or imprisoned for life—they (the Thugs) accused Beharee Lall of his participating in Thuggy with them, in the presence of Captain Sleeman, and hence that gentleman entertained a doubt as to the conduct of Beharee Lal, as represented by the Thugs, and accordingly from motives of displeasure he issued an order directing the discontinuance of the Cotee of the abovenamed Seth, established from of old at Saugor, a circumstance which the Seth having considered a great degradation to himself, he submitted a petition to the abovenamed Captain Sleeman, soliciting that the said Gumushta might be exonerated from the charge falsely brought against him, as set forth above; and also, that an order might be issued for the continuance of his Cotee at Saugor: but that gentleman did not comply with his request—for 4 or 5 years he amused him with evasive terms; but at length, Hurshuhaee, Gumushta, and Muna Lal, Mookhtar of Dhunraj Seth, arrived at this Presidency and submitted a petition to the Supreme Government, soliciting the exoneration of Beharee Lal from the charge brought upon him, and an order for the continuance of their master's Cotee at Saugor. Upon which Captain W. H. Sleeman was called upon to submit a report on the subject, and with reference to the report forwarded by that gentleman, an order was issued directing the continuance of the Cotee of the said Dhunraj Seth at Saugor, stating at the same time, that with regard to the case of Beharee Lal Gumushta, the petitioners might wait upon the Officiating General Superintendent at Saugor, and submit the question to him who would decide the case in a satisfactory manner. Upon this, Sreekishen, second Mookhtar of the Seth, attended on the abovenamed gentleman. and submitted to him all the particulars of the case. Upon which, that gentleman, having referred to the representations of the said Mookhtar, and all other papers and documents connected with this matter, particularly those attached to the Offices of the Superintendent at Saugor and Agent in Bundlecund, held a proceeding on the case on the 30th August 1836, wherein he stated, that "the charge brought upon Beharee Lals of having participated in Thuggy was in no respect obvious. It is evident, that neither from this Court nor from that at Hingooly was any order ever issued for the apprehension of Beharee Lal, nor was any such order recorded in the Office. How then can the spies (informers) and officers stationed on the road, apprehend Beharee Lal, or molest him in the way without an order? He is at liberty to proceed any where he may like in prosecution of his master's case; no order was ever issued from this Court prohibiting him from doing so." And accordingly the Officiating General Superintendent furnished the Mookhtar of the abovenamed Seth with an authenticated copy of the proceeding in question, and a Purwana to the address of the said Dhunraj Seth to the effect that Beharee Lal was exonerated from the blame imputed to him, and also, that none of the spies or officers on the road should with reference thereto molest Beharee Lal in any journey which he may undertake to the Presidency at Calcutta or other places, in prosecution of his master's case. Hurshuhaee Gumushta and Muna Lal, Mookhtar of Seth Dhunraj, submitted copy of the proceeding in question to the Supreme Government for its information, and the order therein stated was confirmed.

As Captain Sleeman, General Superintendent at Saugor, entertained a suspicion as to the participation of Beharee Lal in Thuggy from the false representations of certain Thugs and spies, his exoneration from the imputation above adverted to has been hitherto delayed. The Officiating General Superintendent has lately held the proceeding above alluded to with reference to the instruction issued by the Supreme Government on the 30th August 1836, containing an order exonerating the said Beharee Lal from all the charges

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto......... Madras.
Ditto .... Ditto......... Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment *of the Bills*; and *with whom* they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and *if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.*

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject *to all the conditions agreed upon with the* Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also *authorizing, in such* cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

No. 1.

Read the following letter from Mrs. Armstrong, Widow of the late Mr. James Armstrong, of the Civil Service, dated the 16th April 1836, with its enclosure; claiming the benefits of the Institution for herself and six Children; also Correspondence with Mr. Bushby relative thereto.

Resolved unanimously,—First, that with reference to the claim of Mr. Bushby on behalf of Mrs. Armstrong, under Article 46, the construction put by the Managers on that Article, be confirmed.

Note.—This related to a claim for £2,000 to be allowed to Mrs. Armstrong in addition to the encreased Annuity of £400 per annum. The Managers however ruled that the interest of that £2,000 must be included in calculating the income of the Estate.

Second,—That interest being fixed at 5 per Cent. by Article 46 no alteration can be allowed thereon.

Third,—That the present income being calculated independent of the Opium Commission of 1834-5, but including that for 1833-4, also exclusive of a probable assett of 10,000 Rupees from Insolvent Houses, and subject to an exact ascertainment of the value of the property at Gorruckpore, the Managers be requested to make the requisite adjustment as these items are brought to the Credit of the Estate.

No. 2.

Read the following letter dated the 11th May 1836, with its enclosure, from Mrs. Boddam, Widow of the late Mr. Rawson H. Boddam, of the Civil Service, claiming the benefits of the Institution for herself and six Children.

Resolved unanimously,—That the application of Mrs. R. H. Boddam for admission to the benefits of the Fund be transmitted by the Managers to the Agents in England, who shall be empowered to grant her the usual allowance on receiving the prescribed Affidavit and Account of the Estate.

No. 3.

Read the following letter from Mr. R. N. C. Hamilton, dated the 8th October 1836, with its enclosure, claiming the benefits of the Institution for the Widow of the late Mr. Thomas Louis, of the Civil Service, and his three Children.

Resolved unanimously,—That Mrs. Louis be admitted to the benefits of the Fund, subject to the prescribed ascertainment of property.

No. 4.

Read the following letter from the Messrs. Codd, dated the 29th April 1836, forwarding a letter from Mrs. Smith, Wife of Mr. Henry Smith, of the Civil Service, on the subject of his future *Subscriptions* to the Funds of the Institution.

Resolved unanimously,—That while Mr. Smith continues to belong to the Service, Mrs. Smith is entitled under the Rules in force to claim an interest in the Fund contingent on Mr. Smith's demise, without any contribution from the Pension granted by the Honorable Court to Mr. Smith.

No. 5.

Read a letter from Mr. W. H. Macnaghten, declining taking upon himself the Office of Manager of the Civil Fund.

Proposed by Mr. McFarlan and seconded by Mr. Millet, and Resolved unanimously—That Mr. George Udny be elected a Manager, vice Mr. Macnaghten resigned.

The Meeting then resolved itself into a Special General Meeting for the consideration of the Revised Rules.

Certain Resolutions communicated from Allahabad and elsewhere being taken into consideration, it was upon the motion of Mr. J. R. Colvin, seconded by Mr. Reid,

Resolved,—That this Meeting be adjourned to Saturday the 3d December, and that the papers and propositions laid before it be referred to a Sub-Committee composed of the following Gentlemen:—Messrs. H. T. Prinsep, F. Millet, J. P. Grant, and Henry Torrens, and that they be requested to assist the Chairman in classifying the same and preparing a report thereon, to be laid before the said Meeting; which report to be previously printed and circulated.

As an Amendment to the above, the following Resolution was proposed by Mr. J. P. Grant:

"That the proposed New Rules be sent back to the Committee of Revision, with directions to re-consider them in connection with the opinions this day submitted to the Chairman of this Meeting, to remodel the said Rules if they shall see fit, to publish a Draft of the Rules so remodelled six weeks before the next Quarterly Meeting with their remarks thereon, and the Committee be authorized to add to their numbers.

That the Rules so remodelled be considered at the next General Meeting."

The Amendment being put to the vote was lost, and the original Resolution was carried by a considerable Majority.

The Meeting then adjourned to the 3d of December, with the usual vote of thanks to the Chairman.

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorised Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto .... Ditto.........	Madras.
		Ditto .... Ditto.........	Bombay.
		Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

Packages to be marked and numbered before reception into Warehouse.

V. And it is hereby enacted, that no packages of Goods shall be admitted into any public or licensed Warehouse unless numbered and marked in plain and legible characters, with the initials of the Owner, Importer or Consignee, and with a description of Goods contained therein.

THE 1ST NOVEMBER, 1836.

The following Rules, passed by the Right Hon'ble the Governor of Bengal under Act No. XXII. of 1836, are published, as required by Section VII. of that Act, for general information.

Rules for the supervision and preservation of the Navigation of the Canals specified in Act No. XXII. of 1836.

Any person in charge of a boat or raft neglecting or disobeying the following Rule, viz. that all boats and rafts lying in the Ballinghatta and Circular lines of Canal be made fast by the head and stern alongside the bank to posts driven into the bank by the Superintendent, and in no other manner.

Any person in charge of a boat or raft who shall let go an anchor, or place his boat, or raft in such a position, as to endanger the safety of other boats, or obstruct other boats passing through any of the Canals specified in the above cited Act. Any person who shall place obstructions in the Canals aforesaid, or on the roads, drains, or bridges, so as to impede a free passage along them or to cause injury to them, or who shall commit nuisances by throwing filth on the banks, or into the Canals, or wilfully or negligently permit a boat to sink in the Canals, will be liable to fine or imprisonment at the discretion of the Magistrate under Sect. VI. of the Act aforesaid. Any part of the fines imposed and levied by the Magistrate under the above Section, may be given to the informer, at the discretion of the Superintendent.

Boats remaining in the Canals more than three months, without authority from the Collector, will be summarily removed.

But the Collector may grant permission to any boat to remain in the Canals, without paying rent, under certain circumstances and conditions, to be noted on the permit.

When a boat may sink without any blame being attached to the person in charge of it, it will be the duty of the Superintendent of Canals to render every assistance in his power in recovering the boat and property, without making any charge to the owner.

The Toll-keeper shall, without any unnecessary delay, deliver to any person tendering the amount of toll or rent for any boat, a receipt or ticket for the same, (according to a printed form.) and he will at the same time fill up a duplicate, which duplicates he will deliver to the Collector's peons from day to day.

If any person in charge of a boat in the Canals shall refuse to show to the Collector his ticket of admission into the Canal, or state that he has lost it, the Collector is authorised to grant him a renewal of the ticket, charging one-half toll for such renewal; and if the party cannot satisfactorily prove to the Toll-keeper, (or Collector on Appeal) the date of his entrance into the Canal, and the payment of toll, the renewed ticket may be antedated one month.

In all disputes arising from trifling differences in measurement of boats, the Toll-keeper shall decide in favor of the person paying the toll or rent.

No. 69.

FORT WILLIAM,

GENERAL DEPARTMENT, THE 5TH OCT. 1836.

The Right Hon'ble the Governor General of India in Council directs that the following paragraphs from Letter No. 12 of 1836, from the Hon'ble the Court of Directors in the Public Department, dated 16th May, and Rules 6 and 7 passed by the Vice President in Council on the 4th January 1831, in renewal of the Regulations of the 1st of October 1819 referred to by the Hon'ble Court, be published for the information of those concerned:

Para. 5. "We deem it to be of great importance to encourage a disposition on behalf of this class of Servants to provide for their families by their own frugality and care; and we are of opinion that it would be advisable to republish such parts of the Regulations of October 1819 as relate to Pensions to families to intimate that no cases which may be deemed to fall under the 11th para. of those Regulations, will be taken into our consideration, unless they are specially recommended by the Local Government, that such recommendation will have reference to the points above noticed; and that in proportion as the Salary of the deceased Servant has been upon a higher scale, and has thus afforded opportunity to make provision for a family, the comparative scale of Pension will generally be diminished, or the Pension refused.

6. It would at the same time be desirable to call the attention of the Uncovenanted Servants to the Savings Bank now established, as a profitable and safe medium for making such provision, and as we have agreed to allow interest on the Deposits in that Bank the claim for relief to families will be weakened as the advantages of that Institution become available."

Extract from Pension Rules dated 4*th January*, 1831.

Sixth. "A pension will hereafter be granted by Government to the family, or any member of the family of a deceased public Servant only when such Servant shall have been killed in the execution of his public duty, or shall have died in consequence of wounds or accidents sustained therein.

Seventh. Should cases arise, which are not sufficiently provided for in these rules, or in which from special circumstances, Government may be pleased to deviate from them in favor of a claimant to a pension, such pension shall be considered only as temporary and provisional, until the grant shall have received the sanction of the Hon'ble the Court of Directors."

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*	
		Per Company's Rupee for Advances made at .... Bengal.
		Ditto .... Ditto,........ Madras.
		Ditto .... , Ditto......... Bombay.
		Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*

		Ditto .. .. Ditto.........	Madras.
		Ditto .... Ditto	Bombay.
		Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order, but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto . ... Ditto.........	Madras.
		Ditto .... Ditto.........	Bombay.
		Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorised Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.
Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto.......... Madras.
Ditto .... Ditto.......... Bombay.
Per Spanish Dollar, Ditto...... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorised Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the *Bills*; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

WILLIAM REX.

William the Fourth, by the Grace of God of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith. To all to whom these presents shall come, Greeting. Whereas the Commissioners of our Treasury have represented unto us that it hath been made appear to them by a Report of our Procurator General that, at the commencement of the year 1824, numerous unprovoked aggressions committed by the Burmese upon the South East Frontier of the Possessions of the United Company of Merchants of England Trading to the East Indies, had induced the Supreme Government in India, to decide upon attacking the Burmese in their own Country, and that an Expedition was accordingly formed, consisting of our Land Forces, and the Land Forces raised and paid by the said United Company, and of our Ships and Vessels of War, and the Ships and Vessels of War of the said United Company, under the Command of Major General Sir Archibald Campbell, G. C. B., and Commodore Grant of our Ship *Liffey*, then Commanding our Naval Force in India, that during the Hostilities or Warfare carried on by the said Expedition under the Command of the said Major General Campbell and Commodore Grant, and during certain periods afterwards of his Successor or Successors in such Command, a quantity of Booty and Plunder, consisting of Ordnance, Arms, Artillery, Stores, and Ammunition, Grain and a number of Bells, (of which a part were afterwards returned to the King of Ava as hereinafter set forth), and other Effects were taken, of which the following Schedule or Account has been rendered to our said Commissioners; that is to say,

	Sa. Rs.		
Sum received into the Treasury in India, ...	18,011	0	0
Amount of valuation of the Military Board in Bengal, including the Bells returned,	4,99,612	0	0
	5,17,663	0	0

exclusive of the Boats and other property destroyed in order to prevent their falling again into the Enemy's hands, of which no authentic account has yet been furnished. And Whereas it hath been further represented unto us, that the said Booty and Plunder do of right belong to us, in virtue of our Royal Prerogative, and that the said Booty and Plunder should be given and granted in such manner as to us should seem meet and just: And Whereas our said Commissioners have further represented unto us that an application hath been made to them on the part and behalf of the said United Company of Merchants of England trading to the East Indies, praying, for the reasons therein set forth, that they would be pleased to recommend unto us to grant to the said Company all such Booty and Plunder, Stores, Provisions and Things, as were taken during the said War as to one-half part of the Value thereof for the proper use of the said Company, and as to the other half part thereof, for the use of the Commanders, Officers and Men belonging to the Army, Navy, and Marine, employed in the said War; and that we would give such directions as to the appropriation and distribution of the said Booty and Plunder, among such Forces as we shall see fit, and that an application hath also been made to our said Commissioners by the said Major General Sir Archibald Campbell, on behalf of himself and the Officers and Men under his Command, praying our said Commissioners to recommend that we would be pleased to grant the whole amount of the said Booty and Plunder to the Forces engaged, and to appoint the said Major General Sir Archibald Campbell a Trustee for the proportion which we may graciously be pleased to grant to the Forces under his Command, and that the portion of the Booty belonging to the Land Forces employed may be directed to be distributed according to the Rule heretofore used and observed by the Army in India, and that the proportion belonging to the Naval Forces may be distributed amongst the Officers and Men agreeably to our Proclamation, and to the practice of the Navy in cases where the Ships or Vessels of the said United Company share with them, and further that the said Booty may be classified for division into certain periods to embrace a just and equitable consideration to the Forces employed; and Whereas our said Commissioners have further represented unto us that it had been made appear to them that part of the Bells taken as Booty as aforesaid had been returned by the authority of the Bengal Government to the King of Ava, and have humbly represented unto us that such Bells have been properly treated by the said Bengal Government as not liable to Seizure as Booty, and that considering the Religious prejudices of the Native Inhabitants of India, it would not be advisable to encourage the idea that these and similar Articles are proper objects of Prize in Indian Warfare; but that nevertheless considering the very small amount of the Booty captured as compared with the number of Persons who will be entitled to share therein, the great advantages derived by the East India Company from the result of these Hostilities and the anxious desire expressed by them that the combined force should receive every advantage to which they can be considered equitably entitled:—Our said Commissioners would recommend to the said United Company to allow a sum equal in amount to the estimated value of the Bells so returned as aforesaid, viz. 1,46,000 Sicca Rupees, and our said Commissioners have further represented unto us that a recommendation having been made by them accordingly, the said Company had signified their assent, and that they did not object to such sum being taken as the value of the said Bells. We taking the premises into our Royal consideration, are graciously pleased to give and grant and do hereby give and grant the said Captured Booty and Plunder, or the produce or value thereof, as set forth in the Schedule or Account before stated, including the estimated value of the said Bells so returned by the Authority of the Bengal Government to the King of Ava, unto the said United Company of Merchants of England trading to the East Indies, or to such person or persons as they shall appoint to receive the same, upon the Trusts and on the Conditions following: that is to say, upon trust, to retain and apply one Moiety thereof to the proper use of the said Company, and as to the remaining or other Moiety thereof, in trust, to distribute, the same amongst our Land and Naval Forces, and the Land and Naval Forces of the United Company of Merchants of England trading to the East Indies, employed in the said Expedition according to the following Scheme or Schedule.

The whole of such Moiety being divided into eight equal parts.

Two-Eighths.
To the Captains of Marines and Land Forces and the Lieutenants serving in the said Naval Forces and other descriptions of Persons entitled by our Proclamation for the Distribution of Prizes in force at the termination of the last War, or according to the usage prevailing in India, with respect to such Land and Naval Forces to share with them, ...	One-Eighth.
To the Lieutenants and Quarter Masters of Marines, and Lieutenants, Ensigns and Quarter Masters of Land Forces, and the Boatswains, Gunners and persons serving in the said Naval Forces and other descriptions of Persons, entitled by our said Proclamation, or according to the usage prevailing in India with respect to such Land and Naval Forces to share with them, ... To the Trumpeters, Quarter Gunners, Seamen, Marines and Soldiers, and other descriptions of Persons serving in the said Land and Naval Forces, entitled by our said Proclamation, or according to the usage prevailing in India with respect to such Land and Naval Forces to share with them,........	Two-Eighths.

And We are graciously pleased to direct that the Portion of the said Booty and Plunder so belonging to the said Land Forces employed in the said Expedition shall be distributed between the Commander in Chief, Officers and Privates composing the same, according to the Rule heretofore used and observed by the Army in India, under the aforesaid *Scheme or Schedule.* And that the Portion of the said Booty and Plunder so as aforesaid belonging to the Naval Forces employed in the said Expedition be distributed amongst the Commander in Chief, Flag and other Officers and Men belonging to the said Naval Forces employed in the said Expedition, agreeably to our Proclamation aforesaid and to the practice of our Navy, respecting the Ships or Vessels in the Service of the said United Company of Merchants of England trading to the East Indies, sharing with them. And We are graciously pleased to order and direct that in case any doubt shall arise, respecting the Claims to share in the distribution of the Moiety hereby granted to the Captors, or respecting any Demand upon the said Captured Booty, the same shall be determined by the said United Company of Merchants of England trading to the East Indies, or by such person or persons to whom they shall refer the same, which determination thereupon made shall, with all convenient speed, be notified in writing to the Commissioners of our Treasury, and the same shall be final and conclusive to all intents and purposes, unless within three Months after the receipt thereof at the Office of the Commissioners of Our Treasury, We shall be pleased otherwise to order, hereby reserving to ourselves to make such order therein as to us shall seem fit.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .... Bengal.
Ditto .... Ditto........ Madras.
Ditto .... Ditto........ Bombay.
Per Spanish Dollar, Ditto..... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

No. 2271.

FORT WILLIAM,

JUDICIAL AND REVENUE DEPARTMENT,

THE 20TH DECEMBER, 1836.

NOTIFICATION.

The periodical Reports on the Official Characters, Qualifications, and Conduct of all the Covenanted Officers of Government in the Judicial and Revenue Department, called for under the Resolutions of the Right Honorable the Governor General in Council, dated the 28th of January, 1834, having been discontinued, under the Orders of the Honorable the Court of Directors, by the Resolutions of the Right Honorable the Governor General of India in Council, dated the 27th of June last, and published in the *Gazette* of the 2d of July following, it has become necessary, under the Orders of the Supreme Government, cited in the margin,* to provide some method that shall not be open to the objections that have been urged against a system requiring Superintending Officers to prepare, at stated intervals, an analysis of the official characters of all the Officers under them; but that shall, nevertheless, be sufficiently effective for the objects which that system was organized to obtain, and of which the importance has been fully admitted.

Those objects are, firstly, the carrying into effect the principle, which has been specially enjoined, of "enforcing responsibility "in all superior functionaries for the incapacity, "or neglect, or wrongs "committed by the Civil "Servants under them, "unless they are, as the "cases may admit, either "redressed, or reported to "Government." Secondly, the bringing to the knowledge of Government all instances of eminent merit and qualifications amongst its Covenanted Officers of all ranks; so that the Government may be enabled, generally, to reward merit, to stimulate exertion, and to secure to the public Service for vacant Offices the best qualifications available.

The following Rules, in amendment of those already prescribed for preparing Reports of the results of administration, have accordingly been proposed by the Right Honorable the Governor of Bengal, in communication with the Honorable the Lieutenant Governor of the N. W. Provinces, and have been approved by the Right Honorable the Governor General of India in Council: they are now promulgated for the information and guidance of all Officers in the Judicial and Revenue Department subject to the Orders of the Governor.

In hearing Appeals from the Zillah Courts, every Judge of the Court of Sudder Dewanny Adawlut shall note, as each case proceeds, any points that may strike him as affecting materially the character of the Court below, and whenever, at the conclusion of an Appeal, any Judge may be of opinion that the Proceedings of such a Court have been either remarkably well, or remarkably ill conducted, it shall be his duty to make a note thereon for the consideration of the Court, collectively, at their English sitting. The Court will determine in what manner these notes may best be made available in the preparation of their Annual Report, for the expression of their collective opinion on the quality of the business performed by every Zillah Judge.

The Court of Sudder Dewanny Adawlut is hereby required to make a Special Report on the subject of any Zillah, in which they may be of opinion that the state of Civil business is such as to make it desirable for the sake of the public interests, that measures should be immediately taken to remedy the evil. In cases of less importance, it shall be the duty of the Court to notice in their Annual Report any serious defect which they may believe to exist in the administration of Civil Justice in any District under their jurisdiction.

In addition to the number of Cases decided by each Zillah Judge, the number of miscellaneous Judicial Orders passed by him, and the number of days employed in Sessions business, which information is now given in the Annual Report of the Court of Sudder Dewanny Adawlut, that Report shall in future show the number of Appeals, Regular and Special, lodged against such Decisions and miscellaneous Orders, the result of all the Appeals of a like nature from each Judge decided on during the course of each year, and the number of days in which each Judge sat for the transaction of Civil business.

Corresponding information, with respect to the Proceedings of the several Session Judges, must be embodied in the Annual Reports submitted to Government by the Court of Sudder Nizamut Adawlut on the administration of Criminal Justice; and a corresponding method for laying the necessary information before that Court, collectively, must be adopted.

It shall be the duty of the several Commissioners of Circuit to report, in their Half-yearly Police Returns, their opinions on the general efficiency of the Police of each District under their Superintendence, and on the manner in which the various business in this Department has been performed by each of the Officers among whom it is distributed. It will also be the duty of each Commissioner, to notice prominently in these Reports the extent to which the services of the Assistants to the Magistrates and Joint Magistrates in his Division have been employed, and the consequences of such employment, in order that the application and abilities of the several Officers in the Junior grades of the Service may be brought distinctly under the view of the Government.

It will be the duty of the Sudder Board of Revenue, immediately upon the close of every Bengal and Fusily year, to submit to Government a Statement of all outstanding arrears of Revenue in every Bengal or Fusily District, with a note of the proportion per cent. which such arrears may bear to the Jumma, in each case, and to remark, where necessary, in what degree the result is attributable to the conduct of the Collector or Deputy Collector in each District.

Until the completion of all Resumption and Settlement business, the Annual Division Reports required from the Sudder Board of Revenue, shewing the business that has been done in those Departments during the past year, and the plan of operations for the approaching cold season, will necessarily be continued. In these Reports, as far as those particular duties are concerned, the Sudder Board of Revenue are hereby required to represent every case in which the conduct of the Officers employed has been distinguished by zeal and discretion, or by the contrary faults; and to call upon the Commissioners and Collectors under them, to furnish them with all Statements of the allotment of work to their Assistants, and with all the other materials that may be necessary to enable them satisfactorily to perform the duty above required of them.

It is hereby declared that it is the duty of the Sudder Courts and Board, of the Commissioners, of the Collectors and Deputy Collectors, and of the Magistrates and Joint Magistrates, to report to their immediate Superior every case in which they may be of opinion that a Covenanted Officer, subordinate to them, is decidedly disqualified to discharge efficiently the duties entrusted to him; and it is hereby notified to all such Functionaries that it is considered an essential part of their duty to make themselves acquainted with the manner in which their subordinate Officers perform their duties; and that they themselves will be held responsible for any mischievous consequences that may result from any inefficiency, bad habits, or serious errors of

conduct of those under them, that ought to have been known to them, unless they report the same for the information of their superiors.

---

* In obedience to the Hon'ble Court's instructions, it will be publicly notified that those Reports shall henceforth be discontinued; but I am, at the same time, directed to state that His Lordship in Council is strongly impressed with the expediency of adopting all methods short of the systematic personal Reports which have been interdicted by the Court, for the purpose of bringing to notice the manner in which every Public Office is conducted, in order that Officers distinguished by merit may be brought forward and promoted, and that suitable notice may be taken of the conduct of those who are negligent and incapable.

The Right Hon'ble the Governor of Fort William in Bengal is requested, therefore, in communication with the Lieutenant Governor of the N. W. Provinces, to prescribe to controlling authorities in the several Departments of Government, an improved system of reporting the results of administration, or to issue such other instructions as to His Lordship may seem best calculated to promote the object contemplated by the system now discontinued, namely, that the promotion of the Service may be usefully and efficiently distributed, and its discipline and spirit upheld.

In framing the Rules which have been above prescribed, the Right Honorable the Governor of Bengal has discharged the duty committed to him of improving, as far as possible, the established system for the control of the Civil administration, for ensuring to efficiency its just reward; and protecting the public interests from the consequences of incapacity or neglect. But he cannot allow the opportunity of promulgating the Rules to pass, without making known to the Civil Service in these Provinces the high satisfaction with which, since his arrival in India, he has observed the zeal, the justice, and the success, with which, with rare exceptions, they have applied themselves to the performance of their various and arduous functions. To their character and public spirit, more than to the operation of any formal system of supervision and control, he looks for a perseverance in the same meritorious exertions, and for a maintenance of the same careful regard, in their important and often delicate trusts, alike to public and to individual rights.

By Order of the Right Honorable the Governor of Bengal,

ROSS D. MANGLES,

Secy. to the Govt. of Bengal.

Collector of Govt. Customs.

N. B. Parties applying for the above Packages, will be pleased to send Invoices, or Bills, shewing contents and value, and to depute persons to be present at the opening of them at this Office. The Collector has nothing to do with the business of Landing Packages from Ships, nor with forwarding them to their owners, or their destination.

The fact of Articles being destined for PRIVATE USE, and not for Sale, does not exempt them from payment of Duty if they be of a kind which is chargeable with Duty under the Regulation.

UNDER Orders from the Board of Customs, dated the 11th July 1836—" It is competent to the Collector himself to limit the hour at which the Ordinary Work of the Ship Tide Waiters is to cease every day."

Custom House Officers are accordingly informed, that the hours which the Collector has been pleased to fix for Ordinary Work, are from Sun-rise to Sun-set, before or after which they are not to allow the discharge or receipt of Cargo, unless under Special Orders.

No. 2271.

FORT WILLIAM,

JUDICIAL AND REVENUE DEPARTMENT,

THE 20TH DECEMBER, 1836.

NOTIFICATION.

The periodical Reports on the Official Characters, Qualifications, and Conduct of all the Covenanted Officers of Government in the Judicial and Revenue Department, called for under the Resolutions of the Right Honorable the Governor General in Council, dated the 28th of January, 1834, having been discontinued, under the Orders of the Honorable the Court of Directors, by the Resolutions of the Right Honorable the Governor General of India in Council, dated the 27th of June last, and published in the *Gazette* of the 2d of July following, it has become necessary, under the Orders of the Supreme Government, cited in the margin,* to provide some method that shall not be open to the objections that have been urged against a system requiring Superintending Officers to prepare, at stated intervals, an analysis of the official characters of all the Officers under them; but that shall, nevertheless, be sufficiently effective for the objects which that system was organized to obtain, and of which the importance has been fully admitted.

Those objects are, firstly, the carrying into effect the principle, which has been specially enjoined, of "enforcing responsibility "in all superior functionaries for the incapacity, "or neglect, or wrongs "committed by the Civil "Servants under them, "unless they are, as the "cases may admit, either "redressed, or reported to "Government." Secondly, the bringing to the knowledge of Government all instances of eminent merit and qualifications amongst its Covenanted Officers of all ranks; so that the Government may be enabled, generally, to reward merit, to stimulate exertion, and to secure to the public Service for vacant Offices the best qualifications available.

The following Rules, in amendment of those already prescribed for preparing Reports of the results of administration, have accordingly been proposed by the Right Honorable the Governor of Bengal, in communication with the Honorable the Lieutenant Governor of the N. W. Provinces, and have been approved by the Right Honorable the Governor General of India in Council: they are now promulgated for the information and guidance of all Officers in the Judicial and Revenue Department subject to the Orders of the Governor.

In hearing Appeals from the Zillah Courts, every Judge of the Court of Sudder Dewanny Adawlut shall note, as each case proceeds, any points that may strike him as affecting materially the character of the Court below, and whenever, at the conclusion of an Appeal, any Judge may be of opinion that the Proceedings of such a Court have been either remarkably well, or remarkably ill conducted, it shall be his duty to make a note thereon for the consideration of the Court, collectively, at their English sitting. The Court will determine in what manner these notes may best be made available in the preparation of their Annual Report, for the expression of their collective opinion on the quality of the business performed by every Zillah Judge.

The Court of Sudder Dewanny Adawlut is hereby required to make a Special Report on the subject of any Zillah, in which they may be of opinion that the state of Civil business is such as to make it desirable for the sake of the public interests, that measures should be immediately taken to remedy the evil. In cases of less importance, it shall be the duty of the Court to notice in their Annual Report any serious defect which they may believe to exist in the administration of Civil Justice in any District under their jurisdiction.

In addition to the number of Cases decided by each Zillah Judge, the number of miscellaneous Judicial Orders passed by him, and the number of days employed in Sessions business, which information is now given in the Annual Report of the Court of Sudder Dewanny Adawlut, that Report shall in future show the number of Appeals, Regular and Special, lodged against such Decisions and miscellaneous Orders, the result of all the Appeals of a like nature from each Judge decided on during the course of each year, and the number of days in which each Judge sat for the transaction of Civil business.

Corresponding information, with respect to the Proceedings of the several Session Judges, must be embodied in the Annual Reports submitted to Government by the Court of Sudder Nizamut Adawlut on the administration of Criminal Justice; and a corresponding method for laying the necessary information before that Court, collectively, must be adopted.

It shall be the duty of the several Commissioners of Circuit to report, in their Half yearly Police Returns, their opinions on the general efficiency of the Police of each District under their Superintendence, and on the manner in which the various business in this Department has been performed by each of the Officers among whom it is distributed. It will also be the duty of each Commissioner, to notice prominently in these Reports the extent to which the services of the Assistants to the Magistrates and Joint Magistrates in his Division have been employed, and the consequences of such employment, *in order* that the application and abilities of the several Officers in the Junior grades of the Service may be brought distinctly under the view of the Government.

It will be the duty of the Sudder Board of Revenue, immediately upon the close of every Bengal and Fusly year, to submit to Government a Statement of all outstanding arrears of Revenue in every Bengal or Fusly District, with a note of the proportion per cent. which such arrears may bear to the Jumma, in each case, and to remark, where necessary, in what degree the result is attributable to the conduct of the Collector or Deputy Collector in each District.

Until the completion of all Resumption and Settlement business, the Annual Division Reports required from the Sudder Board of Revenue, shewing the business that has been done in those Departments during the past year, and the plan of operations for the approaching cold season, will necessarily be continued. In these Reports, as far as those particular duties are concerned, the Sudder Board of Revenue are hereby required to represent every case in which the conduct of the Officers employed has been distinguished by zeal and discretion, or by the contrary faults; and to call upon the Commissioners and Collectors under them, to furnish them with all Statements of the allotment of work to their Assistants, and with all the other materials that may be necessary to enable them satisfactorily to perform the duty above required of them.

It is hereby declared that it is the duty of the Sudder Courts and Board, of the Commissioners, of the Collectors and Deputy Collectors, and of the Magistrates and Joint Magistrates, to report to their immediate Superior every case in which they may be of opinion that a Covenanted Officer, subordinate to them, is decidedly disqualified to discharge efficiently the duties entrusted to him; and it is hereby notified to all such Functionaries that it is considered an essential part of their duty to make themselves acquainted with the manner in which their subordinate Officers perform their duties; and that they themselves will be held responsible for any mischievous consequences that may result from any inefficiency, bad habits, or serious errors of

conduct of those under them, that ought to have been known to them, unless they report the same for the information of their superiors.

---

* In obedience to the Hon'ble Court's instructions, it will be publicly notified that those Reports shall henceforth be discontinued: but I am, at the same time, directed to state that His Lordship in Council is strongly impressed with the expediency of adopting all methods short of the systematic personal Reports which have been interdicted by the Court, for the purpose of bringing to notice the manner in which every Public Office is conducted, in order that Officers distinguished by merit may be brought forward and promoted, and that suitable notice may be taken of the conduct of those who are negligent and incapable.

The Right Hon'ble the Governor of Fort William in Bengal is requested, therefore, in communication with the Lieutenant Governor of the N. W. Provinces, to prescribe to controlling authorities in the several Departments of Government, an improved system of reporting the results of administration, or to issue such other instructions as to His Lordship may seem best calculated to promote the object contemplated by the system now discontinued, namely, that the promotion of the Service may be usefully and efficiently distributed, and its discipline and spirit upheld.

In framing the Rules which have been above prescribed, the Right Honorable the Governor of Bengal has discharged the duty committed to him of improving, as far as possible, the established system for the control of the Civil administration; for ensuring to efficiency its just reward, and protecting the public interests from the consequences of incapacity or neglect. But he cannot allow the opportunity of promulgating the Rules to pass, without making known to the Civil Service in these Provinces the high satisfaction with which, since his arrival in India, he has observed the zeal, the justice, and the success, with which, with rare exceptions, they have applied themselves to the performance of their various and arduous functions. To their character and public spirit, more than to the operation of any formal system of supervision and control, he looks for a perseverance in the same meritorious exertions, and for a maintenance of the same careful regard, in their important and often delicate trusts, alike to public and to individual rights.

By Order of the Right Honorable the Governor of Bengal,

ROSS D. MANGLES,

Secy. to the Govt. of Bengal.

V. And it is hereby enacted, that in case any Toll due shall remain unpaid for the space of 24 hours after such detention of property as is aforesaid, it shall be lawful for such person as the Governor in Council of Bombay shall appoint to act in that behalf to direct the sale of the property detained, and to reserve out of the proceeds of such sale a sum equivalent to the Toll due, and also in cases in which it shall appear to that person that the payment of the Toll has been contumaciously refused to reserve a fine not exceeding 5 Rupees; and that the surplus, if any, shall be repaid to the owners of the property on application.

VI. Provided always, that nothing herein contained shall be taken to deprive the owner of any property detained as aforesaid of his right of action in the Civil Court of the Zillah for any injury which may have been done to him under color of carrying this Act into execution.

VII. Provided also, that nothing herein contained shall be held to prevent the Governor in Council of Bombay from granting any exemption from payment of the said Tolls, or from granting a farm of the said Tolls.

No. 2271.

FORT WILLIAM,

JUDICIAL AND REVENUE DEPARTMENT,

THE 20TH DECEMBER, 1836.

NOTIFICATION.

The periodical Reports on the Official Characters, Qualifications, and Conduct of all the Covenanted Officers of Government in the Judicial and Revenue Department, called for under the Resolutions of the Right Honorable the Governor General in Council, dated the 28th of January, 1834, having been discontinued, under the Orders of the Honorable the Court of Directors, by the Resolutions of the Right Honorable the Governor General of India in Council, dated the 27th of June last, and published in the *Gazette* of the 2d of July following, it has become necessary, under the Orders of the Supreme Government, cited in the margin,* to provide some method that shall not be open to the objections that have been urged against a system requiring Superintending Officers to prepare, at stated intervals, an analysis of the official characters of all the Officers under them; but that shall, nevertheless, be sufficiently effective for the objects which that system was organized to obtain, and of which the importance has been fully admitted.

Those objects are, firstly, the carrying into effect the principle, which has been specially enjoined, of "enforcing responsibility "in all superior functionaries for the incapacity, "or neglect, or wrongs "committed by the Civil "Servants under them, "unless they are, as the "cases may admit, either "redressed, or reported to "Government." Secondly, the bringing to the knowledge of Government all instances of eminent merit and qualifications amongst its Covenanted Officers of all ranks; so that the Government may be enabled, generally, to reward merit, to stimulate exertion, and to secure to the public Service for vacant Offices the best qualifications available.

The following Rules, in amendment of those already prescribed for preparing Reports of the results of administration, have accordingly been proposed by the Right Honorable the Governor of Bengal, in communication with the Honorable the Lieutenant Governor of the N. W. Provinces, and have been approved by the Right Honorable the Governor General of India in Council: they are now promulgated for the information and guidance of all Officers in the Judicial and Revenue Department subject to the Orders of the Governor.

In hearing Appeals from the Zillah Courts, every Judge of the Court of Sudder Dewanny Adawlut shall note, as each case proceeds, any points that may strike him as affecting materially the character of the Court below, and whenever, at the conclusion of an Appeal, any Judge may be of opinion that the Proceedings of such a Court have been either remarkably well, or remarkably ill conducted, it shall be his duty to make a note thereon for the consideration of the Court, collectively, at their English sitting. The Court will determine in what manner these notes may best be made available in the preparation of their Annual Report, for the expression of their collective opinion on the quality of the business performed by every Zillah Judge.

The Court of Sudder Dewanny Adawlut is hereby required to make a Special Report on the subject of any Zillah, in which they may be of opinion that the state of Civil business is such as to make it desirable for the sake of the public interests, that measures should be immediately taken to remedy the evil. In cases of less importance, it shall be the duty of the Court to notice in their Annual Report any serious defect which they may believe to exist in the administration of Civil Justice in any District under their jurisdiction.

In addition to the number of Cases decided by each Zillah Judge, the number of miscellaneous Judicial Orders passed by him, and the number of days employed in Sessions business, which information is now given in the Annual Report of the Court of Sudder Dewanny Adawlut, that Report shall in future show the number of Appeals, Regular and Special, lodged against such Decisions and miscellaneous Orders, the result of all the Appeals of a like nature from each Judge decided on during the course of each year, and the number of days in which each Judge sat for the transaction of Civil business.

Corresponding information, with respect to the Proceedings of the several Session Judges, must be embodied in the Annual Reports submitted to Government by the Court of Sudder Nizamut Adawlut on the administration of Criminal Justice; and a corresponding method for laying the necessary information before that Court, collectively, must be adopted.

It shall be the duty of the several Commissioners of Circuit to report, in their Half-yearly Police Returns, their opinions on the general efficiency of the Police of each District under their Superintendence, and on the manner in which the various business in this Department has been performed by each of the Officers among whom it is distributed. It will also be the duty of each Commissioner, to notice prominently in these Reports the extent to which the services of the Assistants to the Magistrates and Joint Magistrates in his Division have been employed, and the consequences of such employment, in order that the application and abilities of the several Officers in the Junior grades of the Service may be brought distinctly under the view of the Government.

It will be the duty of the Sudder Board of Revenue, immediately upon the close of every Bengal and Fusily year, to submit to Government a Statement of all outstanding arrears of Revenue in every Bengal or Fusily District, with a note of the proportion per cent. which such arrears may bear to the Jumma, in each case, and to remark, where necessary, in what degree the result is attributable to the conduct of the Collector or Deputy Collector in each District.

Until the completion of all Resumption and Settlement business, the Annual Division Reports required from the Sudder Board of Revenue, showing the business that has been done in those Departments during the past year, and the plan of operations for the approaching cold season, will necessarily be continued. In these Reports, as far as those particular duties are concerned, the Sudder Board of Revenue are hereby required to represent every case in which the conduct of the Officers employed has been distinguished by zeal and discretion, or by the contrary faults, and to call upon the Commissioners and Collectors under them, to furnish them with all Statements of the allotment of work to their Assistants, and with all the other materials that may be necessary to enable them satisfactorily to perform the duty above required of them.

It is hereby declared that it is the duty of the Sudder Courts and Board, of the Commissioners, of the Collectors and Deputy Collectors, and of the Magistrates and Joint Magistrates, to report to their immediate Superior every case in which they may be of opinion that a Covenanted Officer, subordinate to them, is decidedly disqualified to discharge efficiently the duties entrusted to him; and it is hereby notified to all such Functionaries that it is considered an essential part of their duty to make themselves acquainted with the manner in which their subordinate Officers perform their duties; and that they themselves will be held responsible for any mischievous consequences that may result from any inefficiency, bad habits, or serious errors of

conduct of those under them, that ought to have been known to them, unless they report the same for the information of their superiors.

---

* In obedience to the Hon'ble Court's instructions, it will be publicly notified that those Reports shall henceforth be discontinued: but I am, at the same time, directed to state that His Lordship in Council is strongly impressed with the expediency of adopting all methods short of the systematic personal Reports which have been interdicted by the Court, for the purpose of bringing to notice the manner in which every Public Office is conducted, in order that Officers distinguished by merit may be brought forward and promoted, and that suitable notice may be taken of the conduct of those who are negligent and incapable.

The Right Hon'ble the Governor of Fort William in Bengal is requested, therefore, in communication with the Lieutenant Governor of the N. W. Provinces, to prescribe to controlling authorities in the several Departments of Government, an improved system of reporting the results of administration, or to issue such other instructions as to His Lordship may seem best calculated to promote the object contemplated by the system now discontinued, namely, that the promotion of the Service may be usefully and efficiently distributed, and its discipline and spirit upheld.

In framing the Rules which have been above prescribed, the Right Honorable the Governor of Bengal has discharged the duty committed to him of improving, as far as possible, the established system for the control of the Civil administration; for ensuring to efficiency its just reward; and protecting the public interests from the consequences of incapacity or neglect. But he cannot allow the opportunity of promulgating the Rules to pass, without making known to the Civil Service in these Provinces the high satisfaction with which, since his arrival in India, he has observed the zeal, the justice, and the success, with which, with rare exceptions, they have applied themselves to the performance of their various and arduous functions. To their character and public spirit, more than to the operation of any formal system of supervision and control, he looks for a perseverance in the same meritorious exertions, and for a maintenance of the same careful regard, in their important and often delicate trusts, alike to public and to individual rights.

By Order of the Right Honorable the Governor of Bengal,

ROSS D. MANGLES,
Secy. to the Govt. of Bengal.
